Unikito L-Shaped Desk User Manual

Model: UK-SLDKH-CL50-R | Brand: Unikito

1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Retain this manual for future reference.

- Proper assembly is required for stability.
- Do not exceed the maximum weight recommendation of 500 lbs (226.8 kg).
- Keep the desk and all electrical components away from water and excessive moisture.
- Ensure the desk is placed on a level surface to maintain stability and prevent tipping. Adjustable leg pads are provided for minor leveling adjustments.
- Do not allow children to climb on or play with the desk.
- Use only the provided hardware or recommended replacements.

2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Desk panels (L-shaped desktop, hutch, storage shelves)
- Metal frame components (legs, support bars)
- Hardware pack (screws, bolts, nuts, Allen wrench)
- Built-in power outlet unit with USB ports
- RGB LED light strip with remote control
- Adjustable leg pads
- Instruction manual

3. SETUP AND ASSEMBLY

The Unikito L-Shaped Desk requires assembly. Follow these instructions carefully to ensure safe and secure construction.

3.1 General Assembly Steps

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts using the provided parts list in the separate assembly guide.
3. Begin by assembling the main metal frame structure. Secure all bolts and screws finger-tight initially.
4. Attach the desktop panels to the assembled frame. Ensure proper alignment.
5. Install the hutch and storage shelves according to your desired configuration (see Section 3.2 for reversible design).
6. Once all major components are in place, fully tighten all screws and bolts using the provided Allen wrench or your own tools (a screwdriver may be needed).
7. Attach the adjustable leg pads to the bottom of the desk legs.
8. Place the desk in its desired location and adjust the leg pads to ensure stability on uneven floors.

3.2 Reversible Design

The L-shaped desk features a reversible design, allowing the longer side of the L to be configured on either the left or right, and the top hutch can be installed in two directions. Plan your desired orientation before attaching the desktop and hutch components.

5. MAINTENANCE

Regular maintenance will help prolong the life and appearance of your Unikito L-Shaped Desk.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.

- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten if necessary.
- **Electrical Components:** Ensure the power cord and outlets are free from damage. Do not attempt to repair electrical components yourself.
- **Heat:** Avoid placing hot items directly on the desk surface. Use coasters or protective pads.

6. TROUBLESHOOTING

If you encounter issues with your desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk is wobbly or unstable.	Loose hardware; uneven floor.	Ensure all screws and bolts are tightened. Adjust the leg pads to level the desk on uneven surfaces.
Power outlets/USB ports not working.	Desk not plugged in; power strip switch off; circuit breaker tripped.	Check if the desk's main power cord is securely plugged into a functional wall outlet. Ensure any integrated power strip switches are on. Check your home's circuit breaker.
LED lights not turning on or responding.	LED strip not connected; remote battery dead; app connection issue.	Verify the LED strip is properly connected to its power source. Replace remote control batteries. Re-pair the LED strip with the app if using app control.
Difficulty assembling a specific part.	Incorrect orientation; missing hardware.	Refer to the detailed assembly guide for step-by-step illustrations. Ensure parts are oriented correctly. Contact customer support if hardware is missing.
