# **Baseus Bowie 30 Max Active Noise Cancelling Headphones**

Image: Baseus Bowie 30 Max Active Noise Cancelling Headphones in black.

#### 1. Introduction

The Baseus Bowie 30 Max headphones are designed to provide a superior audio experience with advanced features such as Active Noise Cancellation, Head Tracking Spatial Audio, and Hi-Res Wireless Sound. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your headphones to ensure optimal performance.

#### 2. What's in the Box

Verify that all items are present in the package:

- Bowie 30 Max Noise Cancelling Headphones
- USB-C Charging Cable
- 3.5mm Audio Cable

User Manual

#### 3. Product Overview

Familiarize yourself with the various components and controls of your Baseus Bowie 30 Max headphones.

Image: Diagram illustrating the location and function of buttons and ports on the Baseus Bowie 30 Max headphones.

- ANC Button: Toggles Active Noise Cancellation (ANC) on/off or Transparency mode.
- Volume Buttons (+/-): Adjusts volume. Long press for previous/next track.
- · Multifunction Button:
  - Double press: Toggles Spatial Audio (Off/Fixed/Head Tracked).
  - Single press: Answer/Hang up calls, Play/Pause music.
  - Long press (1.5s): Decline incoming calls.
- USB-C Port: For charging the headphones.
- 3.5mm Audio Jack: For wired connection using the included audio cable.

#### 4. Setup

#### 4.1 Initial Charging

Before first use, fully charge your headphones. Connect the provided USB-C charging cable to the headphone's USB-C port and the other end to a USB power source. The indicator light will show charging status and turn off when fully charged.

### 4.2 Bluetooth Pairing

- 1. Ensure the headphones are powered off.
- 2. Press and hold the Power button until the indicator light flashes blue and red, indicating pairing mode.

- 3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for "Baseus Bowie 30 Max".
- 4. Select the headphones from the list to connect. A voice prompt will confirm successful pairing.

### 4.3 Baseus App Installation

For full functionality and customization, download the official Baseus App from your device's app store. The app allows for EQ customization, noise cancellation level adjustment, and more.

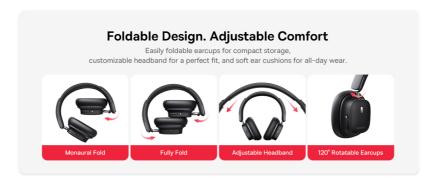

Image: Screenshot of the Baseus App interface, showcasing features like Spatial Acoustics, Ambient Sound, Bass Enhancement, and Low-Latency Mode.

### 5. Operating Instructions

### 5.1 Active Noise Cancellation (ANC) and Transparency Mode

Press the ANC button to cycle through ANC On, ANC Off, and Transparency modes. ANC effectively eliminates up to 96% of external noise, while Transparency mode allows you to hear your surroundings without removing the headphones.

### 5.2 Spatial Audio with Head Tracking

Double-press the Multifunction button to activate Spatial Audio. You can choose between Off, Fixed, and Head Tracked modes. Head Tracking Spatial Audio provides an immersive 3D audio experience where sound remains fixed in space relative to your device, even as you move your head.

### 5.3 Call Management

- Answer/End Call: Press the Multifunction button once.
- Decline Call: Press and hold the Multifunction button for 1.5 seconds.

### 5.4 Music Playback

- Play/Pause: Press the Multifunction button once.
- Next Track: Long press the Volume + button.
- Previous Track: Long press the Volume button.

### 6. Maintenance

Proper care ensures the longevity of your headphones.

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. The foldable design allows for compact storage.
- Water Resistance: These headphones are *not water resistant*. Avoid exposure to liquids, moisture, and humidity.

## 7. Troubleshooting

If you encounter issues with your headphones, refer to the following common solutions:

• **Headphones not powering on:** Ensure the headphones are fully charged. Connect them to a power source and try again.

### · Cannot pair with device:

- Ensure Bluetooth is enabled on your device and the headphones are in pairing mode (flashing blue and red light).
- Move the headphones closer to your device.
- Forget the device from your Bluetooth list and try pairing again.
- Restart both the headphones and your device.

### • No sound or poor sound quality:

- Check the volume levels on both the headphones and your connected device.
- Ensure the headphones are properly connected via Bluetooth or the 3.5mm audio cable.
- If using the app, check EQ settings and ensure they are not set to an extreme.
- Try playing audio from a different source or device.

#### • ANC not working effectively:

- Ensure ANC mode is activated (not Transparency mode).
- Check the fit of the earcups to ensure a proper seal around your ears.
- · Adjust noise cancelling levels via the Baseus App.
