saschedross AC Adapter User Manual

Model: B0CZ92ZP71 | Brand: saschedross

Introduction

This manual provides essential information for the safe and efficient use of your saschedross AC Adapter. This adapter is designed as a replacement power supply for the LYKOCLEAN Sylva120 Silver-1 Hydroponics Growing System, Full-Spectrum 36W Grow Light, and other compatible 12VDC devices. Please read these instructions carefully before installation and operation, and retain them for future reference.

Safety Information

Always observe the following safety precautions to prevent injury or damage to the product and connected devices:

- Ensure the input voltage of the adapter (110V AC) matches your power outlet specifications.
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to open, modify, or repair the adapter. Refer all servicing to qualified personnel.
- Keep the adapter away from children and pets.
- Unplug the adapter from the power outlet when not in use for extended periods.
- Ensure proper ventilation around the adapter during operation to prevent overheating.

Package Contents

Verify that all items are present in your package:

- 1 x saschedross AC Adapter Unit (Black)
- 1 x AC Power Cord (Type A - 2 pin, North American)

Setup Instructions

Follow these steps to correctly set up your AC adapter:

1. **Connect the AC Power Cord:** Take the AC power cord and connect its 2-pin female end to the corresponding 2-pin male input on the saschedross AC adapter unit. Ensure it is firmly seated.
2. **Connect to Device:** Plug the DC output connector of the AC adapter into the 12VDC input port of your LYKOCLEAN Sylva120 Hydroponics Growing System or other compatible device.
3. **Connect to Wall Outlet:** Insert the 2-pin Type A plug of the AC power cord into a standard 110V AC wall outlet. The adapter's indicator light should illuminate, signifying power is being supplied.

Operating Instructions

Once properly connected, the saschedross AC Adapter operates automatically. The green indicator light on the adapter unit confirms that power is being supplied. Your connected device, such as the LYKOCLEAN Sylva120 Hydroponics Growing System, should now receive power and function as intended. No further user interaction is required for the adapter itself during operation.

Maintenance

To ensure the longevity and optimal performance of your AC adapter:

- **Cleaning:** Disconnect the adapter from the power source and the device before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cables too tightly to prevent

damage.

- **Inspection:** Periodically inspect the power cord and adapter unit for any signs of damage, such as frayed wires or cracks. If damage is found, discontinue use immediately.

Troubleshooting

If you encounter issues with your AC adapter, refer to the following table:

Problem	Possible Cause	Solution
Adapter indicator light is off.	No power from outlet; loose connection; faulty adapter.	Check wall outlet with another device; ensure all connections are secure; try a different outlet. If still off, the adapter may be faulty.
Connected device is not powering on.	Adapter not supplying power; device issue; incorrect adapter.	Verify adapter indicator light is on; ensure adapter is compatible with your device (12VDC, 36W); test device with another known working power supply if possible.
Adapter feels excessively hot.	Overload; poor ventilation; internal fault.	Ensure the connected device does not exceed 36W; provide adequate ventilation around the adapter; discontinue use if overheating persists and contact support.

Specifications

Technical details for the saschedross AC Adapter:

Feature	Specification
Brand	saschedross
Model Number (ASIN)	B0CZ92ZP71
Input Voltage	110 volts AC
Output Voltage	12V DC
Wattage	36 watts
Connector Type (Output)	2-Pin
Power Plug Type (Input)	Type A - 2 pin (North American)
Color	Black
Compatible Devices	LYKOCLEAN Sylva120 Silver-1 LYKO YKO Hydroponics Growing System Indoor Garden Full-Spectrum 36W Grow Light Indoor Herb 12VDC
Manufacturer	Shenzhen Waweis Technology Co., Ltd
