5. OPERATING INSTRUCTIONS

The HomeBeyond vanity base is designed for convenient storage in your bathroom.

5.1 Using Drawers and Doors

- **Drawers:** The vanity features one drawer with dovetail construction and smooth-gliding slides. Pull the drawer handle to open and push to close. Avoid forcing the drawer if it encounters resistance.
- **Doors:** The cabinet includes two doors equipped with soft-close hinges. Gently push the doors to close; the soft-close mechanism will engage to prevent slamming.

6. MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your vanity base.

- **Cleaning:** Wipe the surfaces with a damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals, abrasive pads, or solvents, as these can damage the finish.
- **Spills:** Immediately wipe up any water spills or moisture to prevent damage to the engineered wood material.
- **Hardware:** Periodically check all screws and connections to ensure they remain tight. Tighten as needed.
- **Hinges and Slides:** The soft-close hinges and drawer slides are designed for durability. If they become stiff, a small amount of silicone-based lubricant can be applied, but typically they require no maintenance.

7. TROUBLESHOOTING

If you encounter issues with your vanity base, refer to the following common solutions:

- **Doors or Drawers Not Closing Properly:** Check if the vanity is level. Adjust the base legs if necessary. For doors, adjust the soft-close hinges. For drawers, ensure nothing is obstructing the slides and that the slides are properly aligned.
- **Loose Hardware:** Periodically inspect and tighten all screws and fasteners. Do not overtighten.
- **Scratches or Dents:** Minor scratches can sometimes be touched up with a furniture repair marker matching the brown finish. For significant damage, contact customer support for advice.
- **Water Damage:** If the vanity comes into prolonged contact with water, dry it immediately. If swelling or discoloration occurs, this may indicate permanent damage. Prevent future exposure to excessive moisture.

If problems persist, contact HomeBeyond customer support for further assistance.
