## Dexnor Samsung Galaxy S24 Plus

# Dexnor Magnetic Case User Manual

Model: Samsung Galaxy S24 Plus

Brand: Dexnor

## INTRODUCTION

---

This user manual provides detailed instructions for the installation, operation, and maintenance of your Dexnor Magnetic Case for Samsung Galaxy S24 Plus. This case is designed to offer comprehensive protection and enhanced functionality for your device.

## PACKAGE CONTENTS

---

- 1 x Dexnor Magnetic Case for Samsung Galaxy S24 Plus
- 2 x Front Frames (one with pre-installed PET screen protector, one without)

## COMPATIBILITY

---

This case is specifically designed for the **Samsung Galaxy S24 Plus (6.7 inch)**. It is not compatible with the Samsung Galaxy S24 (6.2 inch) or Samsung Galaxy S24 Ultra (6.8 inch).

## ATTENTION

Check phone model before purchase

# Designed for Samsung Galaxy S24 +

## SETUP AND INSTALLATION

Follow these steps to properly install your Dexnor Magnetic Case:

1. **Choose Your Front Frame:** Select either the front frame with the built-in PET screen protector or the frame without a screen protector if you prefer to use your own. The built-in screen protector supports touch ID functionality.
2. **Clean Your Device:** Ensure your Samsung Galaxy S24 Plus screen and back are clean and free of dust or smudges before installation.
3. **Install Front Frame:** Carefully place your phone into the chosen front frame, ensuring all edges align correctly.
4. **Attach Back Cover:** Align the back cover with the front frame and press firmly around all edges until it snaps securely into place. Ensure all ports and buttons are accessible and aligned.

# 2 FRAMES 2 CHOICES

- No screen protector:  
Ready for tempered  
glass film

- Built-in PET screen  
protector: Responsive  
and scratch-resistant.

## OPERATING INSTRUCTIONS

---

### Kickstand Functionality

The integrated kickstand provides convenient hands-free viewing. To use:

- Gently pull out the kickstand from the back of the case.
- Adjust the kickstand to your desired angle, up to 65 degrees.
- The kickstand supports both landscape and portrait viewing modes.
- When not in use, push the kickstand back into its recess until it sits flush with the case.

## DURABILITY MEETS DESIGN

Charge while standing, for  
continuous use and enjoyment.

### MagSafe Compatibility and Wireless Charging

The case features 36 strong N52 magnets for seamless compatibility with MagSafe accessories and wireless chargers.

- Simply attach your MagSafe charger or accessory to the back of the case. The magnets will ensure precise alignment and a secure hold.
- The case supports efficient wireless charging without needing to remove the case.

## PROTECTION FEATURES

The Dexnor Magnetic Case is engineered for robust protection:

- **Military-Grade Drop Protection:** Designed to withstand significant drops and impacts, protecting your device from daily accidents.
- **Shock-Absorbing Corners:** Equipped with specialized corners that absorb and disperse impact force.
- **Raised Edges:** Elevated bezels around the screen and camera provide additional protection against scratches when placed on flat surfaces.

- **Full-Body Coverage:** The two-piece design ensures your phone is fully encased for all-around defense.

## MAINTENANCE

To ensure the longevity and appearance of your Dexnor case:

- Clean the case regularly with a soft, damp cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- Periodically remove the case to clean your phone and the inside of the case, preventing dust buildup that could cause scratches.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Fingerprint scanner not working with built-in screen protector.	Improper installation or air bubbles.	Re-install the front frame, ensuring no dust or air bubbles are trapped between the screen and protector. Ensure your fingerprint is re-registered with the protector on. If issues persist, use the alternative front frame without a screen protector.
Wireless charging is slow or not working.	Misalignment with charger, foreign objects, or charger incompatibility.	Ensure the phone is centered on the wireless charger. Remove any foreign objects between the phone and charger. Verify your wireless charger is compatible with MagSafe and your phone model.
Kickstand feels loose or doesn't stay open.	Wear and tear from prolonged use.	While the kickstand is tested for durability, excessive force or improper handling can affect its mechanism. If it becomes significantly loose, contact customer support.

## SPECIFICATIONS
