Linique 30"(Door on Right)

Linique 30" Bathroom Vanity with Sink Combo Set

Model: 30"(Door on Right) | Brand: Linique

INTRODUCTION

Thank you for choosing the Linique 30" Bathroom Vanity with Sink Combo Set. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new bathroom vanity. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

General safety precautions must be observed during assembly and use of this product. Failure to follow these guidelines may result in injury or damage to the product.

- **Proper Installation:** Ensure the vanity is installed correctly and securely according to the provided assembly instructions. Improper installation can lead to instability and potential hazards.
- **Heavy Item:** The vanity is heavy (approximately 101.6 pounds). It is recommended that two or more people assist with lifting and moving the unit to prevent injury.
- **Pinch Points:** Keep fingers and other body parts clear of closing drawers and cabinet doors, especially those with soft-closing mechanisms, to avoid pinching.
- **Small Parts:** During assembly, keep all small parts and hardware out of reach of children and pets to prevent choking hazards.
- **Water Exposure:** While designed for bathroom use, avoid excessive water exposure to the wood frame. Promptly wipe away any spills to prevent water damage.
- **Ventilation:** Ensure adequate ventilation in the bathroom to prevent moisture buildup, which can affect the vanity's longevity.

PRODUCT OVERVIEW

The Linique 30" Bathroom Vanity with Sink Combo Set is a modern and functional addition to any bathroom. It features a solid wood frame, a ceramic sink, and ample storage solutions designed for convenience and durability.

Key Features:

- **Stylish and Modern Design:** Enhances the aesthetic of your bathroom with its sleek, contemporary look.

- **Ample Storage Space:** Includes two functional drawers, a convenient tip-out drawer, and a soft-closing cabinet door with an integrated organizer.
- **Sturdy Construction:** Built with a solid wood frame for stability and long-lasting durability.
- **Soft-Closing Mechanisms:** Drawers and the cabinet door feature soft-closing hardware for smooth, quiet operation and extended product life.
- **Separate Ceramic Basin:** A glossy countertop with plumbing access holes for easy installation of your faucet (faucet not included).

SETUP AND INSTALLATION

This Linique bathroom vanity requires assembly. All necessary hardware and detailed instructions are included with your purchase. Please follow the step-by-step guide provided in the packaging for proper assembly and installation.

- **Unpacking:** Carefully unpack all components and check against the parts list provided in the assembly guide to ensure nothing is missing or damaged.
- **Tools Required:** Gather any necessary tools as specified in the assembly instructions (e.g., screwdrivers, wrenches).
- **Assembly Location:** Assemble the vanity in a clear, spacious area, preferably near its final installation location, to minimize moving the assembled unit.
- **Two-Person Assembly:** Due to the weight and size of the vanity, it is highly recommended that two adults perform the assembly and installation.
- **Freestanding Installation:** This vanity is designed for freestanding installation. Ensure the floor is level and stable before placing the unit.
- **Plumbing Connections:** Consult a qualified plumber for all water supply and drainage connections to the sink. Ensure all connections are watertight to prevent leaks.

INCH

OPERATION

The Linique bathroom vanity is designed for ease of use and efficient storage.

- **Drawers:** The two main drawers operate on smooth slide rails, allowing for easy opening and closing. They are ideal for storing larger bathroom essentials.
- **Tip-Out Drawer:** The top, shallow drawer is a tip-out design, perfect for small items like toothbrushes, toothpaste, or other frequently used toiletries.
- **Soft-Closing Cabinet Door:** The main cabinet door features a soft-closing hinge mechanism. This ensures the door closes gently and quietly, preventing slamming and reducing wear and tear.
- **Cabinet Door Organizer:** Utilize the integrated organizer on the inside of the cabinet door for convenient access to smaller bottles or accessories.
- **Adjustable Shelf:** The interior shelf within the main cabinet can be adjusted to accommodate items of various

heights, maximizing your storage flexibility.

MAINTENANCE

Regular cleaning and proper care will help maintain the appearance and functionality of your Linique bathroom vanity.

- **Wood Frame:** Wipe the wood surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive water, as these can damage the finish. Dry immediately after cleaning.
- **Ceramic Sink:** Clean the ceramic sink with a non-abrasive bathroom cleaner and a soft sponge or cloth. Rinse thoroughly with water. Avoid strong acids or alkalis that could etch the surface.
- **Hardware:** Periodically check and tighten any loose screws on handles, hinges, and drawer slides. Clean metal hardware with a soft, dry cloth.
- **Soft-Closing Mechanisms:** These mechanisms are generally maintenance-free. If you notice any issues with smooth closing, ensure no obstructions are present in the drawer slides or hinges. Do not apply lubricants unless specifically recommended by the manufacturer.
- **Spills:** Immediately wipe up any water spills or splashes on the vanity surfaces to prevent water damage and

staining.

TROUBLESHOOTING

This section addresses common issues you might encounter with your bathroom vanity.

- **Drawers are Sticking or Not Closing Smoothly:**
 - Check if the drawer is overloaded or if items are obstructing the slide mechanism.
 - Ensure the drawer slides are properly aligned and securely fastened to both the drawer and the cabinet frame.
 - Verify that the vanity itself is level on the floor. Uneven surfaces can affect drawer operation.
- **Cabinet Door Not Closing Properly or Soft-Close Not Working:**
 - Check for any obstructions preventing the door from closing fully.
 - Inspect the hinges for any looseness or misalignment. Tighten screws if necessary.
 - Ensure the soft-closing mechanism on the hinge is not damaged or jammed.
- **Water Leaks from Sink/Plumbing:**
 - Immediately turn off the water supply.
 - Inspect all plumbing connections (faucet, drain, supply lines) for proper sealing and tightness.
 - If you are unsure, contact a qualified plumber to diagnose and fix the leak.
- **Minor Scratches or Dents on Wood Surface:**
 - For minor blemishes, touch-up pens or furniture repair kits matching the vanity's finish may be used.
 - Always test any repair product on an inconspicuous area first.
