

Letaya RXZXL12

Letaya Metal Storage Cabinet RXZXL12 Instruction Manual

Model: RXZXL12 (16"D x 32"W x 36"H)

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury or property damage. Keep this manual for future reference.

- **Weight Limit:** Do not exceed the maximum weight limit of 180 lbs (81.6 kg) for the entire cabinet. Each adjustable shelf can hold up to 120 lbs (54.4 kg).
- **Assembly:** Always assemble the cabinet according to the provided instructions. It is recommended to have two people for assembly to ensure stability and safety.
- **Stability:** If mounting to the wall, use appropriate hardware (not included) and ensure the wall structure can support the cabinet's weight and contents. This helps prevent tipping.
- **Pinch Points:** Always keep hands and fingers away from pinch points during assembly and when opening/closing doors.
- **Placement:** Place the cabinet on a level, stable surface. Use the adjustable feet to compensate for uneven ground.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb on or play inside the cabinet.
- **Chemical Storage:** If storing hazardous materials, ensure they are properly sealed and stored securely within the locked cabinet, out of reach of children.

2. PRODUCT OVERVIEW

The Letaya Metal Storage Cabinet RXZXL12 is designed for organized storage in various environments such as homes, offices, warehouses, and garages. It features a durable steel construction with adjustable shelves and a secure locking mechanism.

Image 2.1: Letaya Metal Storage Cabinet with doors open, showcasing its storage capacity.

Key Features:

- **High-Quality Material:** Constructed from reinforced heavy gauge steel (0.8 mm thick) with a powder-coated finish for moisture, corrosion, and rust resistance.
- **Large Storage Space:** Dimensions of 16"D x 32"W x 36"H with 2 adjustable shelves, each capable of holding up to 120 lbs.
- **Professional Design:** Features an upgraded three-point lock system with thickened steel rods for enhanced security. Anti-collision reinforcements ensure quiet operation.
- **Adjustable Shelves:** Shelves can be repositioned to accommodate items of various heights.
- **Magnetic Doors:** Equipped with magnets for easy and secure door closure.
- **Adjustable Feet:** Suitable for uneven ground, providing stability.
- **Wall Mount Option:** Pre-drilled holes on the back allow for wall mounting (hardware not included).

3. PARTS LIST

Before assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Top Panel (1)
- Bottom Panel (1)
- Side Panels (2)
- Back Panels (2)
- Doors (2)
- Adjustable Shelves (2)
- Shelf Clips (8)
- Locking Mechanism (1)
- Keys (2)
- Magnetic Door Catches (4)
- Adjustable Feet/Casters (4) - *Note: Casters are optional and may be included depending on model variant.*
- Assembly Hardware (Screws, nuts, bolts)

4. ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 30 minutes. It is recommended to have two people for easier and safer assembly.

Before You Begin:

- Clear a spacious, flat, and clean area for assembly.
- Gather necessary tools: screwdriver (manual or electric), wrench (if needed).
- Unpack all components and verify against the parts list.

Step-by-Step Assembly:

1. **Attach Back Panels:** Lay the side panels flat. Connect the two back panels using the provided screws and nuts.
2. **Assemble Base and Sides:** Secure the bottom panel to the side panels using the designated hardware. Ensure all connections are firm.
3. **Attach Top Panel:** Carefully lift the partially assembled frame and attach the top panel, securing it with screws.
4. **Install Casters/Adjustable Feet:** Attach the casters or adjustable feet to the bottom panel using the provided hardware. If using casters, ensure the locking casters are placed at the front for easy access.
5. **Insert Shelf Clips:** Determine desired shelf heights and insert the shelf clips into the corresponding holes on the side panels. Ensure all clips are securely seated and level.
6. **Place Shelves:** Carefully place the adjustable shelves onto the installed shelf clips.
7. **Attach Doors:** Mount the doors to the cabinet frame using the hinges. Install the central locking mechanism onto one of the doors.
8. **Install Magnetic Catches:** Insert the magnetic door catches into the designated holes on the top and bottom inner edges of the doors to ensure they close securely.

Image 4.2: Visual guide for easy assembly, indicating a 30-minute assembly time.

5. OPERATING INSTRUCTIONS

Locking and Unlocking:

- To lock the cabinet, ensure both doors are fully closed. Insert the key into the central lock and turn it to engage the three-point locking mechanism. Remove the key.
- To unlock, insert the key and turn it to disengage the lock. The handle can then be turned to open the doors.

Adjusting Shelves:

- To adjust a shelf, first remove all items from the shelf.
- Carefully lift the shelf to disengage it from the shelf clips.
- Remove the four shelf clips from their current positions.
- Reinsert the shelf clips into the desired new height positions, ensuring they are level and fully seated in the holes.
- Place the shelf back onto the new clips, ensuring it is stable before placing items on it.

Image 5.1: Demonstration of the height-adjustable storage shelves.

6. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Letaya Metal Storage Cabinet.

- **Cleaning:** Wipe down the cabinet surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Inspection:** Periodically check all screws, bolts, and connections to ensure they are tight. Retighten if necessary.
- **Lock Mechanism:** Ensure the lock mechanism operates smoothly. If it becomes stiff, a small amount of graphite lubricant can be applied.
- **Casters:** If equipped with casters, regularly check them for debris and ensure they roll freely. Lubricate if needed.

7. TROUBLESHOOTING

If you encounter any issues with your cabinet, refer to the following table for common problems and solutions.

Problem	Possible Cause	Solution
Doors do not close properly or are misaligned.	Hinges are loose or misaligned; magnetic catches are not engaging.	Check and tighten hinge screws. Ensure magnetic catches are properly installed and aligned. Adjust cabinet's position on an even surface.
Shelves are unstable or sag.	Shelf clips are not fully seated or are overloaded.	Ensure all four shelf clips are securely inserted into the holes. Redistribute weight or reduce load to stay within the 120 lbs per shelf limit.
Cabinet wobbles or is not level.	Uneven floor surface or adjustable feet are not properly set.	Adjust the leveling feet at the bottom of the cabinet until it is stable. Ensure the cabinet is on a flat surface.
Lock mechanism is stiff or difficult to operate.	Lack of lubrication or minor obstruction.	Apply a small amount of graphite lubricant to the keyhole and moving parts of the lock. Check for any obstructions.

8. SPECIFICATIONS

Feature	Detail
Brand	Letaya
Model Name	Metal Storage Cabinet
Item Model Number	RXZXL12
Product Dimensions	16"D x 32"W x 36"H
Color	Black
Material	Alloy Steel
Finish Type	Powder Coated
Item Weight	41 Pounds
Weight Limit	180 Pounds (Total)
Number of Shelves	2 (Adjustable)
Lock Type	Key
Mounting Type	Floor Mount (Wall mountable with additional hardware)
Assembly Required	Yes (Approx. 30 minutes)
