HOGOKIDS HG1006

HOGOKIDS Space Roller Coaster Building Toy Instruction Manual

Brand: HOGOKIDS | Model: HG1006

1. INTRODUCTION AND OVERVIEW

This instruction manual provides detailed guidance for assembling and operating your HOGOKIDS Space Roller Coaster Building Toy. This 926-piece set allows you to construct an intricate space-themed roller coaster featuring a lift platform, space shuttle cockpits, earth, satellites, a rocket, a ticket station, and space capsule boarding points. Designed to foster creativity and imagination, this building set offers hours of engaging play for users aged 6 and up.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

- Keep small parts away from young children to prevent choking.
- Ensure all pieces are securely connected during assembly and play to avoid detachment.
- Adult supervision is recommended during assembly and initial play, especially for younger users.

3. WHAT'S IN THE BOX

Your HOGOKIDS Space Roller Coaster Building Toy package includes the following:

- 926 Building Pieces (various shapes and colors for the space coaster, lift platform, space station, service booth, rocket, satellites, hot dog cart, and other accessories)
- Instruction Manual (this document)
- Sticker Sheet (if applicable, for detailing)

4. ASSEMBLY INSTRUCTIONS

Follow the step-by-step visual instructions provided in the included printed manual for detailed assembly. The building process is designed to be intuitive, but careful attention to each step will ensure proper construction and functionality.

Key Assembly Areas:

- **Lift Platform:** Construct the tall red and grey tower that elevates the coaster cars.
- **Coaster Track:** Assemble the blue track sections, ensuring secure connections for smooth operation.
- **Space Station & Service Booth:** Build the detailed station and service booth structures.
- **Accessories:** Assemble the rocket, satellites, hot dog cart, and other decorative elements.

Image 4.2: Reference image for the overall dimensions of the assembled set and its packaging, useful during assembly planning.

5. OPERATING INSTRUCTIONS

The HOGOKIDS Space Roller Coaster features interactive elements for dynamic play:

- **Lift Mechanism:** To operate the lift, locate the button or knob next to the towering sign at the top of the lift platform. Twist this mechanism to raise a coaster cabin from the starting point of the elevator to the track's starting point.
- **Coaster Ride:** Once a cabin is at the top, gently push it to initiate its descent. The cabin will slide along the track, navigating curves and loops, and return to the elevator's starting point.
- **Single Cabin Operation:** The elevator is designed to lift one cabin at a time.

Watch the official product video for a demonstration of the roller coaster in action:

6. FEATURES AND COMPONENTS

The HOGOKIDS Space Roller Coaster Building Toy is designed with multiple interactive and detailed components:

- **Space Roller Coaster:** The main attraction, featuring a dynamic track with curves and a loop.
- **Lift Platform:** A functional elevator system to bring coaster cars to the starting height.
- **Space Shuttle Cockpits:** Detailed cockpits for the coaster cars.
- **Earth and Satellites:** Decorative elements adding to the space theme.
- **Rocket:** A buildable rocket accessory.
- **Ticket Station:** A small booth for imaginative play.
- **Space Capsule Boarding Points:** Areas for figures to "board" the ride.

- **Hot Dog Cart:** A fun, movable accessory for added play scenarios.

7. MAINTENANCE

To ensure the longevity and optimal performance of your HOGOKIDS Space Roller Coaster Building Toy:

- **Cleaning:** Wipe down the building blocks and assembled set with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not submerge in water.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent material degradation or color fading.
- **Handling:** Handle the assembled set with care, especially when moving it, to prevent parts from detaching.

8. TROUBLESHOOTING

If you encounter any issues with your Space Roller Coaster, consider the following:

- **Coaster Car Not Moving Smoothly:**

- Ensure all track pieces are firmly connected and aligned.
- For new tracks, it may take a few uses for the mechanism to become smoother. Gently assist the cabin by holding it lightly with your hand to prevent it from falling during the first few days of use.

- **Lift Mechanism Not Functioning:**

- Verify that all gears and connecting pieces within the lift tower are correctly assembled according to the manual.
- Check for any obstructions preventing the lift from moving freely.

- **Missing Pieces:**

- Carefully check the packaging and surrounding area.
- If a piece is genuinely missing, please contact HOGOKIDS customer support for assistance.

9. SPECIFICATIONS

Attribute	Detail
Product Dimensions	5 x 2 x 5 inches
Item Weight	3.16 pounds
ASIN	B0CZDRBSLJ
Item Model Number	HG1006
Manufacturer Recommended Age	6 years and up
Manufacturer	HOGOKIDS

10. WARRANTY AND SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the contact details provided on the product packaging or visit the official HOGOKIDS website. Keep your purchase receipt as proof of purchase may be required for warranty claims.

For general inquiries, you may also contact the seller, Echo Valley US, through the platform where the product was purchased.
