- 1 Car Seat Cum Carrycot Unit

Please ensure all components are present and undamaged upon unpacking.

4. SETUP AND INSTALLATION

4.1 Unpacking

Carefully remove the car seat from its packaging. Retain the packaging and this manual for future reference.

4.2 Handle Position Adjustments

The handle of the Bonfino Ritzy Car Seat Cum Carry Cot can be adjusted to three different positions to facilitate its various functions:

1. **Carry Cot and Car Seat Mode:** The handle is in the upright position, allowing for easy carrying and secure installation in a vehicle.
2. **Rocker Mode:** The handle is rotated backward, allowing the base of the unit to rock gently.
3. **Stable & Feeding Mode:** The handle is rotated fully forward and down, acting as a stabilizer to prevent rocking, ideal for feeding or stationary use.

4.3 Car Seat Installation (Rear-Facing)

To install the car seat in your vehicle:

1. Place the car seat on the vehicle seat in a rear-facing position. Ensure the handle is in the upright 'Carry Cot and Car Seat' position.
2. Route the vehicle's lap and shoulder belt through the designated belt guides on the car seat. Refer to the labels on

the car seat for correct belt path.

3. Buckle the vehicle's seat belt and pull the shoulder belt to remove all slack, ensuring the car seat is tightly secured and does not move more than one inch side-to-side or front-to-back at the belt path.
4. Ensure the car seat is reclined at the correct angle for your infant, typically indicated by a level indicator on the seat.

4.4 Canopy Attachment

The retractable canopy provides essential shade. To attach or adjust, simply slide the canopy into the designated slots on the handle or frame until it clicks into place. Adjust its position by pulling it forward or pushing it back.

5. OPERATING INSTRUCTIONS

5.1 Using as a Car Seat

Once installed in your vehicle, place your infant in the car seat. Ensure the harness straps are at or below your child's shoulders for rear-facing. Fasten the buckle and tighten the harness until it is snug against your child's body, with no slack.

You should not be able to pinch any excess webbing at the child's shoulder.

5.2 Using as a Carry Cot

When using as a carry cot, ensure the handle is in the upright carrying position. Always use both hands to lift and carry the cot. Ensure your child is securely fastened with the harness even when carrying short distances.

5.3 Using as a Rocker

To use the unit as a rocker, adjust the handle to the 'Rocker Mode' position (refer to Section 4.2). Place the unit on a flat, stable surface. The curved base will allow for gentle rocking motion. Always supervise your child when in rocker mode.

5.4 Adjusting the Safety Harness

The safety harness should always be adjusted to fit snugly against your child. To tighten, pull the adjustment strap located at the front of the seat. To loosen, press the harness release button (usually red) and pull the shoulder straps outwards. Ensure the chest clip is positioned at armpit level.

6. CARE AND MAINTENANCE

Proper care and maintenance will extend the life of your Bonfino Premium Ritzy Car Seat Cum Carry Cot.

- **Cleaning the Fabric Cover:** The premium linen fabric cover is removable and machine washable. Refer to the care label on the fabric for specific washing instructions (typically cold water, gentle cycle, air dry).

- **Cleaning the Frame:** Wipe down the plastic and metal parts of the frame with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Harness Care:** Wipe the harness straps with a damp cloth. Do not machine wash or submerge harness straps, as this can weaken the webbing.
- **Storage:** When not in use, store the car seat in a clean, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

If you encounter any issues with your Bonfino Premium Ritzy Car Seat Cum Carry Cot, please refer to the following common solutions:

- **Harness not tightening:** Ensure the harness straps are not twisted and are routed correctly through the seat back. Check for any obstructions in the tightening mechanism.
- **Car seat feels loose in vehicle:** Re-read the installation instructions (Section 4.3) and ensure the vehicle's seat belt is pulled taut, removing all slack. Apply pressure to the car seat while tightening the belt.
- **Canopy not staying in place:** Ensure the canopy is fully clicked into its attachment points. Check for any damage to the canopy frame or attachment mechanism.

If the problem persists or you have a concern not listed here, please contact Bonfino customer support for assistance.
