HBEZON 1624L

HBEZON Medicine Cabinet with LED Lights and Mirror User Manual

Model: 1624L
Brand: HBEZON

1. Important Safety Information

Please read and understand all instructions before installing or operating this medicine cabinet. Failure to follow these instructions may result in electric shock, fire, or other injuries.

- Installation should be performed by a qualified electrician in accordance with all local electrical codes.
- Always disconnect power at the circuit breaker before installation, maintenance, or cleaning.
- Do not operate the mirror if the glass is cracked or broken.
- Keep water and liquids away from electrical components.
- This product is designed for indoor use only.

2. Package Contents

Verify that all components are present before beginning installation:

- Medicine cabinet with mirror
- Mounting hardware
- Adjustable glass shelves (3)

3. Product Overview and Features

The HBEZON Medicine Cabinet combines modern design with advanced functionality, providing ample storage and intelligent features for your bathroom.

Figure 3.1: Key features of the HBEZON Medicine Cabinet.

Figure 3.2: Additional features including touch button and memory function.

Key Features:

- **3 Color Lighting Modes & Adjustable Brightness:** High-brightness 6000 Lumens LED light strip with warm (3000K), natural (4000K), and cold white (6000K) color modes. Brightness is fully adjustable from 0% to 100%.
- **Memory Function:** Remembers your last light setting for convenience.
- **Anti-fog Function:** Built-in defogger keeps the mirror clear in steamy environments.
- **Electrical Outlet & USB Port:** Conveniently located inside for charging devices.
- **Soft-Close DTC Hinges:** Rustproof hinges with silent buffering technology for smooth and quiet door closure.
- **Adjustable Shelves:** Maximizes storage space and keeps items organized.
- **Dual Mounting Options:** Can be recessed into the wall for a sleek look or surface-mounted.

Video 3.1: An official product video demonstrating the medicine cabinet's features, including lighting adjustments, anti-fog function,

spacious storage, and electrical outlets.

4. Installation

This medicine cabinet offers both recessed and surface-mounted installation options. Ensure you have the necessary tools and follow all safety guidelines.

4.1 Product Dimensions:

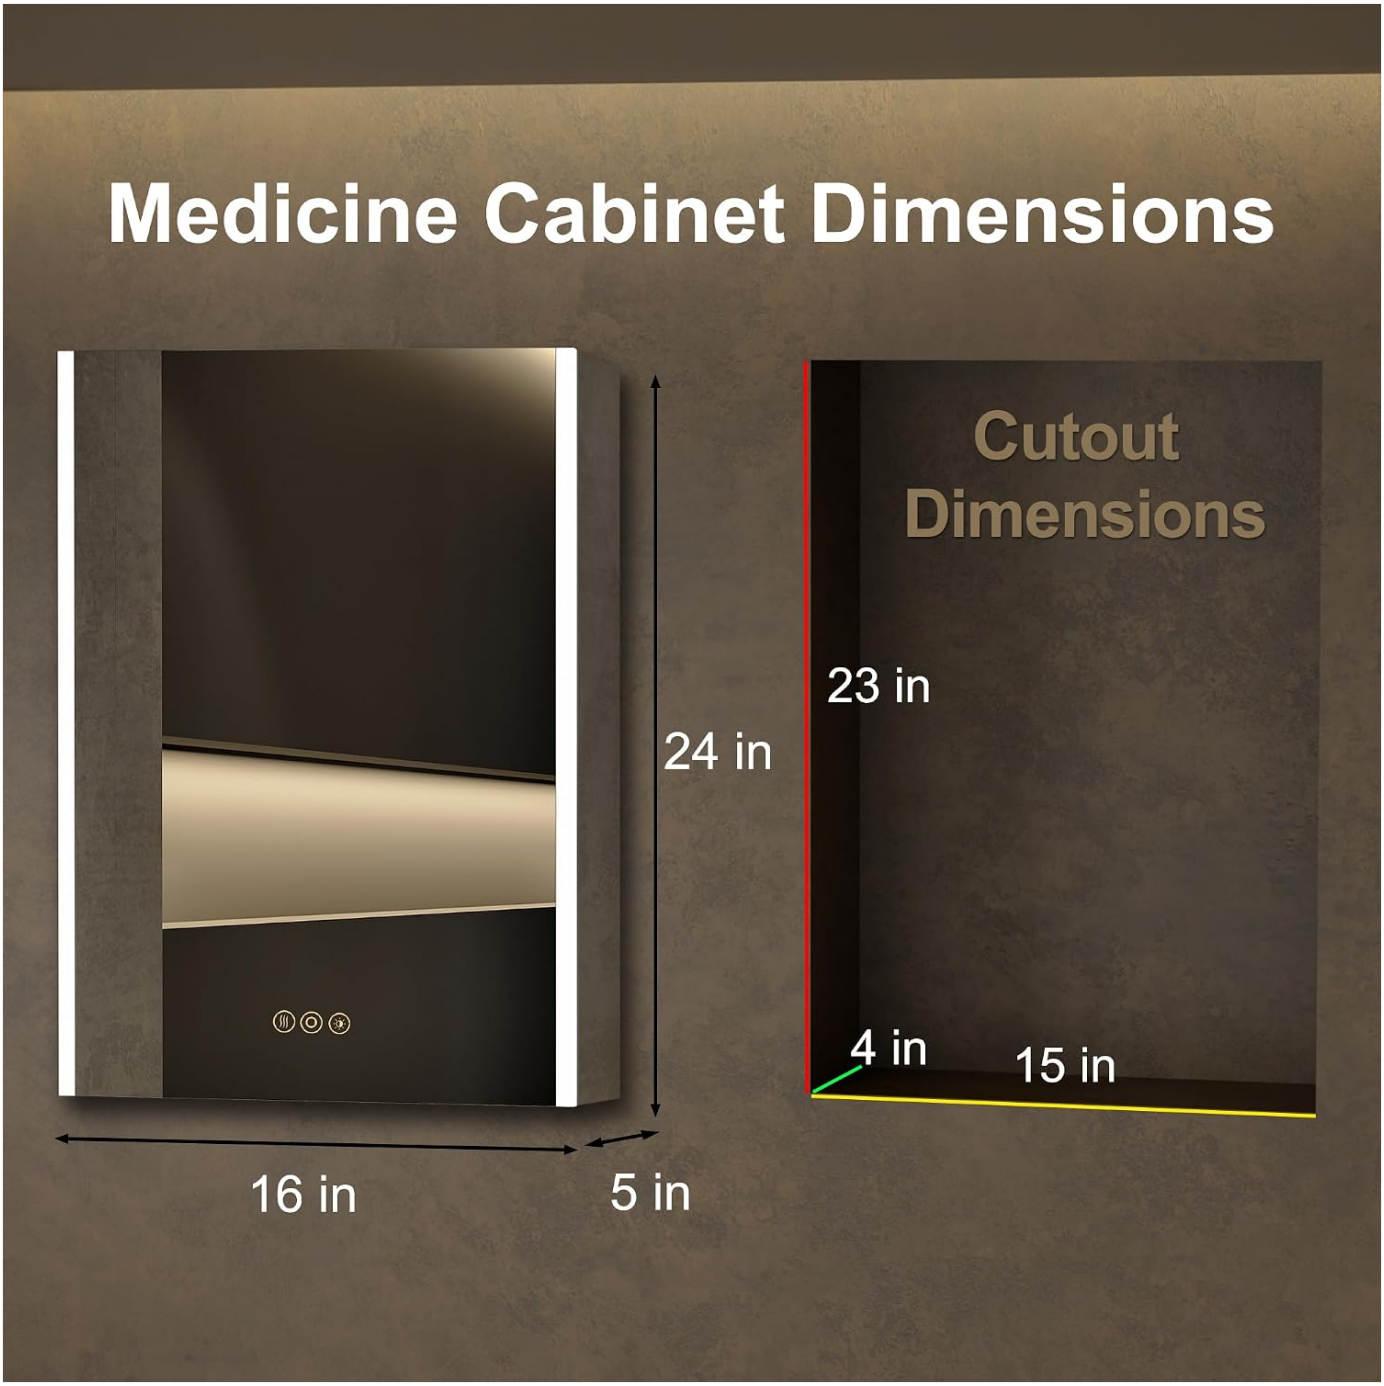

Figure 4.1: Overall dimensions of the medicine cabinet (16 inches wide, 24 inches high, 5 inches deep) and recommended cutout dimensions for recessed mounting (15 inches wide, 23 inches high, 4 inches deep).

4.2 Mounting Options:

Figure 4.2: Visual comparison of the recessed mount (left) and surface wall mount (right) installation options.

- **Recessed Mount:** For a flush, integrated look, the cabinet can be recessed into a wall opening. Ensure the wall cavity meets the specified cutout dimensions.
- **Surface Wall Mount:** The cabinet can be mounted directly onto the wall surface using the provided mounting hardware.

Detailed installation instructions are provided with the product packaging. It is highly recommended to consult a professional for electrical wiring and installation to ensure safety and proper functionality.

5. Operation

5.1 LED Lighting Control:

The mirror features smart touch controls for lighting adjustments.

Figure 5.1: Short click the light icon to cycle through 3000K (warm), 4000K (natural), and 6000K (cold white) color temperatures.

Figure 5.2: Long press the light icon to adjust brightness from 0% to 100%. A short click will turn the mirror lights on/off. The memory function retains your last brightness and color setting.

5.2 Anti-Fog Function:

Activate the anti-fog feature to maintain a clear reflection, even in humid conditions.

Figure 5.3: Press the anti-fog icon on the mirror to activate or deactivate the defogger. This ensures a fog-free mirror surface.

5.3 Electrical Outlet and USB Port:

The cabinet includes built-in electrical outlets and USB ports for convenient power access.

Figure 5.4: The internal electrical outlets and USB ports allow you to power or charge small appliances and devices directly within the cabinet.

5.4 Storage and Organization:

Utilize the adjustable tempered glass shelves to customize your storage space.

Figure 5.5: The interior features adjustable shelves for flexible storage of toiletries and personal care items. The soft-close hinges ensure quiet operation.

6. Maintenance

To ensure the longevity and appearance of your medicine cabinet, follow these maintenance guidelines:

- **Cleaning the Mirror:** Use a soft, damp cloth with a mild, non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror surface, to prevent liquid from seeping into the edges.
- **Cleaning the Cabinet:** Wipe down the interior and exterior surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hinge Care:** The DTC soft-close hinges are designed for durability. No special lubrication is typically required. If the door alignment shifts, minor adjustments may be possible (refer to detailed installation guide).
- **Electrical Components:** Ensure all electrical connections remain dry. Do not attempt to service internal electrical components yourself.

7. Troubleshooting

If you encounter issues with your medicine cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED lights do not turn on.	No power supply; loose connection; faulty LED driver.	Check circuit breaker. Ensure all wiring connections are secure. If problem persists, contact a qualified electrician or customer support.
Anti-fog function is not working.	Anti-fog function not activated; no power.	Press the anti-fog touch button to activate. Verify power supply to the cabinet.
Brightness adjustment or color change not responding.	Touch sensor issue; power fluctuation.	Ensure your finger is clean and dry when touching the sensor. Briefly cycle power to the cabinet at the breaker and try again.
Door does not close smoothly or is misaligned.	Hinge adjustment needed; obstruction.	Check for any obstructions. The DTC hinges may require minor adjustment; refer to the detailed installation guide for hinge adjustment procedures.
Digital clock/temperature display is too bright at night.	Inherent design characteristic.	This is a known characteristic for some users. There is no built-in dimmer for the clock display. Consider ambient light solutions in the room if this is a concern.

For issues not listed here or if solutions do not resolve the problem, please contact HBEZON customer support.

8. Specifications

Attribute	Detail
Brand	HBEZON
Model Number	1624L
Color	Silver
Product Dimensions	24"D x 16"W x 5"H (Note: Depth is typically front-to-back, Width is side-to-side, Height is top-to-bottom. Dimensions provided as 24"D x 16"W x 5"H may refer to 16"W x 24"H x 5"D)
