## ZEBRONICS ZEB-AEON

# ZEBRONICS AEON Over Ear Wireless Headphones

MODEL: ZEB-AEON

## Introduction

Thank you for choosing the ZEBRONICS AEON Over Ear Wireless Headphones. This manual provides comprehensive instructions for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity. The AEON headphones are designed for an immersive audio experience with features like extended battery life, active noise cancellation, and low-latency gaming mode.

## Safety Information

- Do not expose the headphones to extreme temperatures, humidity, or corrosive substances.
- Avoid listening at high volume levels for extended periods to prevent hearing damage.
- Keep the headphones away from water and liquids. If they come into contact with liquid, power them off immediately and allow them to dry completely before reuse.
- Do not attempt to disassemble, repair, or modify the headphones yourself. This will void the warranty.
- Use only the provided charging cable or a certified Type-C cable for charging.

## Package Contents

The ZEBRONICS AEON package includes:

- ZEBRONICS AEON Over Ear Wireless Headphone

## Product Overview

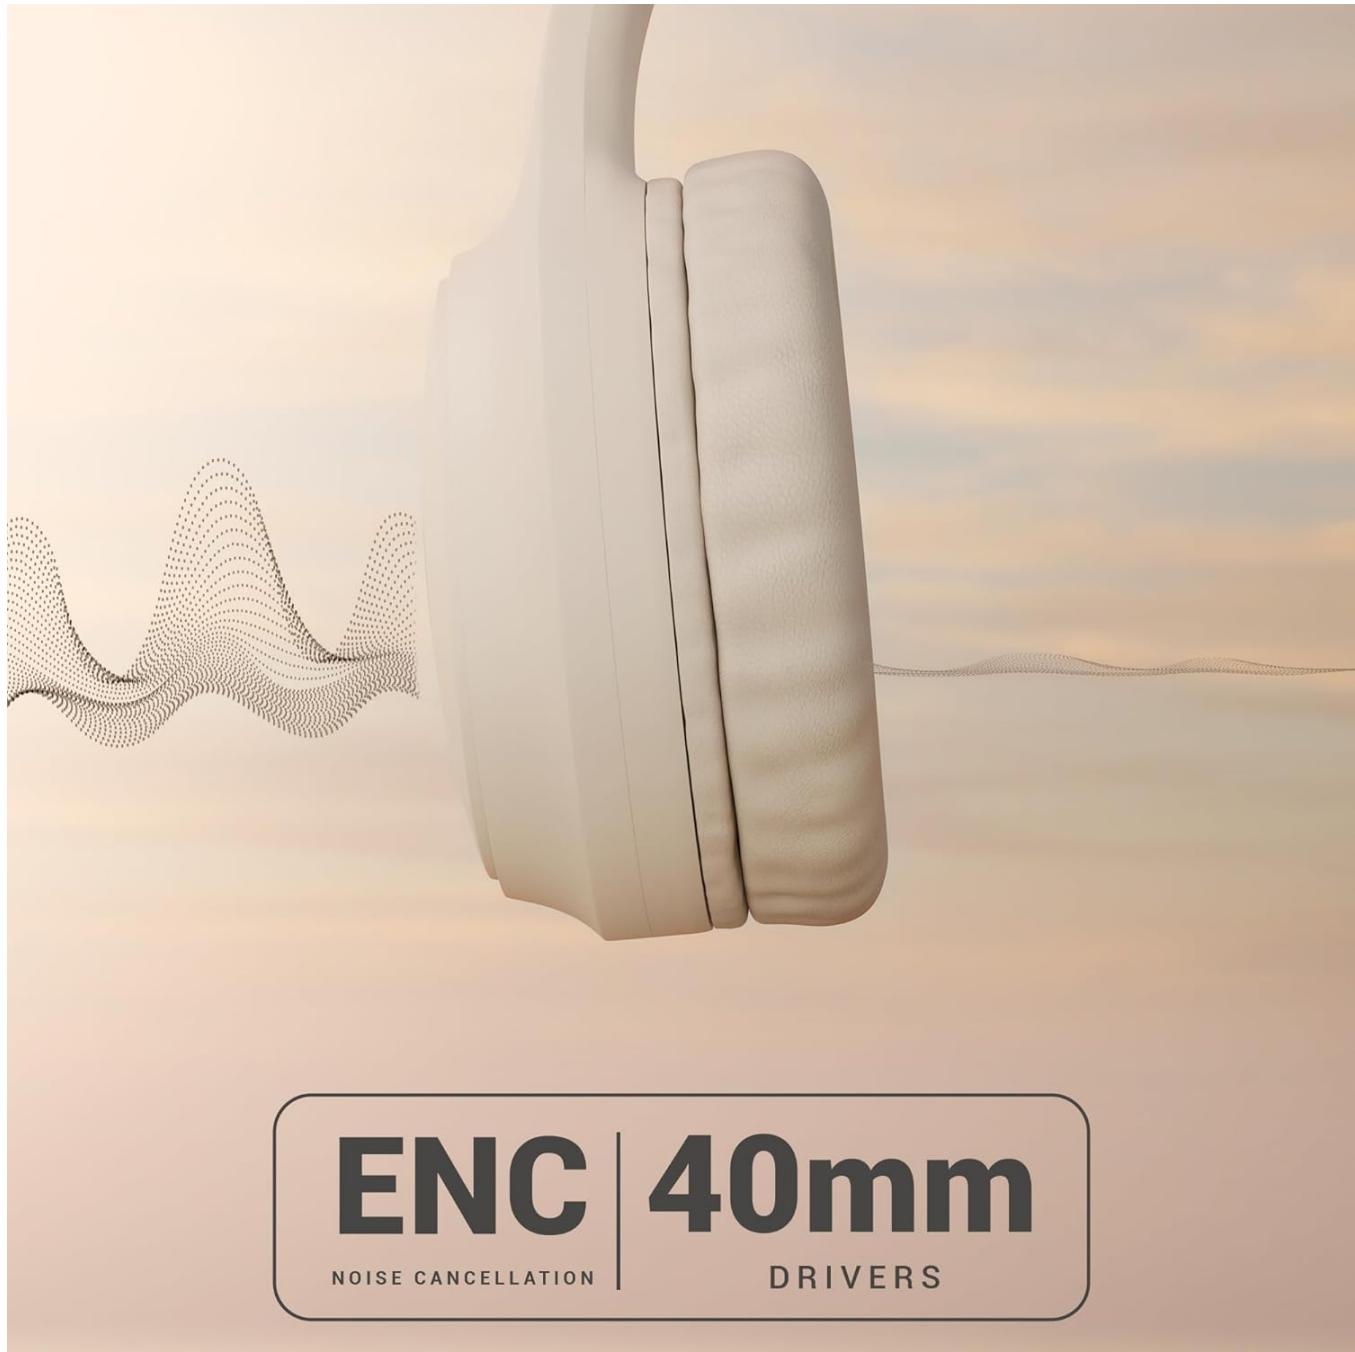

Front view of the ZEBRONICS AEON headphones, showcasing the ergonomic design and earcups.

Detailed view of the control buttons located on the earcup, including power, volume, and ANC toggle.

Close-up of the adjustable headband, showing the extension mechanism for a customized fit.

## Setup

### 1. Charging the Headphones

Before first use, fully charge your ZEBRONICS AEON headphones. Connect the provided Type-C charging cable to the headphone's charging port and the other end to a USB power source (e.g., wall adapter, computer USB port).

- A full charge takes approximately 2 hours.
- The headphones support rapid charging: just 10 minutes of charging can provide up to 110 hours of usage at 50% volume.

\*10min charge for 10h\* use

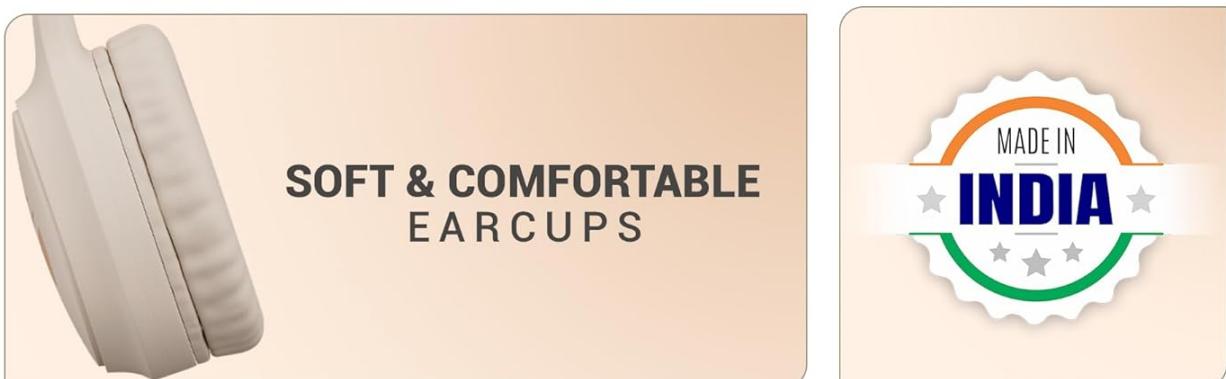

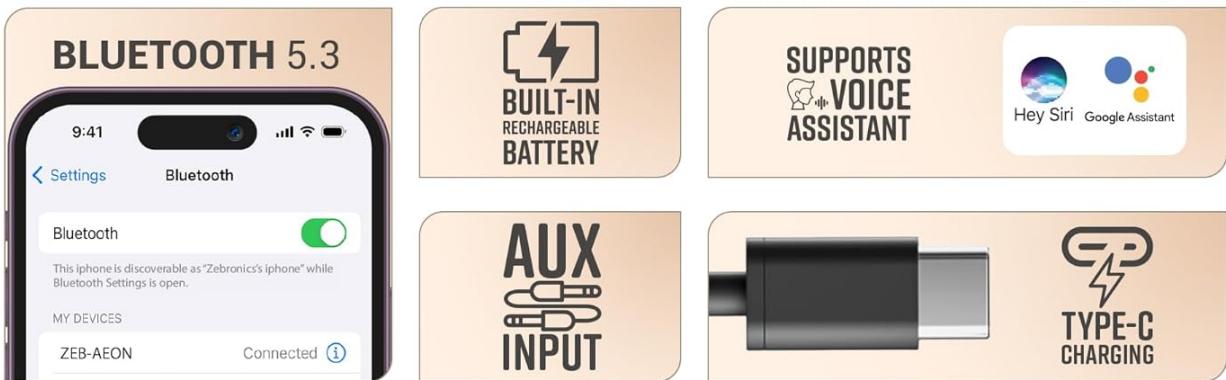

\*at 50% Volume

Visual representation of the rapid charging capability, showing 10 minutes of charge for 110 hours of backup.

## 2. Bluetooth Pairing

To connect your headphones wirelessly via Bluetooth:

1. Ensure the headphones are charged and powered off.
2. Press and hold the power button until the LED indicator flashes, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "ZEB-AEON" from the list of found devices.
5. Once connected, the LED indicator will stop flashing and remain solid.

An overview of connectivity options including Bluetooth 5.3, AUX input, and Type-C charging, along with voice assistant support.

### 3. AUX Connection

For a wired connection, use a 3.5mm audio cable (not included) to connect the headphone's AUX port to your audio device's 3.5mm jack. The headphones will automatically switch to AUX mode when a cable is inserted.

## Operating Instructions

### Basic Controls

- Power On/Off:** Press and hold the power button.
- Play/Pause:** Short press the multi-function button (usually the power button).
- Volume Up/Down:** Use the '+' and '-' buttons.
- Next/Previous Track:** Long press the '+' or '-' buttons.
- Answer/End Call:** Short press the multi-function button.
- Reject Call:** Long press the multi-function button.

## Gaming Mode

Activate the low-latency gaming mode for a more synchronized audio experience during gaming sessions. Refer to the specific button on your headphone for activating this mode (often indicated by a gaming icon or a dedicated button).

The headphones are shown with a graphic indicating the low-latency gaming mode feature.

## ENC (Environmental Noise Cancellation) & ANC (Active Noise Cancellation)

The ZEB-Aeon headphones feature both ENC and ANC technologies:

- **ENC:** Minimizes external noise during calls, ensuring clear communication.
- **ANC:** Actively reduces ambient noise, allowing you to focus on your audio content without distractions. Activate ANC using the dedicated ANC button on the headphone.

Visual highlighting the Environmental Noise Cancellation (ENC) feature and the 40mm audio drivers.

## Voice Assistant Support

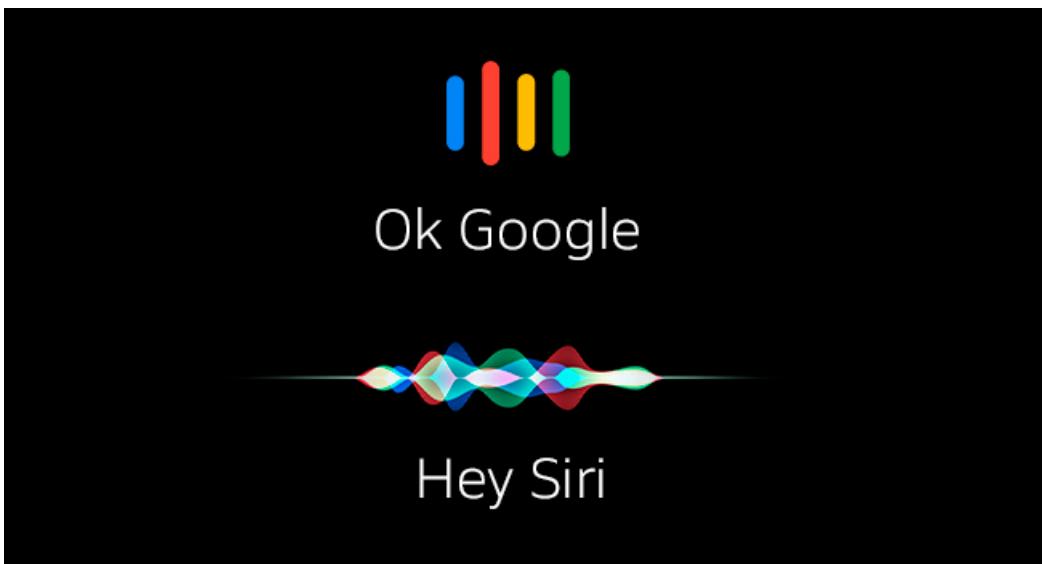

Activate your device's voice assistant (e.g., Google Assistant, Siri) directly from the headphones. Refer to the user manual for the specific button press to trigger the voice assistant.

Logos indicating compatibility with popular voice assistants like Google Assistant and Siri.

## Dual Pairing

The headphones support dual pairing, allowing you to connect to two different devices simultaneously. This feature enables seamless switching between audio sources without needing to disconnect and reconnect.

The headphones are shown connected to both a smartphone and a tablet, illustrating the dual pairing capability.

## Maintenance

- Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- Storage:** When not in use, store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures.
- Battery Care:** To preserve battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in use for extended periods.

## Troubleshooting

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Headphones do not power on	Low battery	Charge the headphones fully.
Cannot pair via Bluetooth	Headphones not in pairing mode / Device Bluetooth off / Interference	Ensure headphones are in pairing mode. Turn device Bluetooth off and on. Move closer to the device.
No sound	Volume too low / Not connected / Wrong audio source	Increase volume. Re-pair Bluetooth or check AUX connection. Ensure correct audio output is selected on your device.
ANC not effective	ANC not activated / Extreme noise levels	Ensure ANC is toggled on. ANC is designed to reduce consistent low-frequency noise, not all sounds.

## Specifications

Feature	Detail
Model Name	Zeb-Aeon
Connectivity Technology	Wireless (Bluetooth), Wired (AUX)
Wireless Communication Technology	Bluetooth
