2. SAFETY INFORMATION

Please observe the following safety guidelines to ensure safe use and longevity of your chairs:

- **Maximum Weight Limit:** The maximum weight capacity for each chair is 400 lbs (181 kg). Do not exceed this limit to prevent injury or damage to the chair.
- Ensure all screws and fasteners are securely tightened before use and periodically check for looseness.
- Do not stand on the chairs.
- Keep children away from the assembly area during installation.
- Use the chairs only on a flat, stable surface.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Upholstered Seat Cushion (2)
- Metal Leg Frame (2)
- Assembly Screws (8)
- Hex Key (1)
- Adjustable Protective Mats (8)

4. ASSEMBLY INSTRUCTIONS

Assembly is simple and can be completed in a few minutes. Follow these steps carefully:

1. **Prepare the Components:** Unpack all components and lay them out on a clean, soft surface to prevent scratching.
2. **Align the Base:** Take one upholstered seat cushion and one metal leg frame. Align the screw holes on the metal base with the corresponding holes on the underside of the cushion. Ensure the front (34.5 cm / 13.6 inch) and back (31.5 cm / 12.4 inch) dimensions of the leg frame match the cushion.
3. **Secure with Screws:** Insert the assembly screws into the aligned holes. Using the provided hex key, secure them firmly. Tighten each screw one by one, ensuring even pressure.
4. **Install Protective Mats:** Turn the chair upright. Install the adjustable protective mats into the bottom of each chair leg. These mats protect your floor and allow for minor height and level adjustments to ensure stability.

6. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your chairs:

- **Cleaning:** For daily cleaning, wipe the faux leather surface with a soft, damp cloth. For spills, blot immediately with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Dusting:** Regularly dust the chair frame and legs with a soft, dry cloth.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the faux leather to fade or crack. Position chairs away from direct sunlight if possible.

- **Avoid Sharp Objects:** Keep sharp objects away from the faux leather to prevent punctures or tears.
- **Check Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as necessary.

7. TROUBLESHOOTING

Here are solutions to common issues you might encounter:

| Problem | Possible Cause | Solution |
|----------------------------|---|--|
| Chair wobbles | Uneven floor; loose screws; protective mats not adjusted. | Adjust the protective mats at the bottom of the legs until stable. Check and tighten all assembly screws. |
| Squeaking noise | Loose connections between frame and seat. | Tighten all assembly screws. If persistent, disassemble and reassemble, ensuring all parts are correctly aligned. |
| Difficulty cleaning stains | Stain has set; incorrect cleaning agent. | For fresh stains, blot immediately. For tougher stains, use a mild soap solution on a damp cloth, then wipe with a clean damp cloth and dry thoroughly. Test on an inconspicuous area first. |
