Baseus Eli Fit Open-Ear True Wireless Headphones

Baseus OS Eli Fit Open-Ear True Wireless Headphones User Manual

Model: Eli Fit Open-Ear True Wireless Headphones (A00073200123-00)

INTRODUCTION

This manual provides detailed instructions for the operation and maintenance of your Baseus OS Eli Fit Open-Ear True Wireless Headphones. Please read this manual thoroughly before using the product to ensure proper function and longevity.

PACKAGE CONTENTS

- Baseus OS Eli Fit Open-Ear True Wireless Headphones
- Charging Station
- User Manual (this document)

PRODUCT OVERVIEW

Image: Baseus OS Eli Fit Open-Ear True Wireless Headphones. This image displays the two open-ear headphone units, featuring a dark grey body with a blue flexible ear hook design. Each unit has a circular touch control area and a microphone grille.

The Baseus OS Eli Fit Open-Ear True Wireless Headphones are designed for comfortable, open-ear listening, allowing you to stay aware of your surroundings while enjoying audio. They feature a lightweight design and a secure fit.

SETUP

1. Charging the Headphones and Charging Station

Before first use, fully charge the headphones and the charging station. Connect the charging station to a power source using a compatible USB cable (not included). The indicator lights on the charging station will show the charging status. The headphones charge automatically when placed inside the charging station.

- Ensure the charging contacts on both the headphones and the charging station are clean and dry.
- A full charge provides approximately 8 hours of music playback at 70% volume for the headphones, and up to 40 hours total with the charging station.

2. Pairing with a Device

1. Open the charging station lid. The headphones will automatically enter pairing mode, indicated by a flashing LED light (specific color/pattern may vary, refer to product for exact indication).
2. On your device (smartphone, tablet, etc.), go to the Bluetooth settings.
3. Search for available devices and select "Baseus Eli Fit" (or similar name) from the list.
4. Once connected, the LED indicator on the headphones will stop flashing or change to a solid light, confirming successful pairing.
5. If pairing fails, turn off Bluetooth on your device, place the headphones back in the charging case, close the lid, then reopen and try again.

OPERATING INSTRUCTIONS

Wearing the Headphones

Gently place the headphones over your ears, ensuring the ear hooks rest securely behind your ears and the audio drivers are positioned comfortably near your ear canals without entering them. Adjust for a stable and comfortable fit.

Touch Controls

The Baseus OS Eli Fit headphones feature touch-sensitive controls on each earbud. Specific functions may vary slightly; refer to the quick start guide included with your product for precise commands.

Common Touch Control Functions

Action	Function
Single Tap	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Previous Track
Double Tap (Right Earbud)	Next Track
Long Press (Left/Right Earbud)	Activate Voice Assistant / Reject Call

Power On/Off

- **Power On:** Open the charging station lid, or long-press the touch area on both headphones for a few seconds.
- **Power Off:** Place the headphones back into the charging station and close the lid, or long-press the touch area on both headphones for several seconds until they power off.

MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the headphones and charging station. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** When not in use, store the headphones in their charging station to protect them and keep them charged.
- **Water Resistance:** These headphones are not waterproof. Avoid exposure to excessive moisture, rain, or submersion in water.
- **Temperature:** Avoid exposing the product to extreme temperatures (hot or cold) as this can damage the battery and internal components.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly.

TROUBLESHOOTING

Common Issues and Solutions

Problem	Solution
Headphones not pairing	- Ensure headphones are charged. - Turn off and on Bluetooth on your device. - Place headphones back in the charging case, close, then reopen to re-enter pairing mode. - Forget the device from your Bluetooth list and try pairing again.

Problem	Solution
No sound or low volume	- Check volume levels on both headphones and your connected device. - Ensure headphones are properly connected to your device. - Try restarting your device and re-pairing the headphones.
Headphones not charging	- Ensure the charging cable is securely connected to both the charging station and power source. - Check for debris or obstruction on the charging contacts of the headphones and charging station. - Try a different charging cable or power adapter.

SPECIFICATIONS
