## AIHYING T003

# AIHYING Kitty Night Light User Manual

Model: T003

## 1. INTRODUCTION

---

Thank you for choosing the AIHYING Kitty Night Light. This 3D illusion lamp is designed to provide a soothing and enchanting environment with its 16 color-changing options and versatile control methods. This manual provides essential information for the safe and effective use of your new night light.

## 2. SAFETY INFORMATION

---

- Keep the device away from water and moisture.
- Do not attempt to disassemble or repair the device yourself. Contact qualified personnel for service.
- Use only the provided USB cable for power.
- Ensure the device is placed on a stable, flat surface.
- This product is intended for indoor use only.

## 3. PACKAGE CONTENTS

---

- 1 x Kitty 3D Acrylic Panel
- 1 x Crack Base
- 1 x USB Cable
- 1 x Remote Control
- 1 x User Manual

## 4. SETUP

---

1. Carefully remove all components from the packaging.
2. Remove the protective film from both sides of the acrylic panel.
3. Insert the acrylic panel into the slot on the crack base. Ensure it is firmly seated.
4. Connect the USB cable to the base and plug the other end into a USB power adapter (not included) or a USB port. Alternatively, insert three AA batteries (not included) into the base for wireless operation.

For a visual guide on setup, please refer to the video below:

## 5. OPERATING INSTRUCTIONS

### 5.1 Touch Control

Press the touch button on the base to cycle through the 7 primary colors (Red, Green, Blue, Yellow, Cyan, Purple, White). A long press will turn the light off. The last color setting will be remembered when the light is turned back on.

## 5.2 Remote Control

The remote control offers extended functionality:

- **ON/OFF:** Turn the light on or off.
- **Color Selection:** Choose from 16 static colors directly.
- **Brightness Adjustment:** Use the dimming buttons to increase or decrease light intensity.
- **Flash Mode:** Cycles through colors quickly.
- **Strobe Mode:** Flashes a single color.
- **Fade Mode:** Smoothly transitions between colors.
- **Smooth Mode:** Gradual color change.

## 6. MAINTENANCE

- To clean the acrylic panel, gently wipe it with a soft, lint-free cloth. Avoid abrasive cleaners or materials that could scratch the surface.
- Keep the base free from dust and debris.
- If using batteries, replace them when the light dims or stops functioning correctly.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	No power connection or dead batteries.	Check USB connection or replace batteries.
Remote control not working.	Remote battery is low or line of sight is blocked.	Replace remote battery or ensure clear path to the base.
Colors are not changing.	Incorrect mode selected or touch sensor issue.	Try using the remote control. Ensure touch sensor is clean.
