

vimitty OTH-AB305

vimitty Magnetic Phone Stand User Manual

Model: OTH-AB305

1. INTRODUCTION

Thank you for purchasing the vimitty Magnetic Phone Stand. This versatile device combines a 5,000mAh power bank, a stable phone stand, and a comfortable shooting grip, designed to enhance your mobile experience. It provides hands-free viewing, convenient wireless charging, and improved stability for photography and videography.

2. PRODUCT OVERVIEW

Familiarize yourself with the components of your vimitty Magnetic Phone Stand:

- **Magnetic Charging Pad:** Securely holds and wirelessly charges compatible phones.
- **Integrated 5,000mAh Battery:** Provides portable power for on-the-go charging.
- **Ergonomic Grip Handle:** Designed for comfortable and stable handheld use, especially for shooting.
- **1/4" Screw Mount:** Located at the base, allows attachment to tripods or other camera accessories.
- **USB-C Charging Port:** For recharging the internal battery.
- **Power Button:** Activates/deactivates the device and checks battery status.
- **Shutter Button:** Connects via Bluetooth for remote photo/video capture.
- **LED Battery Indicators:** Displays remaining battery life.

3. SETUP

3.1 Initial Charging

Before first use, fully charge your vimity Magnetic Phone Stand. Connect the provided USB-C cable to the charging port on the device and plug the other end into a compatible USB power adapter (not included). The LED battery indicators will illuminate to show charging progress and current battery level.

3.2 Bluetooth Pairing (for Shutter Function)

To use the remote shutter button:

1. Ensure the vimity Magnetic Phone Stand is powered on.
2. On your smartphone, go to Bluetooth settings.
3. Search for available devices and select "vimity" to pair.
4. Once paired, the shutter button on the stand can be used to remotely trigger your phone's camera.

4. OPERATING INSTRUCTIONS

4.1 Magnetic Attachment & Wireless Charging

Simply align your compatible iPhone (12/13/14/15 series) or MagSafe-enabled case with the magnetic charging pad on the stand. The strong magnets will securely snap your device into place, initiating wireless

charging. The stand can charge your phone while you are using it.

No need to worry about magnetic

1 Metal Ring is included to enhance magnetic

iPhone 12/13/14/15 series
All phone with magsafe case

iPhone 11 and below model
Other android phone
All phone with non-magnetic case

Figure 4.1: Compatibility options for magnetic attachment, including the use of a metal ring for non-MagSafe devices.

4.2 Using as a Desk Stand

Place the vimity Magnetic Phone Stand on any flat surface. The stable design allows you to use your phone hands-free for watching videos, making video calls, or browsing. The magnetic connection allows for easy rotation between portrait and landscape orientations.

Figure 4.2: The stand functions as a stable desktop companion for various activities.

4.3 Using as a Shooting Grip

Hold the ergonomic grip handle for a more stable and comfortable shooting experience. The 1/4" screw mount at the base allows you to attach the stand to a tripod, monopod, or other camera accessories for professional-grade stability.

5. COMPATIBILITY

This power bank is optimized for the iPhone 12/13/14/15 series with 10W magnetic fast charging capabilities. While it can charge Android devices such as Samsung and Google phones, they will not support the magnetic feature or achieve the 10W wireless charging speed, and will charge at a lower efficiency. A metal ring is included for enhanced magnetic connection with non-MagSafe cases or other devices.

Compatible Phone Models: Samsung Galaxy S23/S24 (for charging, magnetic feature not supported).

What's in the box	Cable, Metal Ring

7. MAINTENANCE

- Keep the device clean by wiping it with a soft, dry cloth.
- Avoid exposing the device to extreme temperatures, moisture, or direct sunlight.
- Do not disassemble the device. This will void the warranty and may cause damage.
- Store in a cool, dry place when not in use.
- Be aware that strong magnets can desensitize magnetic stripe cards (e.g., credit cards). Keep such cards away from the magnetic charging pad.

8. TROUBLESHOOTING

Problem	Possible Cause / Solution
---------	---------------------------

<p>Device not charging phone wirelessly.</p>	<ul style="list-style-type: none"> ◦ Ensure the phone is correctly aligned with the magnetic charging pad. ◦ Verify your phone is compatible with magnetic wireless charging (iPhone 12/13/14/15 series or MagSafe-enabled case). ◦ Check if the stand's internal battery has sufficient charge (refer to LED indicators). ◦ If the stand is connected to AC power, some models may not charge the phone simultaneously. Disconnect from AC power to use the internal battery for wireless charging.
<p>Shutter button not working.</p>	<ul style="list-style-type: none"> ◦ Ensure the stand is powered on. ◦ Verify Bluetooth is enabled on your phone and the stand is successfully paired. ◦ Check your phone's camera app settings for remote shutter compatibility.
<p>Phone not securely attaching.</p>	<ul style="list-style-type: none"> ◦ Ensure your phone or case has MagSafe compatibility. ◦ If using a non-MagSafe phone/case, ensure the included metal ring is properly attached to enhance magnetic connection.

9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the product packaging or contact vimitty customer service directly through the retailer's platform where you purchased the product. Please retain your proof of purchase for warranty claims.
