### 3.2. Initial Power-On and Network Connection

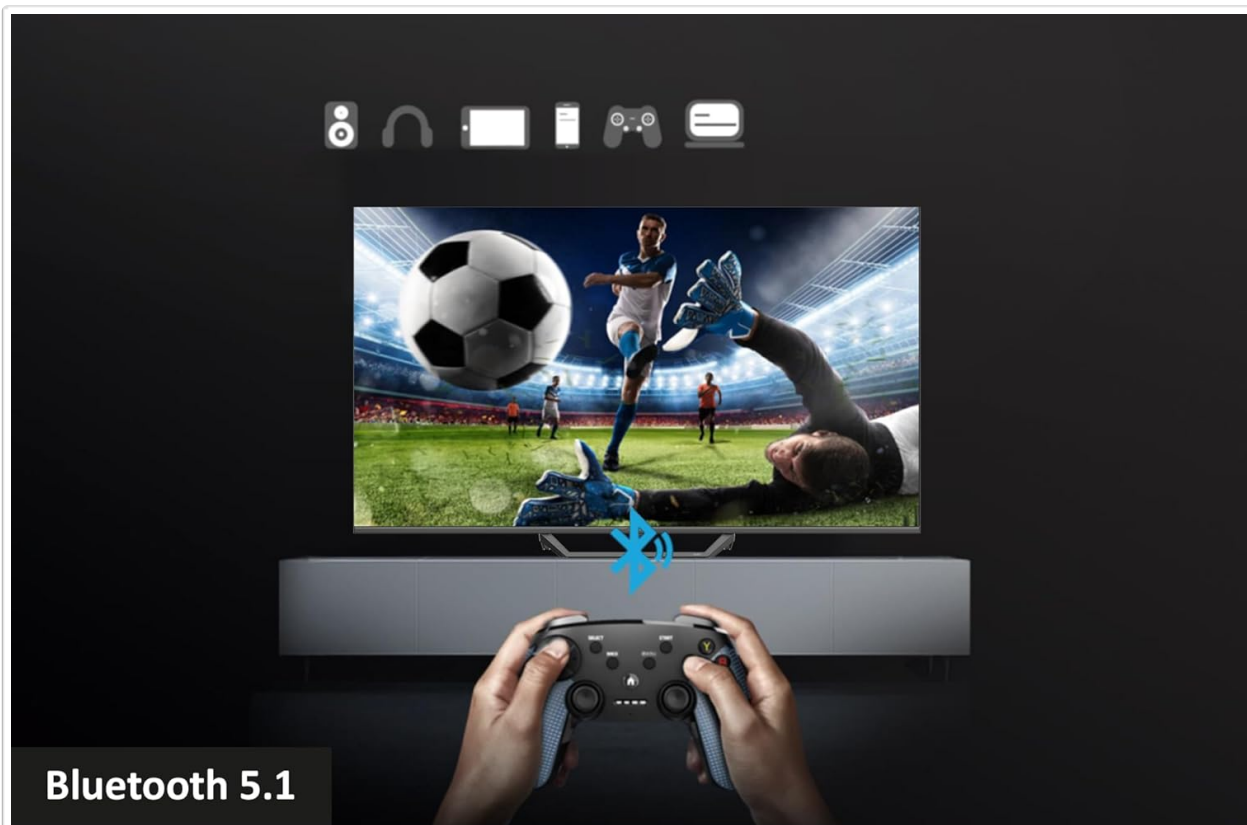

Connect the power cable to the TV and a wall outlet. Press the power button on the remote control or the TV itself. Follow the on-screen instructions to select your language, country, and connect to your Wi-Fi network. For a stable connection, an Ethernet cable can also be used.

The TV supports Wi-Fi and Ethernet connectivity for internet access. For optimal performance, ensure your router is within range and provides a strong signal.

### 3.3. Connecting External Devices

Your Haier QLED TV is equipped with multiple HDMI 2.1 ports, USB ports, and other connectivity options.

- **HDMI:** Connect Blu-ray players, gaming consoles, or set-top boxes. The HDMI 2.1 ports support high refresh rates and resolutions.
- **USB:** Insert USB drives for media playback.
- **Bluetooth 5.1:** Pair wireless headphones, keyboards, or game controllers for enhanced usability.

For audio, you can select sound modes (e.g., Standard, Music, Movie, Speech) and fine-tune equalizer settings.

## 5. MAINTENANCE

---

### 5.1. Cleaning Your TV

Always unplug the TV before cleaning. Use a soft, dry, lint-free cloth to gently wipe the screen and cabinet. For stubborn marks on the screen, lightly dampen the cloth with water or a specialized screen cleaner. Never spray cleaner directly onto the screen.

### 5.2. Software Updates

Your Haier Smart TV may receive software updates to improve performance and add new features. It is recommended to enable automatic updates or periodically check for updates in the TV's settings menu to ensure you have the latest software version.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
No Power	Power cable not connected; Power outlet not working.	Ensure power cable is securely connected. Test the outlet with another device.
No Picture/Sound	Incorrect input source; External device not powered on or connected properly.	Check the input source (HDMI 1, 2, etc.). Verify external device connections and power.
Remote Control Not Working	Batteries are low or incorrectly inserted; Obstruction between remote and TV.	Replace batteries. Remove any obstructions. Ensure line of sight to the TV's IR sensor.
Wi-Fi Connection Issues	Incorrect password; Router issues; TV too far from router.	Re-enter Wi-Fi password. Restart your router. Move TV closer to router or use Ethernet.
Slow Performance/App Crashes	Too many apps running; Insufficient memory.	Close unused applications. Restart the TV. Check for system updates.

If the problem persists after trying these solutions, please contact Haier Customer Support.
