ODK XZJDJZ

ODK 120cm Gaming Desk User Manual

Model: XZJDJZ

1. INTRODUCTION

Thank you for choosing the ODK 120cm Gaming Desk. This manual provides essential information for the safe assembly, operation, and maintenance of your new gaming desk. Please read these instructions carefully before use and retain them for future reference.

This gaming desk is designed to enhance your gaming experience with integrated LED lighting, convenient power outlets, and an ergonomic monitor stand. Its robust construction ensures stability and durability.

2. SAFETY INFORMATION

- Ensure all components are securely fastened before use. Loose parts can cause instability and injury.
- Do not exceed the maximum weight capacity of 100 kg (220 lbs) for the main desktop and 18 kg (40 lbs) for the monitor stand.
- Keep electrical components (LEDs, power outlets) away from liquids to prevent electric shock.
- Use only the provided power cord and ensure it is properly connected to a grounded outlet.
- Avoid placing hot items directly on the desk surface without protection.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. PACKAGE CONTENTS

Please verify that all parts are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Desktop Panels (Main, L-shaped extension, Monitor Stand)
- Z-shaped Leg Frames
- Support Beams and Brackets
- Integrated Power Strip with LED Controller
- Headphone Hook
- Adjustable Foot Pads
- Assembly Hardware (Screws, Allen Wrench, etc.)
- User Manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two people and approximately 60-90 minutes. Follow the numbered steps provided in the included assembly diagram. Ensure you have adequate space for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Leg Frames:** Attach the Z-shaped leg frames to the support beams using the provided screws. Do not overtighten initially.
3. **Attach Desktop Panels:** Secure the main desktop panel to the assembled leg frames. Then, attach the L-shaped extension panel.
4. **Install Monitor Stand:** Mount the monitor stand to the main desktop panel using the designated brackets.
5. **Integrate Power Strip:** Insert the power strip into its designated slot on the desktop. Connect the LED strip to the controller.
6. **Attach Headphone Hook:** Secure the headphone hook to the desired location on the desk frame.
7. **Adjust Foot Pads:** Once the desk is fully assembled, adjust the foot pads to ensure the desk is level and stable on uneven floors.
8. **Tighten All Screws:** After ensuring proper alignment, securely tighten all screws.

5. OPERATING INSTRUCTIONS

5.1 LED Lighting System

The desk features an integrated LED strip with a remote control for customization.

- **Power On/Off:** Use the remote control to turn the LED lights on or off.
- **Color Selection:** Choose from 10 available colors to match your preference.
- **Mode Selection:** Select from 20 dynamic lighting modes, including various flashing and fading effects.
- **Brightness/Speed Adjustment:** Adjust the brightness of static colors or the speed of dynamic modes using the remote.

5.2 Integrated Power Outlets

The desk includes a built-in power strip for convenient device charging and power supply.

- **AC Outlets:** Two (2) AC power outlets (110-240V/6A) are available for connecting monitors, computers, or other AC-powered devices.
- **USB Ports:** Two (2) USB ports (5V/2A) are provided for charging smartphones, tablets, and other USB-powered devices.
- **Power Cord:** The power strip is connected via a 200 cm (78.7 inch) power cord. Ensure it is plugged into a suitable wall outlet.

5.3 Ergonomic Monitor Stand

The elevated monitor stand promotes better posture and reduces neck strain.

- Place your monitor(s) on the stand to achieve an optimal viewing height.
- The stand supports up to 18 kg (40 lbs) and has a height range of 75 cm to 93 cm (29.5 to 36.6 inches) from the floor.

6. MAINTENANCE

- **Cleaning:** Wipe the desk surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the carbon fiber texture.
- **Dusting:** Regularly dust the LED strip and power outlets to ensure optimal performance and prevent dust buildup.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Cable Management:** Organize cables to prevent tangles and reduce strain on connections.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights not working	Power cord unplugged; Remote battery dead; Loose connection.	Ensure power cord is securely plugged in. Replace remote battery. Check LED strip connection to controller.
Power outlets not providing power	Desk power cord unplugged; Wall outlet not working; Device not properly plugged in.	Verify desk power cord is plugged into a live wall outlet. Test wall outlet with another device. Ensure devices are fully inserted into the desk outlets.

Problem	Possible Cause	Solution
Desk is wobbly	Loose screws; Uneven floor; Foot pads not adjusted.	Tighten all assembly screws. Adjust the adjustable foot pads to level the desk.
Monitor stand unstable	Monitor stand screws loose; Exceeded weight capacity.	Ensure monitor stand screws are tightened. Verify monitor weight does not exceed 18 kg.
