VECELO KHD-QB08-BGE-NEW

VECELO Queen Size Upholstered Platform Bed Frame (Model: KHD-QB08-BGE-NEW) Instruction Manual

Comprehensive guide for assembly, use, and care of your VECELO bed frame.

1. Product Overview

The VECELO Queen Size Upholstered Platform Bed Frame is designed for comfort and stability, featuring a height-adjustable teddy fabric headboard and strong wood slats. This bed frame eliminates the need for a box spring and offers under-bed storage space. Its construction is engineered for noise-free operation.

Key Features:

- **Luxurious Teddy Fabric:** Soft, breathable, and skin-friendly upholstery for the headboard and frame.
- **Height-Adjustable Headboard:** Adjusts from 40.6 inches to 48.4 inches to accommodate various mattress heights and preferences.
- **Quiet and Quality Sleep:** Features non-slip strips on slats and EVA foam on the metal frame to prevent noise and squeaks.
- **Sturdy and Durable Construction:** Supports up to 900 lbs with high-quality wood and metal components.
- **No Box Spring Needed:** Mattress can be placed directly on the robust wood slats.
- **Under-Bed Storage:** Provides 7.9 inches of clearance for convenient storage.

2. Setup and Assembly

The VECELO bed frame is designed for quick and straightforward assembly. All necessary tools and instructions are included in the package. It is recommended to follow the assembly instructions carefully to ensure proper stability and function.

Assembly Steps (General Guidance):

1. Unpack all components and verify against the parts list in the included assembly instructions.
2. Assemble the main frame components, ensuring all bolts are securely tightened. Note that some bolts may be pre-installed and need to be unscrewed before re-tightening during assembly.
3. Attach the headboard to the main frame. The headboard height can be adjusted during this step.
4. Place the wooden slats onto the frame. Ensure the non-slip strips are correctly positioned to prevent mattress movement and noise.
5. Confirm all connections are tight and the frame is stable before placing the mattress.

Image 3: Detail of hook and loop fasteners on wooden slats for secure mattress placement.

3. Operating and Usage

Adjustable Headboard:

The headboard of your VECELO bed frame can be adjusted to five different height settings, ranging from 40.6 inches to 48.4 inches. This allows for customization based on your mattress thickness and personal preference for sitting or reclining in bed.

Image 4: Headboard height adjustment options from 40.6" to 48.4".

No Box Spring Required:

This platform bed frame is designed to support your mattress directly on its sturdy wooden slats. A box spring is not necessary, simplifying setup and reducing overall bed height.

Under-Bed Storage:

The frame provides 7.9 inches of clearance from the floor, offering convenient space for storing items underneath the bed. This feature helps maximize space in your bedroom.

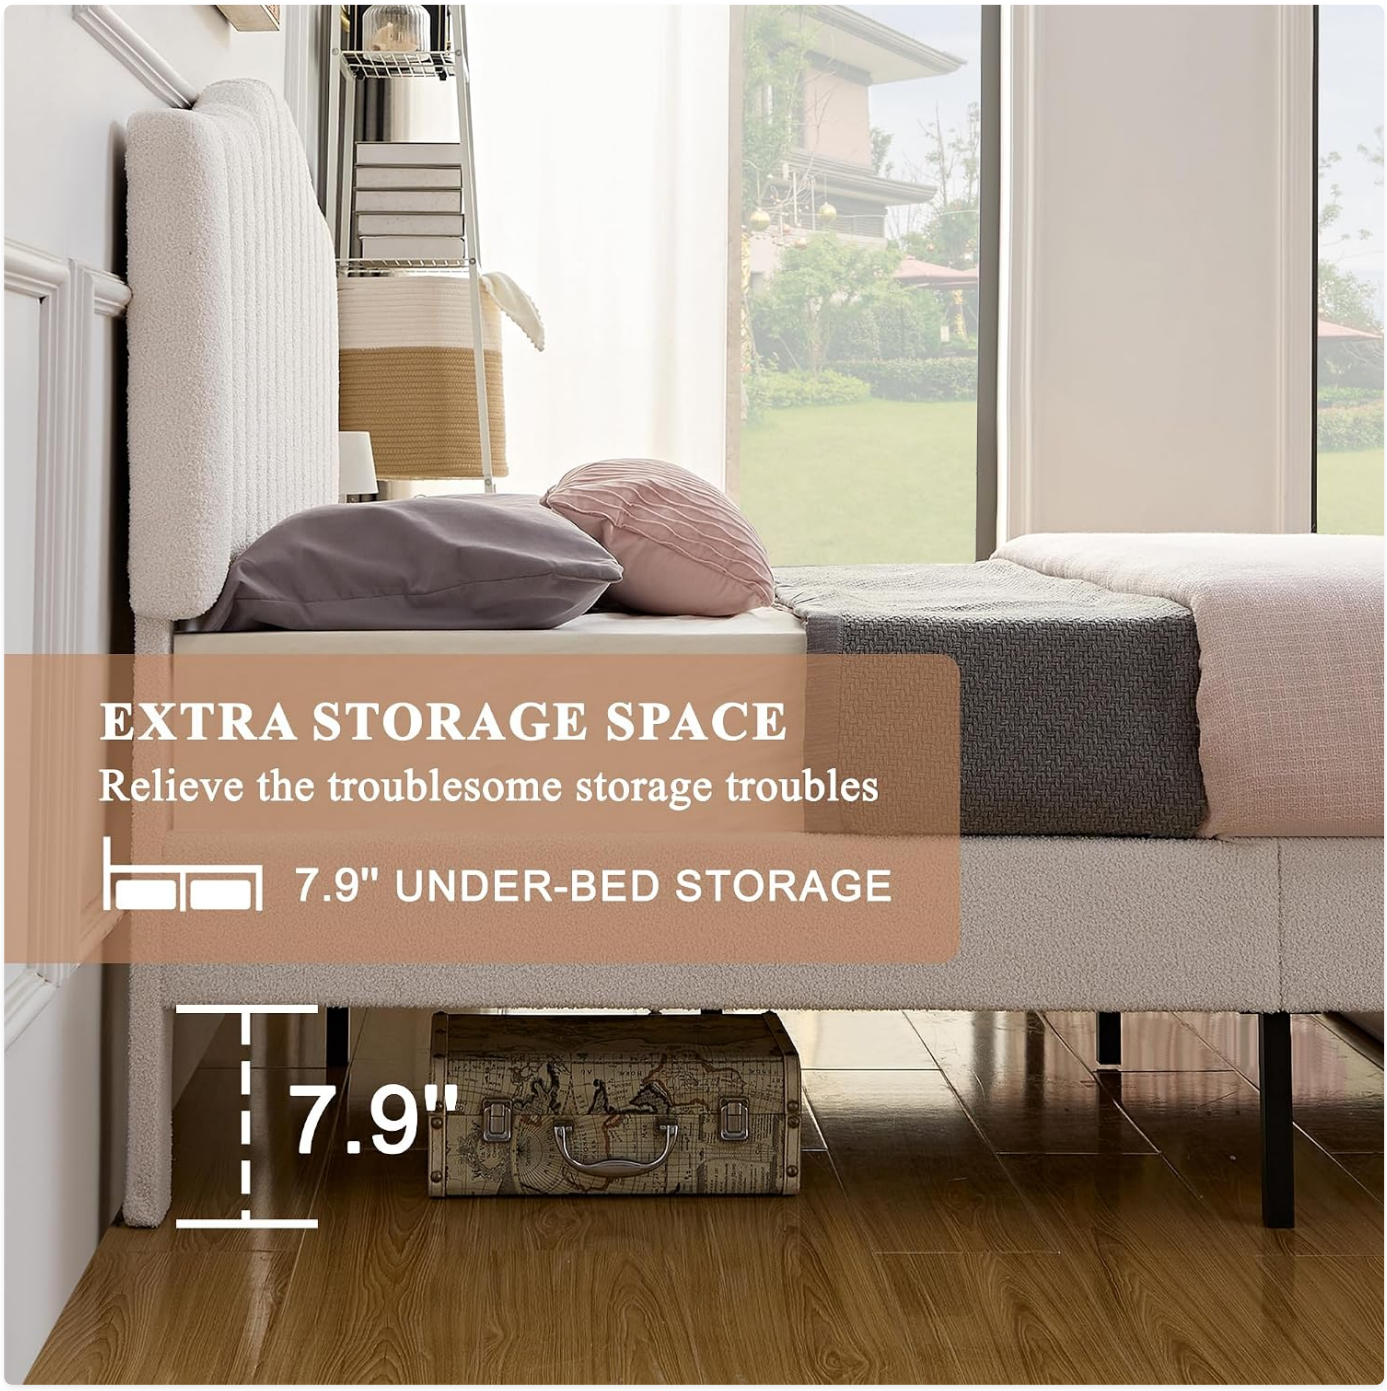

Image 5: Illustration of the 7.9-inch under-bed storage clearance.

4. Maintenance and Care

Cleaning Instructions:

To clean the teddy fabric upholstery, gently wipe with a damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric. For spills, blot immediately with a clean, dry cloth.

Noise Reduction Features:

The bed frame incorporates non-slip strips on the wooden slats and EVA foam padding on the metal frame to minimize friction and prevent squeaks. Regularly check that all bolts are tight to maintain stability and noise-free performance.

Image 6: Details of noise-reducing features, including hook & loop fasteners and EVA pads.

5. Troubleshooting

Common Issues and Solutions:

- **Squeaking Noises:**
  Ensure all assembly bolts are securely tightened. Check that the wooden slats are properly seated and the EVA foam pads are in place on the metal frame. Over time, bolts may loosen and require re-tightening.
- **Mattress Sliding:**
  Verify that the non-slip strips on the wooden slats are intact and positioned correctly. If the issue persists, consider adding additional non-slip material between the mattress and the slats.
- **Headboard Instability:**
  Confirm that the headboard is correctly attached to the frame and all adjustment bolts are tightened. Ensure the

headboard is set to a stable height for your mattress.

- **General Instability:**
  Re-check all connections and bolts throughout the entire bed frame. Ensure the bed is on a level surface. Do not exceed the maximum weight capacity of 900 lbs.

6. Specifications

Feature	Detail
Brand	VECELO
Model Number	KHD-QB08-BGE-NEW
Size	Queen
Color	Beige
Material	Wood, Metal, PDF, Teddy Fabric
Product Dimensions (L x W x H)	82.5"L x 63.6"W x 48.4"H
Adjustable Headboard Height	40.6 - 48.4 inches
Ground Clearance	7.9 inches
