# onerbl 5.8V AC Adapter Instruction Manual

Compatible with Black & Decker PP360 4.8V DC Rota-Driver and similar models

## 1. Introduction

This instruction manual provides essential information for the safe and effective use of your onerbl 5.8V AC Adapter. This adapter is designed to be compatible with various Black & Decker 4.8V DC rota-Driver models, including PP360, UD058004A, 90529906, VA078020D, and 90519369. Please read this manual thoroughly before use and retain it for future reference.

## 2. Safety Information

- Always ensure the adapter is used in a dry environment. Do not expose the adapter to water or excessive moisture.
- Avoid using the adapter if the cable or plug is damaged. Inspect the adapter regularly for any signs of wear or damage.
- Keep the adapter out of reach of children and pets.
- Unplug the adapter from the power outlet when not in use or during electrical storms.
- Do not attempt to open, modify, or repair the adapter. Refer all servicing to qualified personnel.
- This adapter features built-in **Over Voltage Protection**, **Over Heat Protection**, and **Short-circuit Protection** to ensure safe operation.

## 4. Setup

Follow these steps to set up your onerbl AC Adapter:

1. **Identify Charging Port:** Locate the charging port on your Black & Decker 4.8V DC rota-Driver.
2. **Connect to Device:** Plug the DC output connector of the onerbl AC adapter firmly into the charging port of your device.
3. **Connect to Power Outlet:** Insert the AC input plug of the adapter into a standard 100-240V AC wall outlet. Ensure the outlet is easily accessible.
4. **Verify Connection:** Confirm that both ends of the adapter are securely connected.

## 5. Operating Instructions

Once the adapter is properly connected to both the power outlet and your Black & Decker rota-Driver, it will begin charging the device's battery. The charging process is automatic.

- **Charging Indicators:** Refer to your specific Black & Decker device's user manual for information on charging indicators, such as LED lights, which typically show the charging status.
- **Optimal Charging:** For optimal battery life, avoid leaving the device connected to the charger for extended periods after it has reached a full charge, unless specified by your device's manufacturer.
- **Disconnection:** To disconnect, first unplug the adapter from the wall outlet, then disconnect it from your device.

## 6. Maintenance

Proper maintenance ensures the longevity and safe operation of your AC adapter:

- **Cleaning:** Use a soft, dry cloth to clean the adapter. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Cable Care:** Avoid bending or crimping the cable excessively, especially near the connectors, to prevent internal damage.

## 7. Troubleshooting

If you encounter issues with your onerbl AC Adapter, please refer to the following common solutions:

- **Device Not Charging:**

- Ensure the adapter is securely plugged into both the wall outlet and your Black & Decker device.
- Verify that the wall outlet is functional by plugging in another working appliance.
- Inspect the adapter cable and connectors for any visible damage or bent pins. If damaged, discontinue use.

- **Slow Charging:**
  - Confirm that the adapter's output specifications (5.8V) match the charging requirements of your Black & Decker device.
  - Ensure the charging port on your device is clean and free of debris.
- **Adapter Overheating:**
  - While the adapter has over-heat protection, ensure it is used in a well-ventilated area and not covered by cloths or other materials during operation.
  - If the adapter becomes excessively hot to touch, unplug it immediately and contact support.

## 8. Specifications

| | |
|---|---|
| **Brand** | onerbl |
| **Model Number** | 713fb6cd-a7f8-4dc9-bd38-8e87898cee23 |
| **Input Voltage** | AC 100-240V, 50/60Hz |
| **Output Voltage** | DC 5.8V |
| **Compatibility** | Black & Decker PP360, UD058004A, 90529906, VA078020D, 90519369 4.8V DC rota-Driver |
| **Protection Features** | Over Voltage Protection, Over Heat Protection, Short-circuit Protection |
| **Cable Length** | Approx. 76 inches (193 cm) |
| **Manufacturer** | Shenzhen Waweis Technology Co., Ltd |

## 9. Warranty and Support

For warranty information, technical assistance, or any questions regarding your onerbl 5.8V AC Adapter, please contact the retailer from whom you purchased the product or the manufacturer directly. Please have your product model number (713fb6cd-a7f8-4dc9-bd38-8e87898cee23) available when contacting support.
