Alienraft Omua Pro

Alienraft OUMUA Pro Advanced Bluetooth Speaker User Manual

Brand: Alienraft | Model: Omua Pro

1. INTRODUCTION

Welcome to the Alienraft OUMUA Pro Advanced Bluetooth Speaker user manual. This guide provides detailed instructions for setting up, operating, and maintaining your new speaker. The OUMUA Pro features advanced Bluetooth 5.3 connectivity, powerful 20W RMS audio with extra bass, dynamic RGB lighting, and IPX7 water resistance, making it ideal for various environments. Enjoy immersive 360° sound and True Wireless Stereo (TWS) pairing for an enhanced audio experience.

2. PACKAGE CONTENTS

Please check the box for the following items:

- Alienraft OUMUA Pro Bluetooth Speaker
- USB-A to USB-C Charging Cable
- Wrist Strap
- User Manual (this document)

3. PRODUCT FEATURES

3.1. Advanced Audio System

The OUMUA Pro is engineered with a full-range active woofer, ceramic tweeter, and a dual floating sub-woofer system, delivering 20 Watts RMS of powerful, clear audio with deep, solid bass.

360° Balance surround sound

Strong and loud volume
Shocking and rich bass

Image showing the internal components of the Aliencraft OUMUA Pro speaker, highlighting the woofer, tweeter, and sub-woofers for 360-degree balanced surround sound.

3.2. Bluetooth 5.3 Connectivity

Equipped with a powerful Bluetooth 5.3 chip, the OUMUA Pro ensures low-latency, stable, and fast connections, maintaining clear sound within a 10-meter range. Ideal for gaming and seamless audio streaming.

BLUETOOTH 5.3 Stable Connection

Advanced BT 5.3 transmission, fast and sensitive response, keeping clear sound within 10 meters.

3.3. Dynamic RGB Lighting

The speaker features a twin RGB backlight system that illuminates and pulsates with the rhythm of your music, creating a futuristic and immersive atmosphere.

WIRELESS SPEAKER

3.4. IPX7 Water Resistance

With IPX7 certification, the OUMUA Pro is completely water-resistant, making it suitable for use by the pool, at the beach, or in other outdoor environments. It is also resistant to impacts and falls.

3.5. Extended Battery Life & Portability

The large internal battery provides up to 10 hours of continuous playback at medium volume (without RGB light). Its compact size and included wrist strap make it highly portable.

3.6. True Wireless Stereo (TWS) Function

Connect two OUMUA Pro speakers to create a True Wireless Stereo (TWS) system, separating left and right audio channels for a powerful, wide-coverage surround sound effect.

TWS Function

Pair 2 speakers to deliver extraordinary stereo sound

If you have two pieces speaker, you can use TWS to achieve wireless stereo combined playing music.

Note: Before TWS pairing, make sure the two speakers are not connected over bluetooth.

Image showing two Aliencraft OUMUA Pro speakers wirelessly connected via TWS, demonstrating how they can create a stereo sound system.

4. SETUP

4.1. Charging the Speaker

Before first use, fully charge the speaker. Connect the included USB-A to USB-C charging cable to the speaker's charging port and a 5V/1A power adapter (not included). A full charge takes approximately 3 hours.

4.2. Powering On/Off

Press and hold the Power button (refer to Controls section) for 2 seconds to turn the speaker on or off.

4.3. Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing light).

2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select 'Alienraft OUMUA Pro' from the list. Once connected, the speaker will emit a confirmation sound, and the light indicator will become solid.

4.4. TWS Pairing (Optional)

1. Ensure both OUMUA Pro speakers are powered on and not connected to any Bluetooth device.
2. On one speaker, press and hold the TWS Connect button (refer to Controls section) for 2 seconds. It will enter TWS pairing mode.
3. The two speakers will automatically connect to each other. Once connected, one speaker will act as the master (left channel) and the other as the slave (right channel).
4. Now, connect your device to the master speaker via Bluetooth as described above.

5. OPERATING INSTRUCTIONS

5.1. Controls Overview

The Alienraft OUMUA Pro features intuitive controls located on the top panel. Refer to the diagram below for button functions.

CONTROLS

X 1 Press Once
 X 2 Press Twice
 >2S Hold 2 seconds

Diagram illustrating the control panel of the Aliencraft OUMUA Pro speaker, with labels for each button and their corresponding functions (single press, double press, long press).

5.2. Button Functions

Button/Action	Function

Volume Down Button (Press 1x)	Volume Down
Volume Down Button (Hold 2s)	Previous Track
TWS Button (Press 1x)	TWS Connect/Disconnect
TWS Button (Hold 2s)	Clear Pairing Record

6. MAINTENANCE

6.1. Cleaning

Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure the charging port cover is securely closed before cleaning or exposing to water.

6.2. Water Resistance

The IPX7 rating means the speaker can be submerged in up to 1 meter of fresh water for 30 minutes. Do not expose to saltwater or chemicals. Always ensure the charging port cover is sealed when near water.

6.3. Battery Care

To prolong battery life, avoid fully discharging the speaker frequently. Store in a cool, dry place when not in use for extended periods. Recharge at least once every three months.

7. TROUBLESHOOTING

- **No Power:** Ensure the speaker is charged. Connect to a power source and try turning it on again. If the issue persists, the battery may be fully depleted or faulty.
- **No Sound:** Check the volume level on both the speaker and your connected device. Ensure the speaker is properly paired via Bluetooth. Try re-pairing the device.
- **Bluetooth Disconnection/Cannot Pair:** Ensure the speaker is within the 10-meter range of your device. Clear the pairing record on the speaker (hold TWS button for 2 seconds) and on your device, then attempt to re-pair. Ensure no other devices are actively connected to the speaker.
- **TWS Pairing Failure:** Ensure both speakers are not connected to any other Bluetooth device before attempting TWS pairing. Place them close to each other. Clear TWS pairing records on both speakers and try again.
- **RGB Lights Not Working:** Press the Light button to cycle through modes or turn the lights on. Ensure the speaker has sufficient battery charge.

8. SPECIFICATIONS

Feature	Detail
Model Name	Omua Pro
Speaker Type	Multimedia
Special Features	Bluetooth, Tweeters, RGB Lighting, IPX7 Waterproof
Recommended Uses	Smartphones, Tablets, Computers, Surround Sound Systems, Televisions, Video Game Consoles
Compatible Devices	Smartphone, Tablet, Laptop
