

Maclean MC-951

Maclean Monitor/Laptop Stand MC-951 (32-70") Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Maclean MC-951 Monitor/Laptop Stand. This robust stand is designed to securely hold monitors or laptops ranging from 32 to 70 inches, with a maximum load capacity of 20 kg. Its ergonomic design includes a 3-level height adjustment and a perforated surface for optimal ventilation, ensuring stable and safe use for your electronic devices.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Do not exceed the maximum load capacity of 20 kg.
- Ensure all screws and connections are securely tightened before placing any equipment on the stand.
- Keep children and pets away from the stand during assembly and operation.
- Use the stand on a stable, level surface.
- Avoid placing the stand in high-traffic areas where it could be accidentally bumped.

3. PACKAGE CONTENTS

Please verify that all components are present and undamaged before proceeding with assembly. If any parts are missing or damaged, contact customer support.

- Main support columns (2)
- Base with wheels (1)
- VESA mounting plate (1)
- Media shelf (1)
- Hardware kit (screws, washers, tools)
- Instruction manual (this document)

4. SETUP AND ASSEMBLY

Follow these steps carefully for proper assembly.

Step 4.1: Assemble the Base

Attach the wheeled base to the bottom of the main support columns. Ensure the wheels are securely fastened and can rotate freely.

Step 4.2: Attach the Media Shelf

Slide the media shelf onto the main support columns at your desired height. Secure it using the provided screws. The shelf features a perforated surface for ventilation.

Step 4.3: Install the VESA Mounting Plate

Attach the VESA mounting plate to the top of the main support columns. This plate will hold your monitor or TV.

Step 4.4: Mount Your Display

Carefully attach your monitor or TV to the VESA mounting plate using the appropriate screws from the hardware kit. Ensure the VESA pattern on your display matches the stand's compatibility.

5. OPERATING INSTRUCTIONS

5.1 Adjusting Height

The stand offers 3-level height adjustment. To adjust the height, loosen the locking mechanisms on the main support columns, carefully raise or lower the VESA plate and media shelf to the desired position, and then securely tighten the locking mechanisms. Ensure both columns are adjusted to the same height for stability.

5.2 Moving the Stand

The stand is equipped with caster wheels for easy mobility. To move the stand, ensure the display is securely mounted and any cables are managed to prevent snagging. Unlock the wheels if they are locked, and gently push the stand to its new location. Lock the wheels once the stand is in its desired position to prevent accidental movement.

5.3 Using the Media Shelf

The integrated media shelf is suitable for placing laptops, projectors, or other accessories. The perforated design helps dissipate heat, maintaining optimal operating temperatures for your devices.

6. MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Wheel Care:** Keep the caster wheels free of dust and debris to ensure smooth movement.

7. TROUBLESHOOTING

- **Stand is wobbly:** Ensure all assembly screws are fully tightened. Verify the stand is on a level surface.
- **Wheels not moving smoothly:** Check for debris caught in the wheels. Clean as necessary. Ensure wheel locks are disengaged.
- **Monitor not fitting VESA mount:** Confirm your monitor's VESA pattern (e.g., 100x100mm, 200x200mm) is compatible with the stand's mounting plate. Refer to your monitor's manual for VESA specifications.

8. SPECIFICATIONS

Model Number	MC-951
Brand	Macleam
Compatible Screen Size	32 - 70 inches
Maximum Load Capacity	20 kg
Material	Metal
Color	Black
VESA Mount Type	Autonome (Freestanding)
Movement Type	Rotatif (Rotary)
Maximum Tilt Angle	10 degrees
Product Dimensions (L x W x H)	1 x 1 x 1 cm; 11.34 kilograms (shipping dimensions)
Country of Origin	China
