ODK B01XS-UK

ODK L-Shaped Gaming Desk User Manual

Brand: ODK | Model: B01XS-UK

1. Introduction

This user manual provides comprehensive instructions for the assembly, operation, and maintenance of your ODK L-Shaped Gaming Desk. Designed for an immersive gaming experience, this desk features integrated LED lights, power outlets, and a monitor stand, all within a space-saving L-shaped design. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

2. Safety Warnings

Adherence to the following safety warnings is crucial for safe use and longevity of the product:

- **Proper Assembly:** Ensure all components are assembled correctly and securely according to the instructions provided. Improper assembly can lead to instability and potential injury.
- **Weight Limit:** Do not exceed a weight limit of **100 kg (220 lbs)** on the desktop. Overloading can cause structural damage or collapse.
- **Handling:** Exercise caution when handling or moving the desk due to its metal base. Sharp edges or heavy components may pose a risk.
- **Stable Surface:** Always ensure the desk is placed on a stable and level surface to prevent wobbling or tipping. Adjustable foot pads are provided to assist with leveling.

- **Electrical Safety:** When using the integrated power outlets and USB ports, ensure that devices connected do not exceed the specified voltage and amperage (110-240V/6A for AC outlets, 5V/2A for USB ports). Avoid liquid spills near electrical components.

3. Product Features

The ODK L-Shaped Gaming Desk is equipped with several features designed to enhance your gaming and work experience:

3.1 Integrated LED Lights and Power Outlets

The desk features built-in LED light strips controllable via a remote, offering 10 colors and 20 dynamic modes to create an immersive gaming atmosphere. Additionally, a recessed power strip provides 2 AC outlets (110-240V/6A) and 2 USB ports (5V/2A) for convenient charging of your devices.

5. Setup and Assembly

The ODK L-Shaped Gaming Desk is designed for straightforward assembly. Please follow these general steps, referring to the included assembly manual for detailed, step-by-step instructions and diagrams.

1. **Unpack Components:** Carefully unpack all parts and hardware from the packaging. Verify that all components listed in the assembly manual are present and undamaged.
2. **Identify Parts:** Lay out all parts on a clean, soft surface to prevent scratches. Identify each part using the labels or diagrams in the assembly manual.
3. **Assemble Frame:** Begin by assembling the main metal frame components, ensuring all screws are finger-tightened initially.
4. **Attach Desktop Panels:** Secure the desktop panels to the assembled frame. Pay attention to the orientation of the L-shape and the corner hand rest.
5. **Install Monitor Shelf:** Attach the monitor shelf to the designated points on the desktop.

6. **Install LED Lights and Power Strip:** Carefully install the LED light strips and the recessed power strip according to the instructions. Ensure all electrical connections are secure.
7. **Tighten All Fasteners:** Once all components are in place, systematically tighten all screws and fasteners using the provided tools. Do not overtighten.
8. **Level the Desk:** Adjust the foot pads at the bottom of the desk legs to ensure the desk is stable and level on your floor.

Note: For detailed visual guides, please refer to the separate assembly instruction booklet included with your product.

6. Operating Instructions

6.1 LED Light Operation

The integrated LED lights are controlled by a remote control. Ensure the LED strip is properly connected to the power source.

- **Power On/Off:** Press the power button on the remote to turn the lights on or off.
- **Color Selection:** Use the color buttons on the remote to select from 10 available static colors.
- **Mode Selection:** Cycle through 20 dynamic modes (e.g., flash, fade, strobe) using the mode selection buttons.
- **Brightness/Speed Adjustment:** Adjust the brightness of static colors or the speed of dynamic modes using the designated up/down arrows.

6.2 Using the Recessed Power Strip

The desk includes a convenient recessed power strip with AC outlets and USB ports.

- **AC Outlets:** Plug your devices (e.g., monitor, PC, lamp) into the 2 AC outlets. These support 110-240V/6A. Ensure your devices' power requirements are within these limits.
- **USB Ports:** Use the 2 USB ports (5V/2A) to charge smartphones, tablets, and other USB-powered devices.
- **Power Cord:** The power strip is connected via a 200 cm power cord. Plug this cord into a wall outlet.

7. Maintenance

Regular maintenance will help preserve the appearance and functionality of your ODK Gaming Desk.

- **Cleaning:**
  - For the desktop surface, use a soft, damp cloth with a mild, non-abrasive cleaner. Wipe dry immediately.
  - Avoid harsh chemicals or abrasive materials, as they can damage the finish.
  - For the metal frame, wipe with a dry or slightly damp cloth.
- **Dusting:** Regularly dust the desk, especially around the LED strips and power outlets, to prevent dust buildup.
- **Fastener Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary, but do not overtighten.
- **Cable Management:** Keep cables organized and away from moving parts or areas where they could be pinched or damaged.

8. Troubleshooting

If you encounter issues with your ODK Gaming Desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk is wobbly/unstable.	Uneven floor; loose fasteners.	Adjust the foot pads at the bottom of the legs until stable. Check and tighten all assembly fasteners.
LED lights are not working.	Power connection issue; remote control battery dead; LED strip damaged.	Ensure the power cord is fully plugged into the wall outlet and the LED strip is securely connected. Replace remote control battery. If issue persists, contact customer support.
Power outlets/USB ports not providing power.	Desk power cord not plugged in; circuit breaker tripped; device drawing too much power.	Verify the desk's main power cord is securely plugged into a live wall outlet. Check your home's circuit breaker. Ensure total power draw does not exceed 6A for AC and 2A for USB. Try a different device.
Surface shows fingerprints easily.	Characteristic of the carbon fiber texture.	Regularly wipe the surface with a clean, soft cloth.

9. Warranty and Support

ODK is committed to providing high-quality products and excellent customer service. While specific warranty details are not provided in this manual, please retain your proof of purchase.
For any questions, concerns, or assistance with assembly, operation, or troubleshooting that is not covered in this manual, please contact ODK customer support through the retailer where you purchased the product or visit the official ODK website for contact information.
We are dedicated to ensuring your satisfaction and providing the best possible user experience.
