HOZEREEL HJHZRGH002U1

HOZEREEL 135 ft Retractable Garden Hose Reel Instruction Manual

MODEL: HJHZRGH002U1

Introduction

The HOZEREEL 135 ft Retractable Garden Hose Reel is designed to simplify your watering tasks. Featuring a self-rewind system, it eliminates the need for manual hose coiling, saving time and effort. The guide mechanism ensures even hose distribution, maintaining a tidy appearance in your yard. With its 180-degree pivot bracket, the hose can cover a large area, providing extensive reach without changing spigots. Constructed with durable hybrid hose and brass fittings, this heavy-duty reel is built for long-term use and reliability.

What's Included

- 1/2" 135 ft Heavy Duty Retractable Hose Reel x1
- Bolts x5
- Mounting Bracket x1
- User Manual x1
- Watering Nozzle x1

Setup

Proper installation is crucial for the optimal performance and longevity of your HOZEREEL retractable hose reel. The unit is designed for wall mounting and includes a sturdy bracket and necessary hardware.

Installation Steps:

1. Select a suitable mounting location on a sturdy wall or post, ensuring it allows for the 180-degree pivot range of the reel.
2. Use the provided template (if available in your packaging) to mark the drill holes for the mounting bracket.
3. Drill pilot holes at the marked locations.
4. Securely attach the mounting bracket to the wall using the provided bolts. Ensure the bracket is level and firmly fixed.
5. Carefully lift the hose reel and slide it onto the mounting bracket. The reel should securely click into place.
6. Connect the short leader hose from the reel to your water spigot. Ensure all connections are tight to prevent leaks.

Operating Instructions

Your HOZEREEL retractable hose reel is designed for ease of use with its automatic recoil and locking features.

Extending the Hose:

- Grasp the nozzle or hose end and pull the hose gently to the desired length.
- The hose will automatically lock at intervals. To lock, stop pulling when you hear a click.
- The 180-degree pivot bracket allows you to pull the hose in various directions, covering a wide area of your garden.

Retracting the Hose:

- To retract, pull the hose gently once more until you hear the locking mechanism release.
- Slowly guide the hose back into the reel. The self-rewind system will coil the hose neatly.
- Ensure the hose is not kinked or obstructed during retraction to prevent damage.

Using the 10-Pattern Nozzle:

- Attach the provided 10-pattern watering nozzle to the end of the hose.
- Rotate the nozzle head to select your desired spray pattern (e.g., mist, shower, jet, flat).
- Adjust the water flow using the control on the nozzle handle.

Maintenance

To ensure the longevity and optimal performance of your HOZEREEL retractable hose reel, follow these maintenance guidelines:

- **Regular Cleaning:** Keep the exterior casing clean by wiping it with a damp cloth.
- **Hose Inspection:** Periodically inspect the hose for any signs of wear, kinks, or damage. Replace if necessary.
- **UV Resistance:** The casing is designed with UV-stabilized material to resist fading and degradation from sun exposure.
- **Winterization:** In freezing temperatures, disconnect the hose reel from the water supply and drain all water from the hose and reel to prevent ice damage. Store indoors if possible.
