### Svakom Chika

# Svakom Chika App-Controlled Flexible Warming Rabbit Vibrator User Manual

Model: Chika | Item Number: 54046730000

## INTRODUCTION

The Svakom Chika is an interactive, flexible rabbit vibrator designed to offer independent G-Spot and clitoral stimulation. It features 5 vibration modes, an intelligent mode, and 5 intensities, along with a warming function that can reach up to 39°C. The device can be customized and controlled via a dedicated app, enabling features like long-distance play and interactive experiences.

## SAFETY INFORMATION

This product is waterproof and includes a travel lock for safety. Always adhere to the provided instructions for safe usage. Ensure the device is clean before and after each use. Do not use the device if the charging port is damaged or if the device shows any signs of malfunction.

## SETUP

### 1. Charging

1. Locate the charging port on the device.

2. Connect the provided charging cable to the device and a suitable USB power source.
3. Charge the device for approximately 2 hours to achieve a full battery, which provides up to 1 hour of use.
4. The indicator light will show charging status (refer to device specific light patterns for full/charging indication).

## 2. App Download and Connection

1. Download the official Svakom app from your smartphone's app store (iOS or Android).
2. Ensure your device is charged and powered on.
3. Open the Svakom app and follow the on-screen instructions to pair your Chika device via Bluetooth.
4. Once connected, you can customize and control the device through the app interface.

# OPERATING INSTRUCTIONS

---

## 1. Basic Operation

Press and hold the power button to turn the device on or off. Short presses of the power button or other control buttons on the device (if present) may cycle through modes or intensities. For full control, use the Svakom app.

## 2. Vibration Modes and Intensities

The Svakom Chika offers 5 distinct vibration modes and 5 intensity levels. These can be adjusted directly on the device or through the Svakom app. The app also provides an intelligent mode for varied sensations.

## 3. Warming Function

Activate the warming function via the Svakom app. The device can warm up to 39°C, providing an additional sensory experience. Allow a few moments for the device to reach the desired temperature.

## 4. Customizable Settings

Within the Svakom app, you can save your preferred vibration patterns and settings. This allows for quick access to your favorite experiences without needing to reconfigure them each time.

## 5. Travel Lock

To prevent accidental activation during travel or storage, engage the travel lock feature. This can typically be done by pressing and holding specific buttons on the device or through the app. Refer to the app for precise instructions on activating and deactivating the travel lock.

## 6. App-Controlled Features

- **Long-Distance Play:** Connect with a partner via the app for synchronized experiences, even when physically apart. Follow the app's on-screen instructions for setting up and initiating long-distance play.
- **Interactive Videos:** The app may offer integration with interactive adult videos, allowing the device to respond to on-screen content.
- **Webcam Tips:** The app may provide guidance for earning tips via webcam interactions. Ensure you are of legal age and comply with all local laws and platform terms of service when engaging in such activities.

プレミアムシリコン

Image: This diagram highlights key features of the Svakom Chika: (1) Heat function up to 38°C, (2) 5 vibration modes and 5 intensity levels, (3) App compatibility for smartphone control, and (4) IPX7 waterproof rating with premium silicone material.

## MAINTENANCE

## 1. Cleaning

The Svakom Chika is waterproof. Clean the device thoroughly with warm water and a mild, toy-safe soap before and after each use. Rinse thoroughly and pat dry with a lint-free cloth. Avoid using harsh chemicals, alcohol-based cleaners, or petroleum-based lubricants, as these can damage the silicone material.

## 2. Storage

Store the device in a clean, dry, and dust-free environment, away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent material degradation. Ensure the travel lock is engaged during storage to prevent accidental activation.

## TROUBLESHOOTING

- Device not turning on:** Ensure the device is fully charged. If the issue persists, try charging it for an

extended period.

- **App connectivity issues:** Make sure Bluetooth is enabled on your smartphone and the device is within range. Restart both the device and the app.
- **Vibrations are weak or inconsistent:** The battery might be low; recharge the device.
- **Warming function not working:** Check the app settings to ensure the warming function is activated. Ensure the device has sufficient battery.

**Important:** Do not use the device if the charging port is damaged or if the device exhibits any unusual behavior. Contact customer support for assistance.

## SPECIFICATIONS

Feature	Detail
Total Length	7.4 inches (18.8 cm)
Insertable Depth	4.6 inches (11.8 cm)
External Arm Length	2.2 inches (5.6 cm)
Product Dimensions	2.32 x 1.22 x 7.36 inches
Weight	15.59 ounces
Material	Silicone, Thermoplastic Elastomer (TPE)
Color	Pink
Battery Type	1 Lithium Polymer battery (included)
Charging Time	2 hours
Usage Time	Up to 1 hour
Waterproof Rating	Yes (Submerge Protection)
Model Name	Chika (also referred to as Mora Neo in some specifications)
Item Model Number	54046730000
Manufacturer	SVAKOM
