onerbl DN-606, DN606, HA81W Compatible Adapter

onerbl 2-Prong AC DC Adapter Instruction Manual

Compatible with Gocheer Home Mini Efficient Dehumidifier Models DN-606 and HA81W

1. Introduction

This manual provides essential information for the safe and effective use of your onerbl 2-Prong AC DC Adapter. This adapter is designed as a replacement power supply for Gocheer Home Mini Efficient Dehumidifier models DN-606, DN606, and HA81W. Please read these instructions carefully before use and retain them for future reference.

2. Safety Information

To ensure safe operation and prevent damage, observe the following safety precautions:

- **Input Voltage:** Ensure the power outlet voltage is within the adapter's specified input range (100-240VAC, 50/60Hz).
- **Protection Features:** The adapter is equipped with Over Voltage Protection (OVP), Over Current Protection (OCP), and Short Circuit Protection (SCP) to safeguard your devices.
- **Avoid Moisture:** Do not expose the adapter to water or high humidity. Use in dry indoor environments only.
- **Proper Ventilation:** Do not cover the adapter during use to allow for adequate ventilation and prevent overheating.
- **Handle with Care:** Avoid dropping or subjecting the adapter to strong impacts. Do not attempt to open or modify the adapter.
- **Disconnect When Not in Use:** Unplug the adapter from the power outlet when not in use for extended periods.

3. Setup

Follow these steps to set up your onerbl AC DC Adapter:

1. **Inspect the Adapter:** Before connecting, visually inspect the adapter and its cables for any signs of damage.
2. **Connect to Dehumidifier:** Plug the output connector of the onerbl adapter into the power input port of your Gocheer Home Mini Efficient Dehumidifier (DN-606 or HA81W). Ensure a secure connection.
3. **Connect to Power Outlet:** Insert the 2-prong AC plug of the adapter into a standard wall power outlet (100-240VAC).

Image 3.2: Close-up view of the 2-prong output connector, designed for compatibility with the specified dehumidifier models.

4. Operating Instructions

Once properly connected, the onerbl AC DC Adapter will automatically supply power to your Gocheer dehumidifier. No further action is required for the adapter itself. Refer to your dehumidifier's instruction manual for its specific operating procedures.

5. Maintenance

The onerbl AC DC Adapter requires minimal maintenance:

- **Cleaning:** Disconnect the adapter from the power outlet and the dehumidifier before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cable too tightly around the adapter.
- **Cable Care:** Regularly check the power cord for any cuts, fraying, or damage. Do not use if the cable is damaged.

Image 5.1: Illustration highlighting the durable design of the cable, featuring copper wire and a PVC jacket for longevity.

6. Troubleshooting

If you encounter issues with your adapter, consider the following:

- **No Power to Dehumidifier:**
  - Ensure the adapter's 2-prong plug is fully inserted into a working wall outlet.
  - Verify that the output connector is securely plugged into the dehumidifier's power input.
  - Test the wall outlet with another device to confirm it is supplying power.
  - Check the adapter cable for any visible damage. If damaged, discontinue use.
- **Dehumidifier Not Functioning Correctly:**
  - Ensure the onerbl adapter is the correct model for your Gocheer dehumidifier (DN-606 or HA81W).
  - If the adapter is providing power but the dehumidifier is still not working, consult the dehumidifier's own instruction manual for troubleshooting specific to the dehumidifier unit.

7. Specifications

Feature	Specification

Feature	Specification
Brand	onerbl
Input Voltage	100-240VAC, 50/60Hz (Worldwide Auto Input)
Compatible Devices	Gocheer Home Mini Efficient Dehumidifier DN-606, DN606, HA81W
Connector Type	2-Pin (Main Power Connector)
Wattage	24 watts
Protection Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
Cable Length	Approximately 6.6 ft (2 meters) to 10 ft (3 meters) depending on specific model variant.
Special Feature	Portable, Travel-friendly
