saschedross AC Adapter for POPULO LRT-8/LRT-4

saschedross AC Adapter Instruction Manual

For POPULO LRT-8 and LRT-4 Cordless Rotary Tools

1. Introduction

This manual provides essential instructions for the safe and effective use of your saschedross AC Adapter. This adapter is designed as a replacement power supply unit (PSU) for charging the 8V 2.0Ah battery of POPULO LRT-8 and LRT-4 cordless rotary tools. Please read this manual thoroughly before use and retain it for future reference.

2. Safety Instructions

To prevent injury or damage to the product, always follow these safety precautions:

- **Do not expose the adapter to water or moisture.** Use only in dry indoor environments.
- **Ensure the input voltage matches your local power supply (110V AC).** Incorrect voltage can damage the adapter and connected device.
- **Do not disassemble or modify the adapter.** There are no user-serviceable parts inside.
- **Avoid using the adapter if the cord or plug is damaged.** Contact support for a replacement.
- **Keep the adapter away from heat sources and direct sunlight.**
- **Always unplug the adapter from the power outlet when not in use or before cleaning.**
- **Use only with compatible devices as specified.** This adapter is specifically for POPULO LRT-8 and LRT-4 cordless rotary tools.

3. Setup

Follow these steps to set up your AC adapter:

1. **Inspect the Adapter:** Before first use, visually inspect the adapter and its cable for any signs of damage.
2. **Connect to Rotary Tool:** Locate the charging port on your POPULO LRT-8 or LRT-4 cordless rotary tool. Insert the 2-pin connector of the AC adapter firmly into the tool's charging port.
3. **Connect to Power Outlet:** Plug the AC adapter's power plug into a standard 110V AC wall outlet.

Once connected, the tool's charging indicator (if present) should activate, indicating that the battery is charging.

Image 1: The saschedross AC Adapter. This image shows the adapter's main body and the 2-pin connector, ready for connection to a compatible device.

4. Operating

This AC adapter functions as a charger for the internal battery of your POPULO LRT-8 or LRT-4 cordless rotary tool.

- **Charging Process:** Once connected as described in the 'Setup' section, the adapter will begin charging the tool's 8V 2.0Ah battery. The charging time will vary depending on the battery's current charge level. Refer to your rotary tool's manual for specific charging duration and indicator light behavior.
- **Charging Completion:** Disconnect the adapter from the tool and the wall outlet once the battery is fully charged to prolong battery life and conserve energy.
- **Power Supply:** This adapter provides a 5VDC output, which is the specified input for charging the compatible rotary tools.

5. Maintenance

Proper maintenance ensures the longevity and performance of your AC adapter:

- **Cleaning:** Use a soft, dry cloth to wipe the adapter. Do not use liquid cleaners or solvents.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use. Avoid wrapping the cable too tightly around the adapter.
- **Cable Care:** Do not bend, twist, or pull the cable excessively. This can damage the internal wires.

6. Troubleshooting

If you encounter issues with your AC adapter, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Tool not charging	Adapter not properly connected to tool or outlet.	Ensure both ends of the adapter are securely plugged in. Try a different wall outlet.
No power indicator on adapter/tool	Faulty wall outlet or adapter.	Test the outlet with another device. If the outlet works, the adapter may be faulty.
Adapter feels hot	Normal operation or excessive load.	A slight warmth is normal during charging. If it's excessively hot, disconnect immediately and contact support. Ensure adequate ventilation.

If the problem persists after trying these solutions, please contact customer support.

7. Specifications

Technical details of the saschedross AC Adapter:

- **Brand:** saschedross
- **Manufacturer:** Shenzhen Waweis Technology Co., Ltd
- **Input Voltage:** 110 Volts (AC)
- **Output Voltage:** 5VDC (as per product description for compatible PSU)
- **Connector Type:** 2-Pin
- **Color:** Black
- **Compatible Devices:** POPULO LRT-8, POPULO LRT-4, LRT8, LRT4 Cordless Rotary Tool (8V 2.0Ah Battery)
- **Special Feature:** High Quality

8. Support

For further assistance, technical support, or inquiries regarding your saschedross AC Adapter, please refer to the contact information provided by your retailer or the manufacturer.
