Blackview Tab 50 WIFI

Blackview Tab 50 WIFI User Manual

Model: Tab 50 WIFI

INTRODUCTION

This manual provides detailed instructions for the Blackview Tab 50 WIFI, an 8-inch lightweight Android 13 tablet. It covers essential information regarding setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience. Please read this manual thoroughly before using your device.

WHAT'S IN THE Box

Upon unboxing your Blackview Tab 50 WIFI, please verify that all the following items are included:

- Blackview Tab 50 tablet
- Type-C Charge cable
- Power Adapter
- Protective Case
- Screen Protector

PRODUCT OVERVIEW

Familiarize yourself with the physical components and controls of your Blackview Tab 50 WIFI.

Image: Diagram illustrating the various components of the Blackview Tab 50 WIFI, including the rear camera, Type-C port, TF card slot, 3.5mm headphone jack, front camera, volume button, power button, reset button, and speaker.

- Power Button:** Press and hold to power on/off or restart the device. Short press to lock/unlock the screen.
- Volume Buttons:** Adjust the media volume and notification sounds.
- Type-C Port:** For charging the tablet and data transfer.
- 3.5mm Headphone Jack:** Connect wired headphones.
- TF Card Slot:** Insert a microSD card for expandable storage.
- Cameras:** Front and rear cameras for photos, videos, and video calls.
- Speakers:** Dual box speakers for audio output.

SETUP

Initial Charging

Before first use, it is recommended to fully charge your Blackview Tab 50 WIFI. Connect the provided Type-C charge cable to the tablet's Type-C port and the power adapter to a wall outlet. The charging indicator will show the charging status. A full charge ensures optimal battery performance.

Power On/Off

- To Power On:** Press and hold the Power Button until the Blackview logo appears.
- To Power Off:** Press and hold the Power Button until the power options menu appears, then select "Power off".
- To Restart:** Press and hold the Power Button until the power options menu appears, then select "Restart".

Initial Setup Wizard

Upon first power-on, the tablet will guide you through an initial setup process. This includes:

1. Selecting your language.
2. Connecting to a Wi-Fi network. The tablet supports WiFi 6 for faster speeds.
3. Setting up your Google account (optional, but recommended for app downloads and services).

4. Reviewing and accepting terms and conditions.

Inserting a TF Card (MicroSD)

The Blackview Tab 50 WIFI supports expandable storage up to 1TB via a TF (microSD) card. To insert a card:

1. Locate the TF card slot on the side of the tablet.
2. Carefully insert the TF card into the slot with the gold contacts facing down until it clicks into place.
3. The tablet will recognize the new storage. You may be prompted to format the card for optimal use with the device.

OPERATING THE TABLET

Basic Navigation

The Blackview Tab 50 WIFI operates on Android 13 with DokeOS_P 3.0, offering an intuitive touch interface. Common gestures include tapping to select, swiping to scroll, pinching to zoom, and long-pressing for contextual menus.

Display and Eye Care Modes

The 8-inch HD+ display provides a resolution of 1280x800 pixels, suitable for various tasks from reading to entertainment. To enhance eye comfort, the tablet features three eye care modes:

- **Dark Mode:** Reduces eye strain in low-light conditions by inverting colors.
- **Night Mode:** Adjusts screen brightness to as low as 2 nits, ideal for use in complete darkness.
- **Reading Mode:** Optimizes the screen for reading, often by reducing blue light.

8 Inch HD+ Screen Bring Premium Visual Experience

Enjoy an ideal vision for productivity tasks, reading and entertainment.

Performance and Storage

Equipped with a quad-core processor, the Blackview Tab 50 WIFI ensures smooth operation for daily tasks. It comes with 128GB of internal storage (ROM) and supports up to 1TB of expandable storage via a TF card. The tablet features 8GB of RAM, which includes 4GB of physical RAM and an additional 4GB that can be expanded virtually, allowing for efficient multitasking.

Special Features

- **Parental Controls:** Manage app usage and set time restrictions to ensure children use the tablet in moderation.
- **Split Screen Function:** Run two applications simultaneously, enhancing productivity and multitasking.

Your browser does not support the video tag.

MAINTENANCE

Cleaning the Device

To maintain the tablet's appearance and functionality, regularly clean it with a soft, lint-free cloth. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid using harsh chemicals or abrasive materials.

Battery Care

The tablet is equipped with a 5580mAh battery. To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Use the original charger and cable provided.
- Unplug the charger once the battery is full.

Software Updates

Periodically check for system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in the tablet's Settings menu under "System" or "About tablet."

TROUBLESHOOTING

This section addresses common issues you might encounter with your Blackview Tab 50 WIFI. If the problem persists, please refer to the Warranty and Support section.

Problem	Possible Cause	Solution
Tablet does not turn on.	Low battery; software crash.	Charge the tablet for at least 30 minutes. Press and hold the Power Button for 10-15 seconds to force restart.
Wi-Fi connection issues.	Incorrect password; router issue; tablet Wi-Fi disabled.	Ensure correct Wi-Fi password. Restart your Wi-Fi router. Toggle Wi-Fi off and on in tablet settings.
Slow performance.	Too many apps running; low storage; outdated software.	Close unnecessary apps. Clear cache. Free up storage space. Check for system updates.
Battery drains quickly.	High screen brightness; background apps; poor signal.	Reduce screen brightness. Close background apps. Disable unused features like GPS or Bluetooth.
