## onerbl 2-Prong Car 12V DC Adapter

# onerbl 2-Prong Car 12V DC Adapter User Manual

Compatible with Audew CZK-3666 Portable Air Compressor

## 1. Introduction

This manual provides instructions for the onerbl 2-Prong Car 12V DC Adapter. This adapter is designed to provide 12V DC power from a vehicle's cigarette lighter socket to compatible devices, specifically the Audew CZK-3666 Portable Air Compressor. Please read this manual thoroughly before use to ensure proper operation and safety.

Image 1.1: onerbl brand logo indicating a superior power supply.

## 2. Important Safety Information

- Ensure the adapter's voltage and wattage ratings match the requirements of the device it is powering (e.g., Audew CZK-3666).

- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to severe impact.
- Do not attempt to open, modify, or repair the adapter. Refer servicing to qualified personnel.
- Always insert the car plug fully into the vehicle's 12V DC outlet.
- Disconnect the adapter from the power source when not in use.
- Keep out of reach of children.

## 3. Product Overview

The onerbl 2-Prong Car 12V DC Adapter is designed for reliable power delivery. It features a standard 12V car cigarette lighter plug on one end and a 2-prong connector on the other, specifically compatible with devices like the Audew CZK-3666 Portable Air Compressor.

## 4. Setup Instructions

Follow these steps to connect the adapter to your Audew CZK-3666 Portable Air Compressor and your vehicle's power source:

1. **Connect to Device:** Insert the 2-prong connector of the onerbl adapter into the corresponding power input port on your Audew CZK-3666 Portable Air Compressor. Ensure a secure fit.
2. **Connect to Vehicle:** Insert the 12V car plug end of the adapter firmly into your vehicle's 12V DC accessory outlet (cigarette lighter socket).
3. **Verify Connection:** Once connected, the air compressor should be ready for operation according to its own instruction manual.

Image 4.1: Illustration of the adapter's wide range of applications, including portable air compressors.

## 5. Operating Instructions

Once the onerbl 2-Prong Car 12V DC Adapter is correctly connected to both your vehicle and the Audew CZK-3666 Portable Air Compressor, the air compressor can be operated as per its manufacturer's instructions. The adapter provides the necessary power supply from your vehicle.

- Ensure your vehicle's engine is running to provide stable power and prevent draining the car battery, especially during prolonged use of the air compressor.
- Monitor the air compressor's operation and disconnect the adapter if any unusual behavior or overheating occurs.

## 6. Key Features

The onerbl 2-Prong Car 12V DC Adapter incorporates several features for reliable and safe operation:

- **Tested Units:** Each unit is tested to ensure great working condition.
- **High Quality Replacement:** Designed as a high-quality replacement power charger adapter.
- **Input:** AC 100-240V 50/60Hz Auto (Worldwide AC Input) -*Note: This specific product is a DC adapter for car use, the AC input specification refers to the general product line capabilities, but for this specific car adapter, the input is 12V DC.*
- **Protection Features:** Includes Over Voltage Protection and Over Heat Protection.

Image 6.1: Smart chip technology provides multiple layers of protection, including short-circuit, over-voltage, and over-current protection.

Image 6.2: Quality control ensures durable design with copper wire and PVC jacket for enhanced longevity.

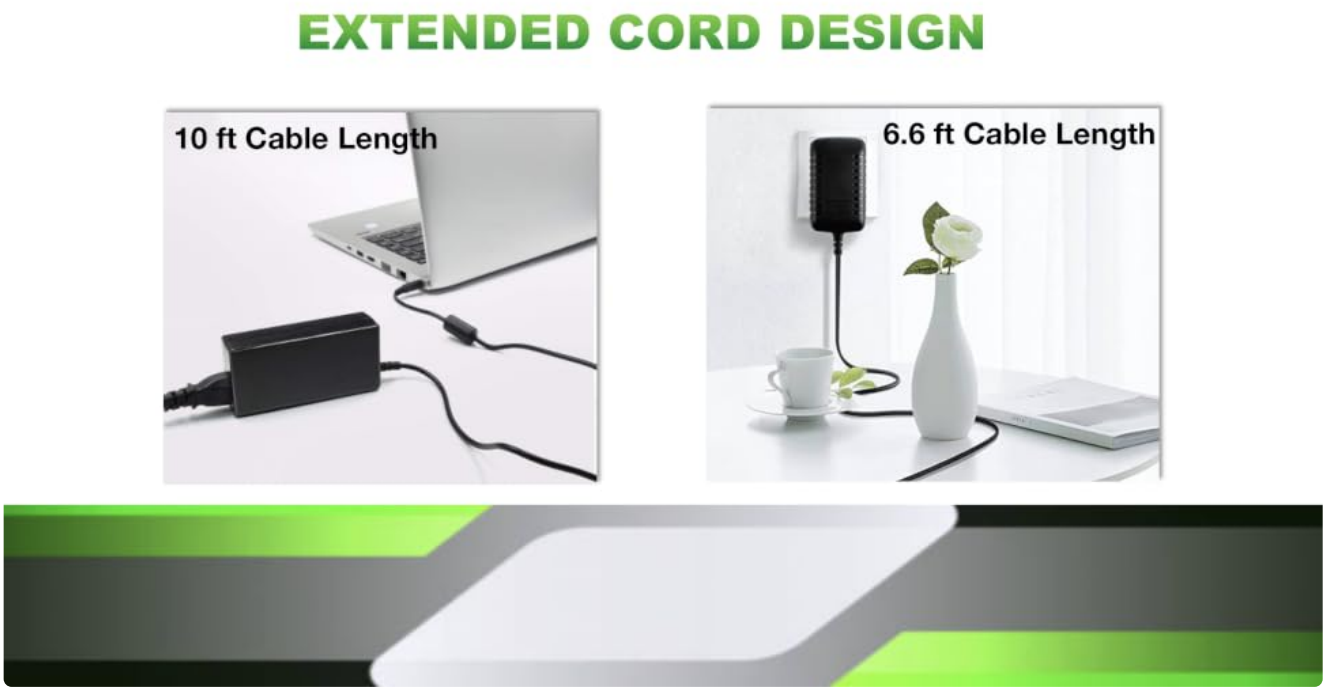

Image 6.3: The adapter features an extended cord design, offering flexibility in placement.

## 7. Maintenance and Care

- **Cleaning:** Disconnect the adapter from all power sources before cleaning. Use a soft, dry cloth to wipe the exterior. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and moisture when not in use. Avoid tightly coiling the cable to prevent damage.
- **Inspection:** Periodically inspect the cable and connectors for any signs of wear, cuts, or damage. Discontinue use if damage is observed.

## 8. Troubleshooting

If you encounter issues with your onerbl 2-Prong Car 12V DC Adapter, refer to the following common problems and solutions:

- **No Power to Device:**
  - Ensure the 12V car plug is fully inserted into the vehicle's outlet.
  - Check the vehicle's 12V outlet for power by testing with another device. The outlet might have a blown fuse.
  - Verify the 2-prong connector is securely attached to the Audew CZK-3666.
  - Confirm the Audew CZK-3666 is functioning correctly with other power sources, if applicable.
- **Intermittent Power:**
  - Check for loose connections at both ends of the adapter.
  - Inspect the cable for any visible damage or kinks.
- **Adapter Overheating:**
  - Disconnect the adapter immediately.

- Ensure the device being powered does not exceed the adapter's wattage rating (120W).
- Ensure adequate ventilation around the adapter during use.

## 9. Specifications

| Feature | Specification |
|---|---|
| Brand | onerbl |
| Connector Type | 2-Pin |
| Compatible Devices | CZK-3666 |
| Included Components | 1 x Car Charger |
| Special Feature | Travel |
| Input Voltage | 12 Volts DC (from car outlet) |
| Wattage | 120 watts |
| Number of Items | 1 |
| Output Voltage | 12 Volts |
| Power Source | Corded Electric (via 12V car outlet) |
| Manufacturer | Shenzhen Waweis Technology Co., Ltd |
| Date First Available | March 29, 2024 |

## 10. Warranty and Support

For warranty information or technical support, please refer to the product packaging or contact the retailer from whom the product was purchased. Keep your purchase receipt as proof of purchase.

### Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
