2. PRODUCT OVERVIEW AND FEATURES

The Klipsch FLEXUS-200-SOUNDBAR is a 3.1.2 channel sound system designed to deliver an immersive audio experience. It integrates advanced audio technology and connectivity options for versatile use.

Key Features:

- **Powered by Onkyo:** Incorporates Onkyo electronic expertise for enhanced performance.
- **Custom Tuned Sound:** Features dual upfiring drivers, a horn-loaded center channel, and built-in dual subwoofers for rich, full sound.
- **Immersive Dolby Atmos:** Provides spatial audio for a theater-like sound experience.
- **Crystal Clear Dialogue:** A dedicated horn-loaded center channel ensures clear voice reproduction.
- **App Control:** Manage settings, equalizer, channel levels, night mode, dialog boost, and surround mode via the Klipsch Connect App.
- **Expandable System:** Easily integrate additional subwoofers and/or surround speakers to enhance your audio setup.
- **Connectivity:** Supports HDMI eARC and Bluetooth 5.3 for various audio sources.

3. SETUP

3.1 Unpacking

Carefully remove all components from the packaging. Ensure the following items are present:

- Klipsch FLEXUS-200-SOUNDBAR
- Power Cable
- Remote Control (if included, not specified in data)
- HDMI Cable (if included, not specified in data)

3.2 Placement

For optimal audio performance, place the soundbar centrally below your television. Ensure there are no obstructions in front of the soundbar that could block the sound output. Maintain a clear space around the soundbar for proper ventilation.

3.3 Connections

1. **HDMI eARC Connection:** Connect one end of an HDMI cable to the HDMI eARC port on the soundbar and the other end to the HDMI eARC/ARC port on your television. This connection supports high-quality audio transmission and allows your TV remote to control basic soundbar functions.
2. **Power Connection:** Connect the power cable to the soundbar's power input and then plug it into a wall outlet.

3. **Optional Connections:** If expanding your system, refer to the specific instructions for connecting additional subwoofers or surround speakers.

3.4 Initial Power On

After making all necessary connections, press the power button on the soundbar or the remote control to turn on the device. The soundbar should automatically detect the input source. If not, manually select the input using the soundbar controls or the Klipsch Connect App.

4. OPERATION

4.1 Basic Controls

The soundbar features integrated controls on its top panel for basic functions:

- **Power Button:** Turns the soundbar on or off.
- **Volume Up/Down:** Adjusts the master volume.
- **Input Select:** Cycles through available audio inputs (e.g., HDMI, Bluetooth).

Image 4.1: Top view of the soundbar showing integrated controls.

4.2 Bluetooth Pairing

1. Press the Bluetooth input button on the soundbar or remote control. The Bluetooth indicator will begin to flash.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "Klipsch FLEXUS-200" from the list of devices.
4. Once paired, the Bluetooth indicator on the soundbar will glow solid.

4.3 Klipsch Connect App

Download the Klipsch Connect App from your device's app store. The app provides advanced control over your soundbar, including:

- Equalizer settings customization.
- Individual channel level adjustments.
- Activation of Night Mode for reduced dynamic range.
- Dialog Boost for enhanced vocal clarity.
- Selection of surround sound modes.
- Overall volume control.

4.4 Sound Modes

The FLEXUS-200-SOUNDBAR supports various sound enhancements:

- **Dolby Atmos:** Provides a multi-dimensional sound experience. Ensure your content and source device support Dolby Atmos for this feature to be active.
- **Dialog Boost:** Enhances the clarity of spoken words, useful for movies and TV shows.
- **Night Mode:** Reduces the intensity of loud sounds and boosts quiet sounds, ideal for late-night listening.

5. MAINTENANCE

To ensure the longevity and optimal performance of your soundbar, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the exterior surfaces of the soundbar. Avoid using liquid cleaners, aerosols, or abrasive materials, as they may damage the finish.
- **Ventilation:** Ensure that the ventilation openings on the soundbar are not blocked. Proper airflow prevents overheating.
- **Storage:** If storing the soundbar for an extended period, disconnect it from power and store it in a cool, dry place, away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your Klipsch FLEXUS-200-SOUNDBAR, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No power	Power cable not connected or outlet not active.	Ensure the power cable is securely connected to the soundbar and a working power outlet.
No sound	Incorrect input selected, volume too low, or cable issue.	Verify the correct input source is selected. Increase the volume. Check HDMI or other audio cables for secure connection.
Bluetooth not connecting	Soundbar not in pairing mode, device too far, or interference.	Ensure the soundbar is in Bluetooth pairing mode. Move the device closer to the soundbar. Try unpairing and re-pairing the device.
Remote control not working	Batteries depleted or obstruction.	Replace remote control batteries. Ensure no objects are blocking the line of sight between the remote and the soundbar.

8. WARRANTY AND SUPPORT

Your Klipsch FLEXUS-200-SOUNDBAR comes with a manufacturer's warranty. Additionally, this product may be bundled with an Amber Protection Plan.

8.1 Manufacturer's Warranty

The product includes a full 2-year manufacturer warranty. Please retain your proof of purchase for warranty claims.

8.2 Amber Protection Plan

If purchased, the Amber Protection Plan provides extended coverage beyond the manufacturer's warranty. Benefits typically include:

- Mechanical & Electrical Failures coverage.
- Power Surge Protection.
- Access to a nationwide network of service providers.
- 24/7/365 Customer Support.

Plan Commencement: All plans begin from the date of purchase and are inclusive of the manufacturer's limited coverage. Benefits such as Power Surge Protection and Mechanical & Electrical Failures (if purchased) begin on Day 1.

Eligibility: Electronics with at least a 90-day manufacturer limited coverage in the United States are eligible.
