## Alotwan Bilingual Version (224 Words)

# Alotwan Bilingual Talking Flash Cards (224 Words) User Manual

Model: Bilingual Version (224 Words)

## INTRODUCTION

---

The Alotwan Bilingual Talking Flash Cards are designed as an educational tool to facilitate language learning in both Spanish and English for young children. This set includes 112 double-sided cards, covering 224 early educational sight words across 14 themes such as vehicles, animals, daily necessities, foods, vegetables, fruits, jobs, and colors. The content is selected to be age-appropriate and supports the development of language skills and vocabulary expansion.

This device is equipped with dual-sensor barcode recognition for accurate word identification and pronunciation. It is designed to be child-friendly with durable, thicker cards and rounded corners. The compact and lightweight design, along with a rechargeable battery, makes it suitable for use in various environments, including home, classroom, and during travel.

## OPERATING INSTRUCTIONS

1. **Power On/Off:** Locate the ON/OFF switch on the device and slide it to the 'ON' position to activate the reader. The device will automatically enter standby mode if inactive for 3 minutes to conserve battery.
2. **Inserting Cards:** Select a flash card. Insert the card into the slot on the dinosaur reader, ensuring the barcode on the card is facing downwards and fully inserted. The device will automatically recognize the card and pronounce the word in both Spanish and English. Some cards, particularly those related to animals and transportation, may also produce simulated sound effects.
3. **Repeat Function:** To hear the word pronounced again, press the 'Repeat' button (usually indicated by a circular arrow icon).
4. **Adjusting Volume:** To adjust the volume, press the 'Volume' button (usually indicated by a speaker icon). There are 5 levels of volume adjustment.
5. **Learning Both Sides:** Each card is double-sided. To learn the word on the other side, simply flip the card and re-insert it into the reader with the new barcode facing down.
