4. SETUP

4.1 Charging the Speaker

The AL-212 speaker is battery-powered. Before first use, fully charge the speaker using the provided power adapter. The charging indicator light will show the charging status and turn off when fully charged.

4.2 Initial Power On

Press and hold the Power button on the top panel to turn on the speaker. You will hear a power-on prompt, and the LED lights will illuminate.

5. OPERATING INSTRUCTIONS

5.1 Bluetooth Pairing

1. Turn on the speaker. It will automatically enter Bluetooth pairing mode, indicated by a flashing 'BLUE' on the display and an audible prompt.
2. Enable Bluetooth on your smartphone, tablet, or other Bluetooth-enabled device.
3. Search for "AL-212" in the list of available devices and select it to connect.
4. Once connected, you will hear a confirmation sound, and the 'BLUE' indicator will stop flashing.

5.2 True Wireless Stereo (TWS) Pairing

To achieve a stereo sound experience, you can pair two AL-212 speakers together using the TWS function.

1. Ensure both AL-212 speakers are powered on and not connected to any Bluetooth device.
2. Press the 'TWS' button on one of the speakers. It will emit a sound indicating it's searching for another speaker.
3. The two speakers will automatically connect to each other. Once connected, you will hear a confirmation sound.
4. Now, connect your Bluetooth device to one of the paired speakers (the master speaker) as described in Section 5.1. Audio will play in stereo through both speakers.

Double the Impact, Double the Fun

Image: A simplified diagram showing two AL-212 speakers with a dotted line and 'TWS' label, illustrating the True Wireless Stereo connection.

5.3 USB/TF Card Playback

Insert a USB flash drive or TF (MicroSD) card into the respective port. The speaker will automatically switch to

USB/TF mode and begin playing audio files. Use the Play/Pause and Previous/Next Track buttons to control playback.

5.4 AUX Input

Connect an external audio device (e.g., MP3 player, laptop) to the AUX input port using a 3.5mm audio cable. The speaker will automatically switch to AUX mode. Control playback from your connected device.

5.5 Microphone Usage

Connect the provided wired microphone to the Microphone Input port. Adjust the microphone volume using the 'Mic Vol' knob and add echo effects with the 'Echo' knob. You can sing along with music playing from any source.

5.6 FM Radio

Press the 'Mode' button until you hear the FM radio prompt. Press the 'Play/Pause' button to auto-scan and save available FM stations. Use the Previous/Next Track buttons to switch between saved stations.

5.7 LED Light Modes

Press the 'LED Mode' button to cycle through different LED light patterns and effects. Press it repeatedly to find your preferred lighting display.

5.8 Remote Control Functions

The included remote control provides convenient access to all speaker functions from a distance. Refer to the remote control diagram in the package for specific button layouts and functions.

6. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the speaker's exterior. Do not use abrasive cleaners, waxes, or solvents.
- **Storage:** When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the speaker frequently. Charge it regularly, even if not in use.
- **Water Exposure:** This speaker is not waterproof. Avoid exposing it to water or excessive moisture.

7. TROUBLESHOOTING

If you encounter issues with your AL-212 speaker, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Speaker does not power on.	Battery is low or depleted.	Connect the speaker to the power adapter and charge it fully.
No sound output.	Volume is too low; Incorrect mode selected; Device not connected properly.	Increase the speaker volume. Ensure the correct input mode (Bluetooth, AUX, USB/TF) is selected. Reconnect your device.
Bluetooth connection fails.	Speaker is not in pairing mode; Device is too far; Interference.	Ensure the speaker is in Bluetooth pairing mode. Move your device closer to the speaker. Avoid obstacles and other wireless devices.
Microphone not working.	Microphone not plugged in correctly; Mic volume is low.	Ensure the microphone is securely plugged into the correct input. Increase the 'Mic Vol' knob.
TWS pairing fails.	Speakers are already connected to another device; Speakers are too far apart.	Disconnect both speakers from any Bluetooth devices. Ensure they are within close proximity (within 10 meters) during pairing.
