4. MAINTENANCE

General Care

- Keep the controller clean by wiping it with a soft, dry cloth.
- Avoid exposing the controller to extreme temperatures, humidity, or direct sunlight.
- Do not disassemble the controller, as this may void the warranty.

Battery Care

- Charge the controller regularly, even if not in frequent use, to maintain battery health.
- Avoid playing games while the controller is charging to prevent potential overheating or damage.

5. TROUBLESHOOTING

Connection Issues

- **Controller not connecting:** Ensure you are using the correct button combination for your device's pairing mode (e.g., "B" + "Power" for iOS, "RB" + "Power" for Xbox, "RT" + "Power" for Switch).
- **Bluetooth not found:** Make sure Bluetooth is enabled on your device and the controller is in pairing mode (lights flashing). Try restarting both the controller and your device.
- **Intermittent connection:** Ensure there are no obstructions between the controller and your device. Keep the devices within close proximity.

Low Battery Indication

When the battery is low, the indicator light on the controller will flash quickly. Recharge the controller promptly to avoid interruption during gameplay.

Controller Shuts Off Automatically

The controller is designed to conserve power and will automatically turn off if there are no operations within five minutes. This is normal behavior. Simply press the "Power" button for 2 seconds to turn it back on.
