CULT LUXE

CULT Cult Luxe Massage Chair User Manual

Model: LUXE

1. INTRODUCTION

Thank you for choosing the CULT Cult Luxe Massage Chair. This manual provides essential information for the safe and effective use, setup, operation, and maintenance of your new massage chair. Please read this manual thoroughly before use and retain it for future reference.

2. SAFETY INFORMATION

Please read all safety warnings and instructions carefully before operating the massage chair to prevent injury or damage.

- **Power Supply:** The massage chair requires a stable power supply. It is recommended to use a stabilizer (1000 VA recommended) to ensure optimal performance and longevity. The rated voltage should be between 220 - 240V.
- **Warranty:** A 2-year warranty is provided against manufacturing defects and electronic parts, valid only if used with a stabilizer as recommended.
- **Placement:** Ensure the chair is placed on a flat, stable surface. Allow sufficient space around the chair for recline and movement.
- **Children and Pets:** Keep children and pets away from the massage chair, especially during operation.
- **Medical Conditions:** Consult a physician before use if you have any medical conditions, are pregnant, or have a pacemaker.
- **Cleaning:** Disconnect from power before cleaning. Use a soft, dry cloth. Do not use abrasive cleaners or liquids.

3. SETUP AND ASSEMBLY

The CULT Cult Luxe Massage Chair requires assembly. Please follow the detailed assembly instructions provided in the separate assembly guide included with your product. Ensure all components are securely fastened before initial use.

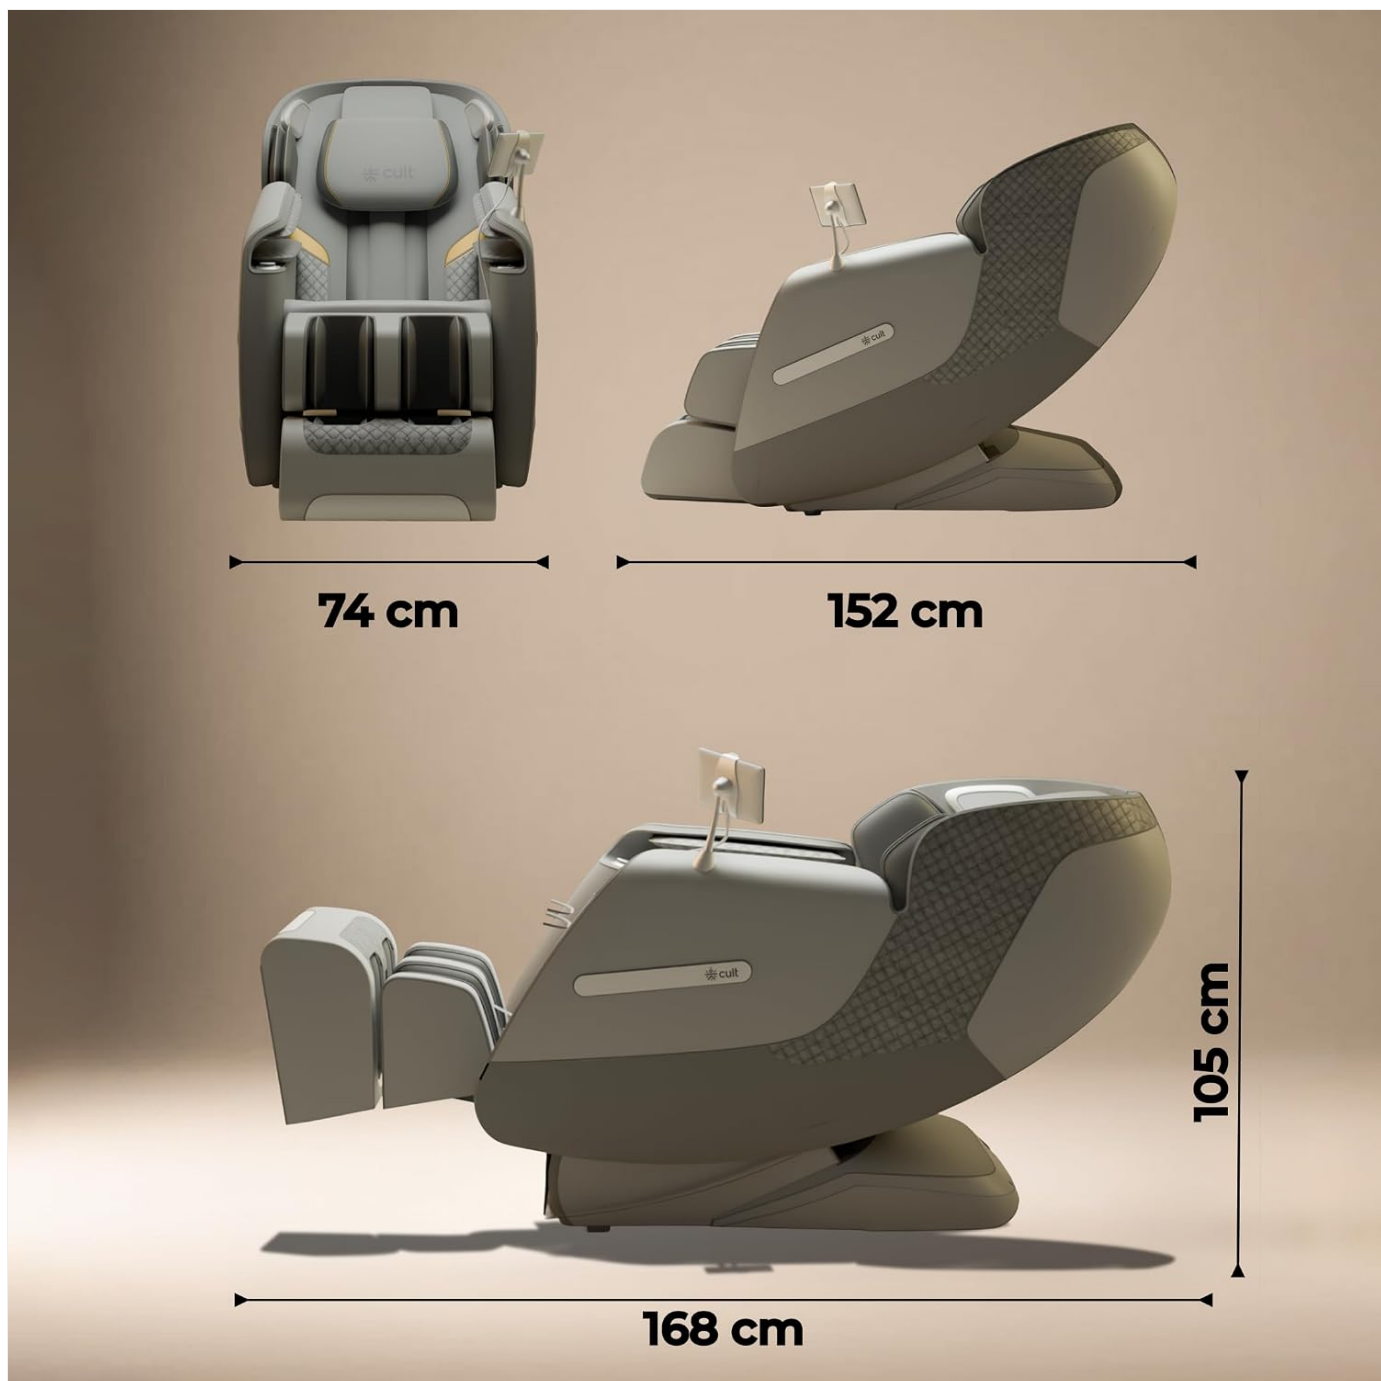

Image 2: Product dimensions of the massage chair, indicating 74 cm width, 152 cm depth (reclined), 105 cm height, and 168 cm total length when fully extended.

4. OPERATING INSTRUCTIONS

The Cult Luxe Massage Chair offers multiple control methods and a variety of massage programs to customize your experience.

4.1 Control Methods

You can control your massage chair using three smart methods:

1. **Smart Screen Control:** Use the integrated touchscreen panel for intuitive navigation and program selection.
2. **Quick Buttons:** Conveniently located buttons provide quick access to essential functions.
3. **AI Voice Control:** Utilize voice commands for hands-free operation and program adjustments.

4.2 Massage Programs and Techniques

The chair features 18 preset programs and offers versatile massage techniques:

- **Kneading:** Circular motions to relieve muscle tension.
- **Knocking:** Rhythmic tapping to stimulate muscles.
- **Tapping:** Gentle, rapid percussion for relaxation.
- **Shiatsu:** Pressure point massage to soothe and invigorate.
- **Rubbing:** Gliding motions for broad muscle relief.

Extra-long track for complete relief
from head to toe

Image 5: The 3D SL-Track system is shown, indicating its reach from the head down to the buttocks for a complete body massage.

5. KEY FEATURES

5.1 Zero-Gravity Recline

The zero-gravity recline position distributes your body weight evenly, reducing pressure on the spine and enhancing the depth and effectiveness of the massage. The chair offers a full 180-degree range of recline for total relaxation. Recommended user height is between 150-180 cm.

Experience Weightless Relaxation

total relaxation

Initial Recline

Comfort Recline

Deep Recline

Image 6: The zero-gravity recline feature is demonstrated through three stages: initial, comfort, and deep recline, providing a weightless sensation.

5.2 Airbag Compression System

Strategically placed airbags provide a compression massage, improving circulation and relieving muscle fatigue. Airbags are located in the shoulders, waist, hips, arms, and legs.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your massage chair.

- **Cleaning:** Wipe the chair with a soft, damp cloth. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use for extended periods, store the chair in a cool, dry place away from direct sunlight.
- **Inspection:** Periodically check for any loose connections or damaged parts. Contact customer support if any issues are found.

7. TROUBLESHOOTING

If you encounter any issues with your massage chair, refer to the following common solutions:

Problem	Possible Cause	Solution
Chair does not power on	Power cord not connected; Power outlet fault; Stabilizer issue	Ensure power cord is securely plugged in. Check the power outlet with another device. Verify stabilizer is functioning correctly.
Massage intensity is weak	Incorrect program selected; Airbag pressure setting too low	Select a different massage program or adjust the intensity settings via the control panel.
Unusual noise during operation	Loose component; Obstruction	Turn off the chair and inspect for any visible obstructions or loose parts. If the noise persists, contact customer support.

For issues not listed here, please contact customer support.
