UBeesize TBC001

UBeesize 12-inch Ring Light with Overhead Phone Mount

Model: TBC001 | Brand: UBeesize

1. PRODUCT OVERVIEW

The UBeesize 12-inch Ring Light with Overhead Phone Mount is designed to provide professional-grade lighting for various content creation needs. Its versatile design includes an adjustable arm, a secure desk clamp, and a universal phone holder, making it ideal for video recording, live streaming, photography, and more.

2. WHAT'S IN THE BOX

- 12-inch Ring Light
- Overhead Mount
- Phone Holder
- Remote
- Ball Head

3. SETUP INSTRUCTIONS

3.1 Assembly Steps

1. **Secure the Desk Clamp:** Tighten the screws to firmly attach the desk clamp onto a table surface. The upgraded desk clamp can accommodate tabletops up to 2.5 inches thick.
2. **Insert Tripod Arm:** Insert the tripod arm into the hole in the middle of the desk clamp. Rotate the knob to tighten it securely.
3. **Attach Ring Light:** Rotate the ring light and mount it onto the articulated arm. The flexible metal arm allows for free positioning at any angle.
4. **Install Phone Holder:** Insert the L-shaped phone holder into the ring light. The 360-degree rotatable 1/4" ball head provides versatile compatibility for smartphones, webcams, compact cameras, GoPros, and microphones.

Wide Compatibility

Fits Phones, Webcams, GoPro

iPhone Mini

iPhone 15 Pro Max

Pixel 7 Pro

S23 Ultra

GoPro

Microphone

4. OPERATING INSTRUCTIONS

4.1 Adjusting Light Settings

The LED ring light offers three color temperatures: crisp white, natural daylight, and warm yellow. It also features 10 adjustable brightness levels. Use the inline remote control to customize the color tone and luminance to suit your specific shooting requirements.

Image: Demonstrates the ring light's ability to switch between different color temperatures and brightness levels.

4.2 Positioning the Flexible Arm and Phone Mount

The adjustable metal gooseneck stand is durable and allows you to freely position the ring light and phone holder at any angle. The ring light is securely mounted on the arm and can be easily repositioned with a simple pull. The 360-degree rotatable 1/4" ball head on the phone mount provides

greater flexibility for capturing various shots, including overhead photography.

5. MAINTENANCE

To ensure the longevity and optimal performance of your UBeesize Ring Light, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the ring light and stand with a soft, dry cloth. Avoid using abrasive cleaners or solvents that could damage the finish or electronic components.
- **Storage:** When not in use, collapse the flexible arm and store the ring light in a dry, cool place away from direct sunlight and excessive moisture.
- **Cable Care:** Avoid sharp bends or kinks in the USB power cable to prevent internal damage.

6. TROUBLESHOOTING

If you encounter any issues with your UBeesize Ring Light, please refer to the following common troubleshooting steps:

- **Light Not Turning On:** Ensure the USB cable is securely connected to both the ring light and a functional power source. Try a different USB port or power adapter.
- **Remote Control Not Connecting:** Make sure Bluetooth is enabled on your smartphone and the remote control is in pairing mode. Refer to your phone's Bluetooth settings for pairing instructions.
- **Unstable Mount:** Double-check that all knobs and screws on the desk clamp and articulated arm are tightened firmly. Ensure the tabletop thickness is within the supported range (up to 2.5 inches).
- **Phone Not Holding Securely:** Verify that your phone is properly seated in the phone holder and the holder is adjusted to the correct width for your device.
