Homall GMS0125

Homall Extendable Aluminum Garden Table

Model: GMS0125

INTRODUCTION

Thank you for choosing the Homall Extendable Aluminum Garden Table. This manual provides essential information for the safe assembly, operation, and maintenance of your new outdoor table. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the table on a soft, clean surface to prevent scratches.
- Always tighten all screws and bolts securely. Periodically check and re-tighten fasteners.
- Do not stand or sit on the table.
- Keep children and pets away from the assembly area.
- Use caution when extending or retracting the table to avoid pinching fingers.
- Place the table on a level surface to ensure stability.

SETUP INSTRUCTIONS

The Homall Extendable Aluminum Garden Table is designed for easy assembly. Follow these steps carefully:

1. Unpack all components and lay them out on a protective surface. Verify all parts against the included parts list.
2. Attach the legs to the tabletop frame using the provided hardware. Ensure all connections are firm.
3. Once the main frame is assembled, carefully turn the table upright.
4. Check the stability of the table. If it wobbles, re-check all connections.

Image: A visual representation of the four assembly steps for the table, showing the frame and legs being connected.

OPERATING INSTRUCTIONS: EXTENDING THE TABLE

Your Homall garden table features an extendable design, allowing you to adjust its length to accommodate more guests. The table can extend from 130 cm to 260 cm in length.

1. **Preparation:** Ensure there is enough clear space around the table for extension.
2. **Unlock:** Locate any locking mechanisms under the tabletop and release them.
3. **Pull Apart:** Gently pull the two halves of the tabletop apart. The table uses high-quality metal slide rails for smooth operation.

- 4. Insert Extension Leaf:** The extension leaf is stored within the table. Lift and position the leaf into the gap created by pulling the table halves apart.
- 5. Close Halves:** Push the two halves of the tabletop back together until they meet the extension leaf and form a continuous surface.
- 6. Lock:** Re-engage any locking mechanisms to secure the table in its extended position.

To retract the table, reverse these steps: unlock, pull halves apart, remove extension leaf, push halves together, and lock.

Image: A diagram illustrating the table's extension capability, showing its compact size for 4-6 people and its extended size for 8-10 people.

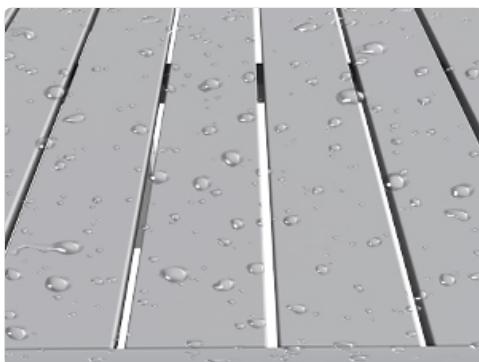

Image: A detailed view of the high-quality metal slide rail system, designed for smooth and effortless table extension.

MAINTENANCE

To ensure the longevity and appearance of your Homall Aluminum Garden Table, follow these maintenance guidelines:

- Cleaning:** Wipe the table regularly with a soft, damp cloth. For stubborn dirt, use a mild soap solution and rinse thoroughly with water. Avoid abrasive cleaners or harsh chemicals.
- Waterproof Feature:** The table surface is waterproof. Liquids can be easily wiped away without causing damage.
- Rust Resistance:** The aluminum construction is naturally rust-resistant, making it suitable for outdoor use.
- Scratch Resistance:** The table features a scratch-resistant surface. However, avoid dragging sharp objects across it to prevent damage.
- High-Performance Powder Coating:** The table is finished with a high-performance powder coating, which enhances its weather resistance and provides a durable, rust-free surface.
- Seasonal Care:** During prolonged periods of non-use or harsh weather conditions, consider covering the table or storing it indoors to further protect it.
- Fastener Check:** Periodically check all screws and bolts and re-tighten them as necessary to maintain stability.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is wobbly.	Loose fasteners; uneven surface.	Check and tighten all screws and bolts. Move the table to a level surface.
Table extension is stiff.	Rails are dirty or dry.	Clean the slide rails. Apply a silicone-based lubricant if necessary (avoid oil-based lubricants).

Problem	Possible Cause	Solution
Scratches on the surface.	Sharp objects or abrasive cleaning.	While the table is scratch-resistant, deep scratches can occur. Use placemats and avoid abrasive materials.

SPECIFICATIONS

Brand: Homall

Model Number: GMS0125

Material: Aluminum frame, Metal top

Color: Light Grey

Dimensions (Compact): 80 cm (W) x 130 cm (L) x 75 cm (H)

Dimensions (Extended): 80 cm (W) x 260 cm (L) x 75 cm (H)

Weight: 21 Kilograms

Features: Waterproof, Scratch-resistant, Rust-resistant, Extendable design

Capacity: Accommodates 6 to 10 people (depending on extension)

Image: A diagram illustrating the key dimensions of the table, including its length in compact (130cm) and extended (260cm) configurations, width (80cm), and height (75cm).

WARRANTY INFORMATION

Homall offers a **2-year repair warranty** for this product. If any defect occurs within 2 years of purchase, we will provide replacement parts for repair.

Additionally, if you are not satisfied with the product within 30 days of purchase, you may return it according to the retailer's return policy.
