

## PRITECH US-BCM-1485-0

# PRITECH Silicone Facial Cleansing Brush with Heat Massage End

Brand: PRITECH

Model: US-BCM-1485-0

## PRODUCT OVERVIEW

The PRITECH Silicone Facial Cleansing Brush is a rechargeable, waterproof device designed for deep facial cleansing and massage. It features ultra-soft silicone bristles, multiple vibration levels, and a unique heated metal end for enhanced skincare product absorption. This manual provides detailed instructions for safe and effective use of your device.

## KEY FEATURES

- **Vibration Deep Cleaning:** Offers 5 adjustable vibration levels (3 for cleansing, 2 for massage) to effectively remove oils, dirt, and makeup residue, promoting cleaner skin and stimulating circulation.
- **Ultra-Soft Silicone:** Made with soft, odorless silicone bristles that are gentle on all skin types, preventing damage to the skin barrier and helping to address issues like enlarged pores and blackheads.
- **Heated Massage Metal Head:** Features a metal end with a 40°C constant temperature heating function. This helps skincare products penetrate the skin more effectively after cleansing.
- **Compact and Convenient:** Small, waterproof, and rechargeable design makes it ideal for daily home use and travel.
- **Practical Stand Base:** Includes a stand for easy storage, keeping the brush head clean and preventing tilting.

## SETUP

### Charging the Device

Before first use, fully charge the device. Connect the provided USB cable to the charging port located at the bottom of the device. The indicator light will show charging status. A full charge takes approximately 2 hours and provides up to 210 minutes of use.

# CONCEALED CHARGING PORT

Long battery lasting

Puncture and charge  
2hours full charge=210minutes uses

## Initial Preparation

Ensure the device is clean before its first use. Rinse the silicone bristles under warm water.

## OPERATING INSTRUCTIONS

### Cleansing Mode (Vibration Levels 1-3)

1. Wet your face and apply your preferred facial cleanser.
2. Press the power button to turn on the device.
3. Press the speed button to select vibration levels 1-3 for cleansing.
4. Gently move the silicone brush in circular motions across your face to remove dirt, oil, and makeup.
5. Rinse your face thoroughly after cleansing.

### Massage Mode with Heat (Vibration Levels 4-5)

1. After cleansing, apply your essence or serum to your face.
2. Press the speed button to select vibration levels 4-5 for massage.
3. Press the heating button (marked with a temperature symbol) to activate the 40°C constant temperature

function on the metal end.

4. Use the heated metal end to make circular motions on your face, helping skincare products penetrate more effectively.

## MAINTENANCE

### Cleaning the Brush

After each use, rinse the silicone bristles thoroughly with water. You may use a mild soap if necessary. Ensure all cleanser residue is removed. Do not use abrasive cleaners or brushes that could damage the silicone.

### Storage

After cleaning, allow the device to air dry. Store the facial cleansing brush securely on its provided stand in a clean, dry place to maintain hygiene and prevent damage.

# BRACKET DESIGN

Keeping it clean & Easy to store

## TROUBLESHOOTING

If you experience any issues with your PRITECH Silicone Facial Cleansing Brush, please consider the following:

- **Device not turning on:** Ensure the device is fully charged. Connect it to the USB cable and allow sufficient time for charging.
- **Weak vibration:** The battery might be low. Recharge the device.
- **Heat function not working:** Ensure the heating button is pressed and the device has enough charge.
- **Ineffective cleaning:** Ensure you are using an appropriate facial cleanser and moving the brush in circular motions as directed. Clean the brush head regularly.

For further assistance, please refer to the warranty and support section.
