jioeuinly Vortex Hd65 Ultra Case and Tempered Glass Screen Protector User Manual

Brand: jioeuinly | Model: GX23A10487

INTRODUCTION

Thank you for choosing the jioeuinly Vortex Hd65 Ultra Case and Tempered Glass Screen Protector. This manual provides essential information for the proper installation, operation, and maintenance of your new phone accessory. Please read these instructions carefully to ensure optimal protection and functionality for your Vortex Hd65 Ultra device.

WHAT'S IN THE BOX

- 1 x Vortex Hd65 Ultra Phone Case
- 1 x Tempered Glass Screen Protector

SETUP AND INSTALLATION

Installing the Phone Case

1. Ensure your Vortex Hd65 Ultra phone is clean and free of dust or debris.
2. Align the phone with the case, starting with the top or bottom edge.
3. Gently press the phone into the case, ensuring all corners are securely fitted. The case features a hard PC back panel and a soft silicone frame with four-corner shock airbags for enhanced protection.

Shockproof

2 in 1, hard PC + soft silicone
Four corner thickening
With Shock Airbags

Installing the Tempered Glass Screen Protector

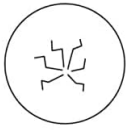

1. Clean your phone screen thoroughly using the provided cleaning wipes (if included) to remove all dust, smudges, and fingerprints.
2. Carefully peel off the protective film from the adhesive side of the tempered glass.
3. Align the screen protector precisely with your phone's screen, ensuring the cutouts for the camera and sensors match.
4. Gently lower the screen protector onto the screen. It will adhere automatically.
5. Use a clean cloth to gently press out any air bubbles from the center outwards.

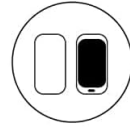

9H High Hardness

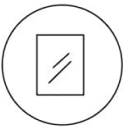

Perfect Adhesion

Shatterproof

Case Friendly

99.9% Super Transparency

Anti-fingerprint

OPERATING INSTRUCTIONS

Using the Ring Stand

The integrated metal finger ring on the back of the case provides multiple functionalities:

- **Secure Grip:** Insert your finger through the ring for a more secure hold on your phone, reducing the risk of accidental drops.
- **Kickstand Function:** Rotate the ring 360 degrees to position your phone at a comfortable viewing angle for hands-free media consumption.

One-Hand Operation

Touch more spots on the screen

Image: A hand holding a phone with the ring stand, illustrating how it enables easier one-hand operation and reach across the screen.

Luminous Effect

The case features a special luminous effect. After absorbing light from sunlight or artificial light sources, the case will emit a fluorescent glow in dark environments. The intensity and duration of the glow depend on the amount and duration of light absorbed.

Luminous effect style

Absorption of light and sunlight will produce a fluorescent effect in a dark environment.

Frosted surface, Scratch-free and fingerprint-free surface

Light Absorbing Layer

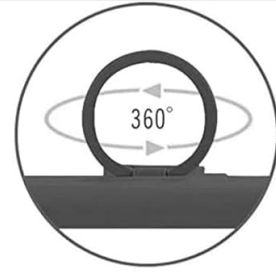

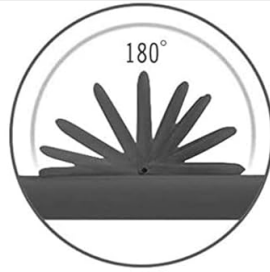

Ultra HD print pattern layer

PC rugged protective backplate

Image: A visual representation of the phone case exhibiting its luminous effect in a dark setting after absorbing light.

Magnetic Car Mount Compatibility

The metal ring on the back of the case is designed to be compatible with magnetic car mounts. This allows for easy attachment to a magnetic car holder (not included) for navigation or hands-free calls while driving. Please note that this case does not support wireless charging due to the metal ring.

SUPPORT MAGNETIC CAR MOUNT

Not include magnetic car mount,
not support wireless charging.

MAINTENANCE

To keep your phone case and screen protector in optimal condition:

- Clean the case regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive materials.
- For the screen protector, use a microfiber cloth to wipe away fingerprints and smudges.
- Avoid exposing the case to extreme temperatures or direct prolonged sunlight, which may affect the luminous properties or material integrity.

TROUBLESHOOTING

- **Case Fit Issues:** If the case does not fit perfectly, ensure you have the correct model for your Vortex Hd65 Ultra phone. Re-align and gently press the phone into the case.
- **Screen Protector Bubbles:** Small bubbles after installation can often be pushed out to the edges with a soft cloth. For persistent bubbles, gently lift the nearest edge of the protector and reapply slowly.
- **Luminous Effect Not Visible:** Ensure the case has been exposed to sufficient light (sunlight or strong artificial light) for a period of time to charge its luminous properties.
