# Surtime 36IN Low Profile Ceiling Fan User Manual

Brand: [Surtime](#) | Model: [36IN-6666](#)

## 1. INTRODUCTION

Thank you for choosing the Surtime 36IN Low Profile Ceiling Fan. This modern ceiling fan is designed for both indoor and covered outdoor patio use, offering versatile functionality with its integrated LED dimmable light, remote control, and smart APP control. Its DC reversible motor ensures efficient air circulation throughout the year, providing comfort and convenience.

*Image 1.1: Surtime 36IN Low Profile Ceiling Fan with remote and app interface.*

## 2. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- **Electrical Safety:** Always disconnect power at the main circuit breaker before installation or servicing. Ensure all wiring is done by a qualified electrician and complies with local electrical codes.
- **Installation:** Mount the fan securely to a ceiling joist or a suitable support structure capable of holding the fan's weight. Maintain proper clearance between fan blades and any obstructions.
- **Usage Environment:** This fan is suitable for indoor and covered outdoor patio use. It is **not waterproof** and should not be exposed to direct water or excessive moisture.
- **Blade Clearance:** Ensure fan blades are at least 7 feet (2.13 meters) from the floor and 30 inches (0.76 meters) from any wall or obstruction.
- **Children and Pets:** Keep children and pets away from the fan during operation.

### 3. PACKAGE CONTENTS

Verify that all components are present and undamaged before beginning installation:

- Fan Motor Assembly
- Hanging Board
- Blades (x5)
- Screws and Hardware Kit
- Remote Control
- Instruction Manual

## 4. SPECIFICATIONS

Feature	Specification
Brand	Surtime
Model Name	36IN-6666-Brown
Size	36 inches
Color	Brown
Material	Acrylic (Blades), Polycarbonate (Shade)
Voltage	110 Volts (90-265V)
Wattage	36 watts
Light Color Temperature	3000K-6500K (Dimmable)
Fan Speeds	6 speeds
Motor Type	DC Reversible Motor
Control Method	Remote Control, App Control
Installation Type	Flush Mount
Item Weight	5.9 pounds
Product Dimensions	3.94 x 3.94 x 3.94 inches

## 5. SETUP AND INSTALLATION

The Surtime ceiling fan features an innovative snap-in blade design for easy installation, saving you time and effort. Follow these steps for a smooth setup:

- Prepare the Mounting Location:** Ensure the power is off at the circuit breaker. Securely attach the hanging board to a ceiling joist or an approved electrical box capable of supporting the fan's weight.
- Connect Wiring:** Carefully connect the electrical wires from the ceiling to the fan's wiring according to the provided wiring diagram in the instruction manual. Use wire nuts to secure connections.
- Attach Fan Body:** Lift the fan body and secure it to the hanging board.
- Install Blades:** The wing-shaped blades snap directly into place without the need for additional screws, simplifying assembly.

5. **Secure Canopy:** Slide the canopy up to cover the wiring and mounting bracket, securing it with the provided screws.

## 6. OPERATING INSTRUCTIONS

---

Your Surtime ceiling fan can be controlled via the included remote control or a dedicated smartphone application.

### 6.1 Remote Control Operation

The remote control allows for easy adjustment of fan speed, light settings, and direction.

- **Fan Speed:** Choose from 6 different wind speeds to suit your comfort level.
- **Light Control:** Turn the light ON/OFF, adjust brightness from 10% to 100%, and select from three color temperatures (3000K Warm Light, 4500K Natural Light, 6000K White Light).
- **Reversible Motor:** Switch between downdraft mode for cooling in summer and updraft mode for circulating warm air in winter.
- **Timer Function:** Set the fan to turn off automatically after 2 or 4 hours.

## Remote Handy Remote Control

**Gear:** 6 speeds

**Color Temperature:** 3000K~6500K

**Timer:** 2H/4H

**Forward/Reversal:** yes

Image 6.1: Remote control layout and functions including 6 speeds, 3 color temperatures, and timer.

## THREE COLOR CEILING FAN LIGHT

Three Color Light with Memory Function Meet Your Needs

**3000K**  
Warm Light

**4500K**  
Natural Light

**6000K**  
White Light

*Image 6.2: Demonstrates the three adjustable light color temperatures: 3000K (Warm), 4500K (Natural), and 6000K (White).*

*Image 6.3: Visual representation of remote control buttons and their corresponding functions.*

### 6.2 APP Control Operation

For enhanced control, download the 'Fan Lamp Pro' application on your smartphone (iOS and Android compatible).

- **Download App:** Scan the QR code provided in the manual or on the product packaging to download the 'Fan Lamp Pro' app.
- **Pairing:** Turn on the main power to the fan. Within 5 seconds, continuously click the pairing button in the app until the fan light blinks twice, indicating a successful connection.
- **Full Control:** The app provides comprehensive control over fan speeds, light brightness, color temperature, and fan direction.
- **Smart Memory Function:** The fan remembers your last brightness and color settings if the light is turned off for at least 10 seconds.

## 7. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your Surtime ceiling fan.

- **Cleaning:** To clean the fan, wipe surfaces with a soft, damp cloth. Do not use abrasive cleaners or solvents that may damage the finish or electrical components.
- **Blade Cleaning:** Gently wipe the fan blades to remove dust buildup.
- **Light Maintenance:** The LED light kit is replaceable. Refer to the detailed instructions for replacement if needed.
- **Motor:** The DC motor is designed for quiet operation and requires no lubrication.

Image 7.1: Close-up of the LED light kit, highlighting its replaceable design for easy maintenance.

Image 7.2: Illustration of the silent and energy-efficient DC motor, which requires minimal maintenance.

## 8. TROUBLESHOOTING

If you encounter issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not operate	No power to the fan; Loose wiring; Remote control battery low; Fan not paired with remote/app.	Check circuit breaker; Verify all wire connections are secure; Replace remote battery; Re-pair fan with remote/app (refer to Operating section).

Problem	Possible Cause	Solution
Light does not work	Loose wiring; LED light kit faulty; Remote/app issue.	Check light wiring connections; Replace LED light kit; Ensure remote/app is controlling the light function correctly.
Fan makes noise	Loose screws on blades or mounting; Blades unbalanced.	Tighten all screws; Use balancing kit if necessary (included with some models).
Remote/App not responding	Battery low/dead; Out of range; Interference; Pairing issue.	Replace batteries; Move closer to the fan; Reduce interference from other devices; Re-pair the fan.
Fan wobbles	Loose mounting; Unbalanced blades.	Ensure mounting is secure; Balance blades using the provided kit.

If you cannot resolve the issue using the troubleshooting guide, please contact Surtime customer support for assistance.

## 9. WARRANTY AND SUPPORT

Surtime stands by the durability and performance of its products. Your ceiling fan comes with a worry-free **1-year warranty** on quality-related issues.

For any problems or inquiries, please do not hesitate to contact us. You can reach Surtime customer support by visiting the official Surtime Store on Amazon:
