GeRRiT JIESTAR 59005 City Series Big Boy Train Model Block Set

Instruction Manual

Model: 59005 | Brand: GeRRiT

1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, care, and maintenance of your GeRRiT JIESTAR 59005 City Series Big Boy Train Model Block Set. This set allows you to construct a detailed replica of a classic Big Boy train using high-precision building blocks. The finished model is intended for display and collection.

The model components are made from durable plastic, ensuring a lightweight yet sturdy construction. The wheels of the assembled train are designed to rotate, adding to the realism of the model.

2. SAFETY INFORMATION

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years of age due to choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger users.
- **Heat Sources:** Keep the model and its components away from direct heat sources or open flames to prevent damage or deformation.
- **Proper Disposal:** Dispose of packaging materials responsibly.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. The package should contain:

- Building blocks for the JIESTAR 59005 train model.
- Detailed assembly instruction booklet.
- Any additional accessories required for the model.

If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included assembly booklet. Organize your blocks by color and shape to facilitate the building process.

1. **Preparation:** Clear a spacious, well-lit area for assembly. Open all block bags and sort components as desired.
2. **Step-by-Step Assembly:** Refer to the numbered steps in the instruction booklet. Each step illustrates the blocks required and their placement.
3. **Firm Connections:** Ensure each block is firmly pressed into place to create a stable structure.
4. **Review:** Periodically review your progress against the images in the booklet to ensure accuracy.

5. OPERATING THE MODEL

The JIESTAR 59005 is a static display model. While its wheels are designed to rotate, it is not motorized.

- **Display:** Place the assembled model on a stable, flat surface for display.
- **Movement:** The wheels can be manually rotated. Avoid forcing movement or applying excessive pressure to prevent damage to the block connections.

6. MAINTENANCE

Proper maintenance will help preserve the appearance and integrity of your model.

- **Cleaning:** Gently dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, lightly dampen a cloth with water (no harsh chemicals) and wipe carefully.
- **Storage:** If storing the model, place it in a clean, dry environment away from direct sunlight and extreme temperatures. Consider using a display case to protect it from dust and accidental damage.
- **Handling:** Handle the model with care, avoiding dropping it or applying undue pressure to delicate parts.

7. TROUBLESHOOTING

- **Missing Parts:** If you discover missing parts upon opening the package, please refer to the "Package Contents" section and contact customer support with details of the missing components.
- **Assembly Difficulties:** If you encounter difficulties during assembly, carefully re-examine the instruction booklet for the specific step. Ensure all blocks are correctly oriented and firmly connected.
- **Loose Connections:** If parts become loose, gently press them back into place. Avoid excessive force.
