Refill Installation Guide

Follow these steps to correctly install your new fragrance refill into the Ceeniu CF8 Car Aroma Diffuser:

1. Ensure your Ceeniu CF8 Car Aroma Diffuser is turned off and disconnected from any power source.
2. Carefully open the diffuser unit to access the refill compartment. Refer to your diffuser's specific manual for opening instructions if needed.
3. Remove the empty fragrance refill bottle from the diffuser.

4. Unpack the new Ceeniu CF8 Scenic Fragrance Refill (Cherry Blossom).
5. Insert the new refill bottle securely into the designated compartment within the diffuser. Ensure it is properly seated to prevent leaks and ensure proper misting.
6. Close the diffuser unit.
7. Reconnect the diffuser to its power source and turn it on.

Operating Your Ceeniu CF8 Car Aroma Diffuser

Once the Cherry Blossom refill is installed, your Ceeniu CF8 Car Aroma Diffuser is ready for use. The diffuser features intelligent operation:

- **Automatic Activation:** The diffuser is equipped with motion sensors. It will automatically activate and begin misting when it detects movement in the car and the car is turned on.
- **Misting Intervals:** The diffuser releases fragrance every 5 to 7 minutes, ensuring a consistent and pleasant aroma.
- **LED Indicator:** The diffuser glows blue at night, indicating active operation.
- **Rechargeable Battery:** The diffuser is fully rechargeable and can be charged while in operation.
- **Secure Placement:** The diffuser features a rubberized base to prevent slipping on your car's dashboard.

Note: This manual describes the operation of the diffuser unit. For detailed controls and settings, please refer to the main Ceeniu CF8 Car Aroma Diffuser user manual.

Maintenance and Care

- **Refill Replacement:** Replace the fragrance refill when the scent diminishes or the diffuser indicates an empty cartridge. The 1200-spray refill is designed for long-term use, with typical durations varying based on usage mode (e.g., strong mode lasts approximately 100 hours, weak mode lasts approximately 140 hours).
- **Cleaning:** Periodically wipe the exterior of your diffuser with a soft, dry cloth to remove dust. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store unused fragrance refills in a cool, dry place away from direct sunlight.

Troubleshooting Common Issues

- **No Scent/Weak Scent:**
 - Check if the refill is empty and replace if necessary.
 - Ensure the refill is correctly installed and seated firmly in the diffuser.
 - Verify the diffuser is powered on and operating (check for blue light/misting).
- **Diffuser Not Misting:**
 - Confirm the diffuser is charged and turned on.
 - Ensure the car is on and movement is detected for automatic activation.
 - Check for any obstructions in the misting nozzle.
- **Unusual Odor:**
 - Ensure only genuine Ceeniu CF8 refills are used.
 - Clean the diffuser unit as per maintenance instructions.

If issues persist, please contact Ceeniu customer support.
