# VeDO Hard Vibrator VI-R1213 Instruction Manual

Model: VI-R1213 | Brand: VeDO

## INTRODUCTION

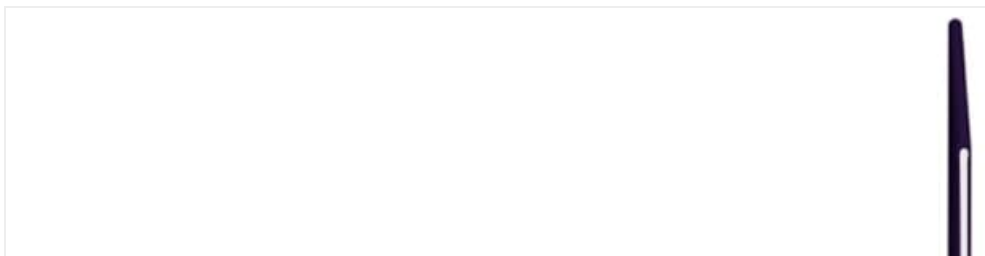

The VeDO Hard Vibrator is a rechargeable vibrating double C-ring designed for couples. It features 10 vibration modes and a powerful motor. Constructed from stretchy silicone, this device is designed to be one-size-fits-all. The smaller ring is intended for placement around the shaft, and the larger ring around the testicles, which may assist in reducing premature ejaculation. This device is fully submersible, making it suitable for use in water.

## PRODUCT FEATURES

- **Powerful Motor & 10 Vibration Modes:** Offers varied stimulation patterns.
- **Flexible Design:** Made from stretchy silicone for a comfortable, one-size-fits-all fit.
- **Double Ring Structure:** Features a smaller ring for the shaft and a larger ring for the testicles.
- **Waterproof & Submersible:** Suitable for use in water, with a waterproof charging port.
- **Rechargeable:** Includes a VeDO USB Group B charge cable. A full charge provides approximately 2 hours of use.
- **Easy One-Touch Control:** Simple operation for cycling through modes.
- **Travel Lock Feature:** Prevents accidental activation during transport.

AVANTAGE

VEDO

## hard

El anillo vibrador doble HARD es recargable y te ayuda a tener unas erecciones más fuertes y prolongadas. Los 10 modos de vibración y el motor superpotente harán que tu pareja quiera más. Este anillo vibrador doble tiene un diseño único y está hecho de silicona elástica, por lo que es de talla única. El anillo más pequeño se desliza por la verga y el más grande alrededor de los testículos, evitando una eyaculación prematura. Completamente sumergible, este anillo vibrador es adecuado para todo tipo de juegos acuáticos.

## SETUP

---

### Initial Charging

Before first use, fully charge your VeDO Hard Vibrator. Connect the provided USB Group B charging cable to the device's charging port and plug the USB end into a compatible USB power source (e.g., computer, wall adapter). A full charge typically takes approximately 2 hours and provides up to 2 hours of run time. Do not charge near water.

### First Use Preparation

Clean the device thoroughly with mild soap and water before its initial use and after each subsequent use. Ensure the device is completely dry before charging or storing.

## OPERATING INSTRUCTIONS

### **Power On/Off**

- To turn **ON**: Press and hold the ON/OFF button.
- To turn **OFF**: Press and hold the ON/OFF button until the toy shuts off.

### **Vibration Modes**

Once powered on, press the ON/OFF button repeatedly to cycle through the 10 available vibration modes.

## **Travel Lock Feature**

The travel lock feature prevents accidental activation during travel or storage.

- To **ACTIVATE**: Double-click the ON/OFF button. The device will vibrate twice, then shut off, indicating the travel lock is active.
- To **DEACTIVATE**: Double-click the ON/OFF button. The travel lock will deactivate. You can then press the ON/OFF button to cycle through vibration modes.

*Note: The travel lock feature will automatically deactivate when the device is charging.*

## **Application**

Apply a generous amount of water-based lubricant to the device and the desired area. The smaller ring is designed to slip around the shaft, and the larger ring around the testicles. Ensure a comfortable fit before activating the device.

## MAINTENANCE AND CARE

---

### Cleaning

Clean the VeDO Hard Vibrator thoroughly after each use with mild soap and warm water. Rinse completely and allow to air dry. Avoid using harsh chemicals or abrasive cleaners.

### Storage

Store the device in a clean, dry place away from direct sunlight and extreme temperatures. Keep it separate from other toys made of different materials to prevent material degradation.

## TROUBLESHOOTING

---

- **Device does not turn on:** Ensure the device is fully charged. Check if the travel lock feature is activated and deactivate it if necessary.
- **Vibrations are weak:** The battery may be low. Recharge the device.
- **Discomfort during use:** Ensure adequate water-based lubricant is used. Adjust the position of the device for optimal comfort. Discontinue use if persistent irritation occurs.
