ABAC Vintage Hymn

ABAC Solid Gel Nail Polish Kit User Manual

Model: Vintage Hymn | Brand: ABAC

INTRODUCTION

Welcome to the user manual for your ABAC 24 Color Hema-Free Solid Gel Nail Polish Kit. This kit provides a versatile palette of 24 colors, including solid and glitter shades, designed for various nail art techniques such as pat paint and ombre art. The solid gel formula offers easy application and control, minimizing drips and spills. This manual will guide you through the proper use, maintenance, and care of your product to ensure optimal results and longevity.

SAFETY INFORMATION

This product is designed for external use on nails only. Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water. If irritation occurs, discontinue use and consult a medical professional. Always perform a patch test on a small area of skin before full application to check for sensitivities or allergic reactions. Keep out of reach of children. Store in a cool, dry place away from direct sunlight.

The product is 11-toxin-free, cruelty-free, low odor, and anti-chip. It is SGS MSDS certified. No warning applicable for Proposition 65.

PACKAGE CONTENTS

Your ABAC Solid Gel Nail Polish Kit includes:

- 1 x 24-Color Solid Gel Nail Polish Palette

- 1 x Detachable Dual-Ended Professional Nail Brush

Please note that a base coat, top coat, brush washer, and UV/LED lamp are required for proper application and curing, and are sold separately.

SETUP AND PREPARATION

Preparing the Brush:

New brushes come with a wax seal to protect the bristles. Before first use, it is essential to soften the brush. Soak the brush in a brush cleanser or alcohol to remove the wax seal and soften the bristles. Gently press the brush repeatedly to ensure it is fully moisturized and pliable.

Figure 2: The professional dual-ended solid gel brush, designed for precise application and control.

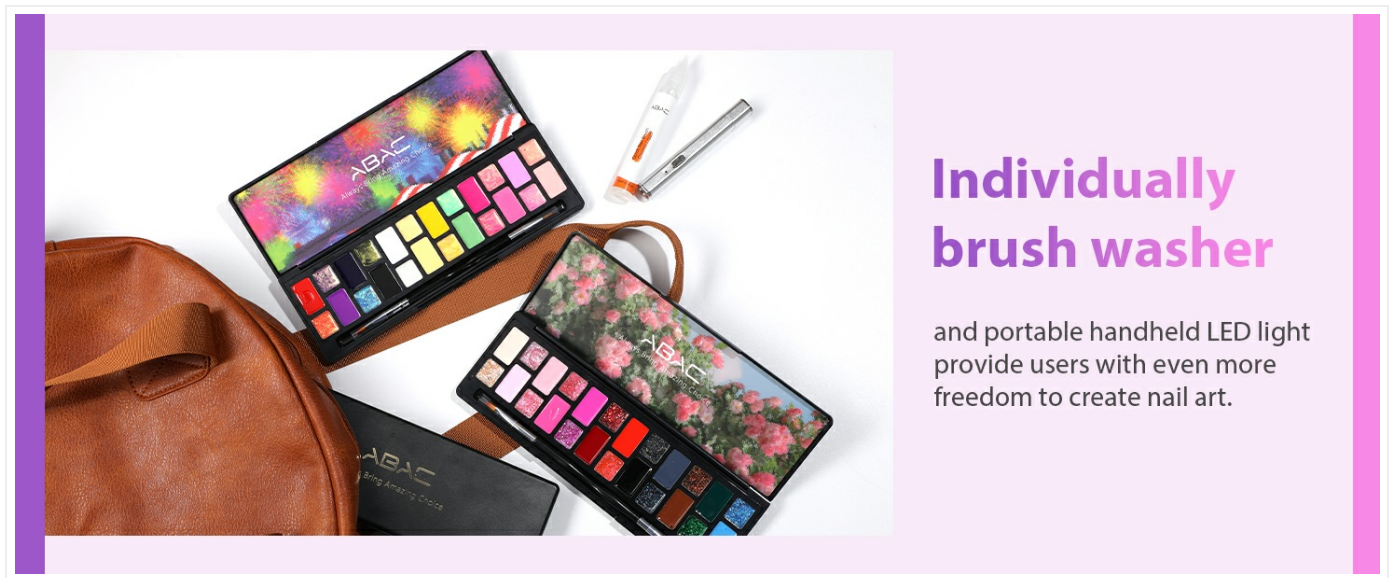

Preparing Your Nails:

1. Clean and dry your nails thoroughly.
2. Gently push back cuticles and trim if necessary.
3. Lightly buff the nail surface to create a rough texture for better adhesion.
4. Apply a nail prep dehydrator (optional, but recommended for oil-free nails).
5. Apply a thin layer of nail strengthener (base coat) for an extra layer of strength and to prevent peeling.
6. Cure the base coat under a UV/LED lamp according to the base coat manufacturer's instructions.

OPERATING INSTRUCTIONS: APPLYING THE GEL POLISH

The ABAC solid gel formula is highly pigmented and easy to control, making it ideal for both full nail coverage and intricate nail art. For best results, ensure your brush is properly prepared as described in the Setup section.

1. **Apply Base Coat:** Apply a thin layer of base coat to your prepared nails and cure under a UV/LED lamp.
2. **Pick Up Gel:** Use the nail brush to pick up a pea-sized amount of solid gel from the palette. For smoother application, you can mix the gel with a drop of cleaner/alcohol on your palette.
3. **Apply Color Gel:** Apply a thin, even layer of the color gel to your nails. Keep the brush at a 45-degree angle for smoother application. Ensure the gel is at least 1mm away from the nail skin to prevent lifting.
4. **Cure Color Gel:** Cure the color gel under a UV/LED lamp for 30-60 seconds, or as recommended by your lamp's manufacturer.
5. **Additional Coats:** For higher pigment or deeper color, apply 2-3 thin coats, curing each coat individually.
6. **Apply Top Coat:** Once the desired color intensity is achieved, apply a thin layer of top coat to seal the color and add shine.
7. **Cure Top Coat:** Cure the top coat under a UV/LED lamp according to the top coat manufacturer's instructions.

Individually brush washer

and portable handheld LED light
provide users with even more
freedom to create nail art.

Tips for Nail Art:

- The creamy, high-pigment formula transfers cleanly for crisp stamping designs.
- Blends effortlessly for stunning gradients in ombre art.
- Mix shades directly on your palette to create custom colors.
- The small head of the dual-ended brush is perfect for detailed nail art.

MAINTENANCE

Cleaning the Brush:

After each use, clean your nail brush thoroughly with a brush washer or alcohol. This prevents gel residue from hardening on the bristles and maintains the brush's quality for future applications. Ensure the brush is completely clean and dry before storing.

Storing the Palette:

Keep the solid gel nail polish palette closed when not in use to prevent the gel from drying out or collecting dust. Store the palette in a cool, dry place away from direct sunlight and extreme temperatures. The compact design makes it easy to store and travel with.

TROUBLESHOOTING

Chipping or Peeling:

- **Improper Nail Preparation:** Ensure nails are completely dry and oil-free before applying any product. Use a nail prep dehydrator if needed.
- **Thick Layers:** If the gel is applied too thick, it may wrinkle or peel easily. Thinner layers cure better and last longer.
- **Incomplete Curing:** Ensure each layer, including base and top coat, is fully cured under a UV/LED lamp for the recommended time.
- **Gel on Skin/Cuticle:** Avoid getting gel on your skin or cuticles. This can cause lifting and peeling. Clean any excess

gel before curing.

- **Lack of Top Coat/Base Coat:** Always use a base coat for adhesion and a top coat for protection and shine.

TO GET BETTER EFFECT

Professional Solid Gel Brush

Dual-head Design
Unleash your creativity

Easy to control
Oval Shape, Precisely apply

Premium& Durable
Soft and firm bristles customized for solid gels

TO LAST LONGER

Note:
Remove the sealing wax from the new brush before use.
Press the brush repeatedly to soften the bristles, or clean and nourish with cleaning essence.

Figure 4: Key tips to prevent chipping and peeling of your gel polish.

Gel Not Curing Properly:

- **Lamp Wattage:** Ensure your UV/LED lamp has sufficient wattage for gel polish curing.
- **Curing Time:** Adhere to the recommended curing times for each layer.
- **Thin Layers:** Apply thin layers. Thick layers may not cure completely, especially in the center.

SPECIFICATIONS

Feature	Detail
Product Dimensions	8.66 x 3.15 x 0.39 inches
Item Weight	5.61 ounces
Brand	ABAC
Color	Vintage Hymn (24 colors in palette)
Special Features	Chip Resistant, Glittery, Long Wearing, Peel Off, Quick Dry
Type	Gel
Item Form	Solid Cream
