Rywell PE-PM-0010-GY-RY-M-A

Rywell Cooling Mat for Dogs (Model PE-PM-0010-GY-RY-M-A) - User Manual

Model: PE-PM-0010-GY-RY-M-A | UPC: 782323234194

INTRODUCTION

The Rywell Cooling Mat for Dogs is designed to provide comfort and temperature regulation for your pet. Featuring advanced Arc-Chill natural cooling fabric, this mat effectively lowers surface temperature to prevent overheating. Its versatile double-sided design offers a cooling surface for warm weather and a soft, cozy surface for cooler seasons, ensuring year-round usability. Constructed with delicate stitching and a sturdy structure, it is built to resist scratching and biting, making it suitable for various placements such as floors, sofas, dog beds, cars, and camping trips. The mat is OEKO-TEX certified, ensuring it is free from harmful substances, providing peace of mind for both pets and owners.

SETUP

1. **Unboxing:** Carefully remove the cooling mat from its packaging. Avoid using sharp objects that could damage the fabric.
2. **Initial Fluffing:** Gently pat the mat to help it regain its shape and fluffiness after being compressed in packaging.
3. **Expansion Time:** Allow 24-48 hours for the mat to fully expand and achieve optimal fluffiness and cooling properties.
4. **Placement:** Place the mat in your pet's preferred resting area. It can be used on floors, sofas, dog beds, inside cars, or during outdoor activities like camping.

OPERATING INSTRUCTIONS

Dual-Sided Functionality

- **Cooling Side:** For warm weather, place the side featuring the Arc-Chill natural cooling fabric facing up. This side actively absorbs and dissipates body heat, lowering the surface temperature by 3-5°C (5-9°F) to keep your pet cool.
- **Soft Side:** For cooler seasons, flip the mat to the soft, cozy side. This provides a comfortable and warm resting spot for your pet during autumn and winter.

Optimal Placement

Place the mat in any area where your pet typically rests. Its versatile design makes it suitable for:

- Indoor floors
- Sofas and furniture (protects from scratches and fur)
- Dog beds
- Car seats (ideal for travel)
- Outdoor use (e.g., camping, backyard)

Washing & Care Instructions

- **Washing:** The Rywell Cooling Mat can be machine-washed or hand-washed. Use cold water (maximum 30°C / 86°F) and a very mild cycle if machine washing.
- **Drying:** After washing, hang the mat in a cool, ventilated place to air dry.
- **Durability:** The mat is designed to be durable and will not deform even after multiple washings, provided care instructions are followed.

Important Warnings

- **DO NOT Bleach:** Avoid using bleach as it can damage the fabric and its cooling properties.
- **DO NOT Iron:** Do not iron the mat.
- **DO NOT Tumble-Dry:** Air drying is recommended. Tumble-drying can damage the mat.
- **Avoid Direct Sunlight:** Do not expose the mat to direct sunlight for prolonged periods. The sun's UV rays can destroy the cooling fabric and reduce its effectiveness.

TROUBLESHOOTING

Mat Does Not Feel Cool After Prolonged Use

The cooling effect of the mat is activated by contact and heat absorption. If the mat feels less cool after your pet has been on it for an extended period, it means it has absorbed a significant amount of body heat.

- **Solution:** Allow the mat to rest in a cooler environment for a short period (e.g., 30-60 minutes) to dissipate the absorbed heat. The cooling fabric will naturally recharge and be ready for use again.

Pet is Not Using the Mat

Some pets may need time to adjust to new items.

- **Solution:** Introduce the mat gradually. Place it in a familiar spot where your pet already feels comfortable. You can also place a favorite toy or treat on the mat to encourage interaction. Ensure the appropriate side (cooling or soft) is facing up based on the ambient temperature.

Mat Appears Discolored or Less Effective

Improper care can affect the mat's performance and appearance.

- **Solution:** Review the Maintenance section and ensure all washing and drying instructions are strictly followed. Specifically, avoid prolonged exposure to direct sunlight, as UV rays can degrade the cooling fabric.

SPECIFICATIONS

Brand	Rywell
Model Number	PE-PM-0010-GY-RY-M-A
UPC	782323234194
Material	Polyester, Washed Cotton
Color	Grey
Size	32*44IN (32"L x 44"W)
Item Weight	12.6 ounces
Special Feature	Cooling, Durable, Skin Friendly
