Key Features:

- **10000mAh Capacity:** Provides extended power for your devices.
- **Magsafe Compatibility:** Secure magnetic attachment and wireless charging for compatible iPhones.
- **Integrated Foldable Stand:** Allows for hands-free viewing in portrait or landscape mode.
- **PD 20W Fast Charging:** Supports fast wired charging input and output.
- **15W Max Wireless Charging:** Efficient wireless power delivery.
- **Digital Display:** Shows precise battery percentage.

- **Aluminum Alloy Shell:** Enhances heat dissipation and durability.

5. SETUP

Before initial use, it is recommended to fully charge your Kuulaa KL-YD60 Portable Charger.

1. Connect the provided USB-C to USB-C cable to the power bank's USB-C port.
2. Connect the other end of the cable to a compatible USB-C power adapter (not included).
3. The digital display will illuminate and show the charging progress. The power bank is fully charged when the display shows 100%.

6. OPERATING INSTRUCTIONS

6.1. Charging the Kuulaa KL-YD60 Power Bank

To recharge the power bank, connect it to a power source using a USB-C cable. The digital display will indicate the current charge level.

Two Charging Options

6.2. Using the Wireless Charging Function

For Magsafe-compatible devices:

1. Ensure your device is Magsafe-compatible (e.g., iPhone 12 series or newer).
2. Align the back of your Magsafe-compatible device with the magnetic charging area on the power bank. The magnets will snap into place.
3. The device will automatically begin wireless charging. The power bank's digital display will show its remaining charge.

6.3. Using the Wired Charging Function

For devices requiring a wired connection:

1. Connect your device to the power bank's USB-C port using a compatible charging cable.
2. The power bank will automatically detect the connected device and begin charging.

6.4. Using the Integrated Stand

The power bank features a foldable zinc alloy stand for convenient hands-free viewing.

1. Gently pull out the metal ring stand from the back of the power bank.
2. Adjust the stand to your desired angle (0-80 degrees) to prop up your phone horizontally or vertically.
3. When not in use, fold the stand flat against the power bank.

7. MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the device in a cool, dry place when not in use.
- Avoid prolonged exposure to direct sunlight or extreme temperatures.
- Charge the power bank at least once every three months to maintain battery health if stored for extended periods.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not charging wirelessly.	Device not Magsafe-compatible or misaligned.	Ensure your device supports Magsafe. Realign the device on the charging area. Remove thick phone cases.
Device not charging via cable.	Cable or adapter issue; power bank low on charge.	Try a different cable or adapter. Ensure the power bank is sufficiently charged.
Power bank not charging.	Charging cable or adapter issue; power source problem.	Verify the charging cable and adapter are functional. Try a different power outlet.
Slow charging.	Using a non-fast charging adapter/cable; device not optimized for fast charging.	Use a PD-compatible adapter and cable. Ensure your device supports fast charging.
