Yaheetech MM-00136656

Yaheetech Double Upholstered Bed Frame Instruction Manual

Model: MM-00136656 | Brand: Yaheetech

INTRODUCTION

Thank you for choosing the Yaheetech Double Upholstered Bed Frame. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY WARNINGS

- **Maximum Weight Capacity:** Do not exceed the maximum weight capacity of 363 kg (approximately 800 lbs). Exceeding this limit may result in structural failure and injury.
- **Assembly:** Assemble the bed frame carefully and precisely according to the provided instructions. Incorrect assembly can compromise stability and lead to collapse.
- **Regular Checks:** Periodically check all bolts and fasteners to ensure they remain tight. Loose connections can affect the bed frame's stability and safety.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.

PACKAGE CONTENTS

Your Yaheetech Double Upholstered Bed Frame is shipped in two separate boxes. The arrival times for these boxes may vary due to logistics. Please ensure you have received all components before beginning assembly.

- 1 x Upholstered Bed Frame (Headboard, Side Rails, Footboard)
- 10 x Wood Slats
- 1 x Hardware Pack (bolts, washers, nuts, tools)
- 1 x Assembly Manual

SPECIFICATIONS

Model Number	MM-00136656
Color	Beige
Materials	Velvet Fabric, Foam, Plywood, Metal
Assembled Dimensions (L x W x H)	195 x 141 x 106.5-116.5 cm (76.8 x 55.5 x 41.9-45.9 inches)
Applicable Mattress Size	190 cm x 135 cm (74.8 x 53.1 inches) - Double (4ft6)
Headboard Height Adjustment Range	106.5 cm to 116.5 cm (41.9 to 45.9 inches)
Distance from Headboard to Bed Base	20.5-30.5 cm (8.1-12 inches)
Bed Base Height	32 cm (12.6 inches)
Slat Spacing	12-12.5 cm (4.7-4.9 inches)
Ground Clearance	16 cm (6.3 inches)
Maximum Load Capacity	363 kg (800 lbs)
Item Weight	32.26 kg (71.1 lbs)

Note: Dimensions may vary slightly by 1 cm due to manufacturing processes.

SETUP INSTRUCTIONS

Follow these steps for assembling your Yaheetech bed frame. It is recommended to have two people for assembly.

- 1. Unpack Components:** Carefully unpack all parts from both boxes. Lay them out on a clean, soft surface to prevent scratches. Verify all parts are present against the parts list in your assembly manual.
- 2. Assemble Headboard and Footboard:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure but do not fully tighten bolts until the frame is fully assembled.
- 3. Install Center Support:** Attach the center support beam and legs to the frame. These are crucial for the bed's stability and weight distribution.
- 4. Place Wood Slats:** Position the wood slats across the frame. The slats are designed for simple assembly, often using hook & loop fasteners or a joining mechanism to prevent missing parts and ensure even spacing. Ensure each slat is securely in place. The slats are equipped with noise-free EVA foam to prevent squeaking.
- 5. Tighten All Bolts:** Once the entire frame is assembled and all components are in their correct positions, go back and fully tighten all bolts and fasteners.
- 6. Adjust Headboard Height:** The headboard features an adjustable height mechanism. You can set it to your preferred height (between 106.5 cm and 116.5 cm) to accommodate different mattress thicknesses or aesthetic preferences. Refer to the diagram below for adjustment points.

OPERATING INSTRUCTIONS

Your Yaheetech bed frame is designed for straightforward use.

- **Mattress Placement:** Place your mattress directly onto the wood slats. A box spring is not required for this bed frame. Ensure your mattress size is compatible with the frame's dimensions (190 cm x 135 cm).
- **Headboard Adjustment:** If you need to change the headboard height after initial assembly, carefully loosen the securing bolts, adjust the headboard to the desired position, and then re-tighten the bolts firmly.
- **Weight Distribution:** Distribute weight evenly across the bed surface to maintain stability and prolong the life of the frame and slats.

MAINTENANCE

Proper care will ensure the longevity and appearance of your bed frame.

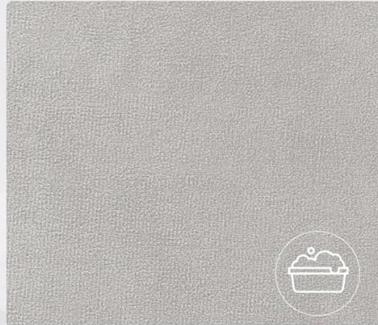

- **Cleaning the Velvet Fabric:** The soft velvet upholstery is generally easy to clean. For light dust, use a soft brush or a vacuum cleaner with an upholstery attachment. For spills, blot immediately with a clean, dry cloth. For tougher stains, consult a professional upholstery cleaner or use a mild fabric cleaner specifically designed for velvet, testing on an inconspicuous area first. Avoid harsh chemicals or excessive moisture.
- **Frame Inspection:** Periodically inspect the metal-wood frame and all support legs for any signs of damage or loosening. Tighten any loose bolts or screws.
- **Ground Clearance:** The 16 cm (6.3 inches) ground clearance allows for easy cleaning underneath the bed, including access for robotic vacuum cleaners.

SOFT & COMFORTABLE VELVET

High-density Foam

Great air permeability

Easy to Clean

Soft and bump-proof

TROUBLESHOOTING

- Squeaking Noises:** If you experience squeaking, ensure all bolts and fasteners are securely tightened. The wood slats are designed with noise-free EVA foam to minimize sound, but loose connections can still cause noise. Re-check the assembly of the center support and legs.
- Instability:** If the bed frame feels unstable, verify that all components are correctly assembled and all bolts are fully tightened. Ensure the bed is placed on a flat, even surface.
- Missing Parts/Separate Deliveries:** The product is shipped in two boxes. If you only receive one package, please wait 2-3 days for the second package to arrive before contacting customer support, as delivery times may vary.

WARRANTY AND SUPPORT

For specific warranty information, please refer to the documentation included with your purchase or contact Yaheetech customer service directly. If you encounter any issues or require assistance with your bed frame, please reach out to Yaheetech's specialized customer support team. Contact details can typically be found on the Yaheetech official website or through your purchase platform.
