HoMedics Drift Sandscape Solid Wood Stand Instruction Manual

Model: STS-400-WN (21-inch, Black Walnut)

INTRODUCTION

Thank you for choosing the HoMedics Drift Sandscape Solid Wood Stand. This stand is designed to elevate your HoMedics Drift Sandscape, allowing for optimal viewing and seamless integration into your living space. This manual provides essential information for the proper assembly, use, and care of your new stand.

PACKAGE CONTENTS

Please ensure all items are present before beginning assembly:

- HoMedics Solid Wood Stand Components (legs, support blocks)
- Assembly Hardware (screws)
- Instruction Manual
- 1-Year Warranty Information

ASSEMBLY INSTRUCTIONS

Assembly of the HoMedics Drift Sandscape Solid Wood Stand is quick and straightforward. A Phillips head screwdriver (not included) is required.

1. Carefully unpack all components from the packaging.
2. Identify the stand legs and support blocks. The stand typically consists of two main wood pieces and five screws.
3. Align the stand legs with the designated slots on the support blocks. Ensure the pieces fit snugly.
4. Using a Phillips head screwdriver, secure the legs to the support blocks with the provided screws. Do not overtighten.
5. Once assembled, place the stand on a flat, stable surface.

6. Carefully place your HoMedics Drift Sandscape (sold separately) onto the top of the assembled stand. Ensure it is centered and stable.

PLACEMENT AND USE

The HoMedics Drift Landscape Solid Wood Stand is designed to provide a stable and aesthetically pleasing base for your Drift Landscape. Place the assembled stand on a level surface in your desired location. Ensure the area is free from obstructions and provides adequate space for the landscape. Once the stand is in place, carefully position your HoMedics Drift Landscape on top. The stand elevates the sand table, offering a clearer view of its intricate patterns.

CARE AND MAINTENANCE

To ensure the longevity and appearance of your HoMedics Drift Landscape Solid Wood Stand, follow these care guidelines:

- **Cleaning:** Wipe the stand with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or polishes that may damage the wood finish.
- **Placement:** Avoid placing the stand in direct sunlight or near heat sources, as this can cause the wood to warp or fade.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood.
- **Stability:** Periodically check the screws to ensure they remain tight. Retighten if necessary to maintain stability.
