Operating Instructions

This dining set is designed for seating and dining purposes. Ensure proper use to maintain its integrity and safety.

- **Weight Capacity:** The dining table has a maximum load-bearing capacity of 300 lbs. Each chair and the bench have a maximum load-bearing capacity of 250 lbs. Do not exceed these limits.
- **Placement:** Place the dining set on a flat, level surface to prevent wobbling.
- **Movement:** When moving the table or chairs, lift them rather than dragging to prevent damage to the legs or floor.
- **Heat Protection:** Always use placemats or coasters under hot dishes to protect the tabletop surface from heat damage.

Maintenance and Care

Proper care will extend the life and appearance of your dining set.

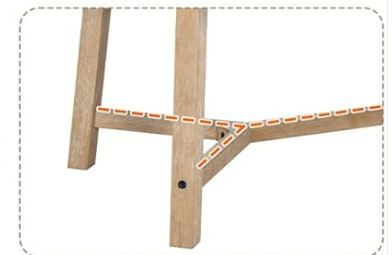

- **Cleaning:** Wipe the wood surfaces with a dry cloth. For upholstered parts, spot clean with a mild fabric cleaner as needed. Avoid harsh chemicals or abrasive cleaners.

- **Humidity:** Maintain a stable humidity level in the room to prevent wood from warping or cracking.
