Safety Information

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- Always supervise your child when they are in the cradle.
- Do not use the cradle if any parts are broken, torn, or missing. Contact customer support for replacement parts.
- Ensure all locking mechanisms are securely engaged before placing a child in the cradle or leaving them unattended.
- The maximum weight capacity for this cradle is **12 kg**. Do not exceed this weight.
- This product is suitable for infants aged **0-12 months**. Discontinue use when the child begins to push up on hands and knees, or has reached the maximum weight, whichever comes first.
- Keep the cradle away from open flames, heaters, and other heat sources.

- Do not modify the product or use accessories not approved by the manufacturer.
- Use only the mattress provided by the manufacturer. Do not add additional padding or mattresses, as this can create a suffocation hazard.
- Ensure the mosquito net is properly secured to prevent entanglement.

What's in the Box

Carefully unpack all components and verify that you have received the following items:

- Cradle Frame (Wooden)
- Cradle Body (Fabric with mesh sides)
- Mattress
- Mosquito Net
- Storage Basket
- Lockable Wheels (pre-attached to frame)

Setup Instructions

While the cradle features a 'Plug N Play' design for ease of assembly, please follow these steps to ensure correct and safe setup.

1. **Unpack Components:** Remove all parts from the packaging. Inspect for any damage or missing pieces.
2. **Assemble Frame:** Connect the wooden frame components as per the visual guides. Ensure all connections are firm and secure.
3. **Attach Cradle Body:** Securely attach the fabric cradle body to the assembled wooden frame. Ensure the 'Plug N Play' connection points are fully engaged and locked.
4. **Install Mattress:** Place the provided mattress inside the cradle body.
5. **Attach Mosquito Net:** Secure the mosquito net over the cradle. Ensure it is taut and does not sag, preventing any entanglement hazards.
6. **Install Storage Basket:** Attach the storage basket to the designated area beneath the cradle body.

Operating Instructions

The R for Rabbit Lullabies Woodsy cradle offers two primary modes of use: a manual swing cradle and a stationary bassinet.

2 IN 1 MULTIPURPOSE

AS BASSINET

For Soundful
Sleep

AS CRADLE

Gently Swing your
Little One

Image: A visual representation of the cradle's dual functionality, showing it in a stationary bassinet configuration and a swinging cradle configuration.

1. Using as a Manual Swing Cradle

- Ensure the cradle is on a flat, stable surface.
- Unlock the wheels by pulling up the lever on each wheel.
- Gently push the cradle to initiate a smooth, manual swinging motion.
- Always supervise your child during swinging.

2. Converting to a Stationary Bassinet

- To convert the cradle into a stable bassinet, locate the securing belts on both sides of the cradle body.
- Fit and tighten these belts to secure the swing mechanism in a stationary position.
- Lock all four wheels by pushing down the lever on each wheel to ensure maximum stability.
- Verify that the cradle is stable and does not swing before placing your child inside.

3. Using Lockable Wheels

- To move the cradle, ensure the wheels are unlocked (lever up).
- To keep the cradle stationary, always lock the wheels (lever down). This is especially important when using it as a bassinet or when your child is inside.

4. Attaching and Using the Mosquito Net

- The mosquito net is designed to protect your baby from insects.
- Attach the net securely to the designated points on the cradle frame, ensuring there are no gaps for insects to enter.
- Ensure the net is taut and does not hang loosely, which could pose a hazard.

5. Using the Storage Basket

- The integrated storage basket beneath the cradle provides convenient space for baby essentials such as diapers, wipes, or blankets.
- Do not overload the storage basket to maintain the cradle's stability.

Maintenance

Cleaning Instructions

- **Fabric Components:** The fabric parts, including the mattress cover and cradle lining, are recommended for **Hand Wash Only**. Use mild soap and cold water. Do not bleach or tumble dry. Allow to air dry completely.
- **Wooden Frame:** Wipe the wooden frame with a damp cloth and mild soap. Dry immediately with a clean, soft cloth. Avoid abrasive cleaners or harsh chemicals.
- **Mosquito Net:** Hand wash with mild soap and water. Rinse thoroughly and air dry.

General Care

- Regularly check all screws, bolts, and fasteners to ensure they are tight and secure.
- Inspect the fabric for any tears, fraying, or damage.
- Ensure the wheels are clean and free of debris for smooth operation and effective locking.
- Store the cradle in a dry, well-ventilated area when not in use.

Troubleshooting

- **Squeaking Noise During Swinging:**

Solution: Check all connection points and fasteners to ensure they are securely tightened. Apply a small amount of baby-safe lubricant to moving parts if the noise persists.

- **Cradle Feels Unstable When Locked:**

Solution: Ensure all four wheels are fully locked by pushing their levers down completely. Verify that the conversion belts for bassinet mode are properly fitted and tightened. Check for any unevenness on the floor surface.

- **Mosquito Net Does Not Stay in Place:**

Solution: Ensure the net is correctly attached to all designated anchor points on the frame. Adjust the tension to keep it taut.
