3. SETUP GUIDE

3.1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Use the provided magnetic charging cable.

1. Connect the USB end of the charging cable to a standard USB power adapter (5V/1A recommended) or a computer's USB port.
2. Align the magnetic pins of the charging cable with the charging contacts on the back of your smartwatch. The cable will snap into place.
3. The watch display will indicate charging status. Allow approximately 2-3 hours for a full charge.

3.2. App Installation and Pairing

To unlock all features and synchronize data, connect your smartwatch to your smartphone via the companion application.

1. **Download the App:** Search for the official Fire-Boltt companion app on your smartphone's app store (Google Play Store for Android, Apple App Store for iOS). Install the application.

2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.

3. **Open the App:** Launch the Fire-Boltt app and follow the on-screen instructions to create an account or log in.

4. **Add Device:** Within the app, navigate to the 'Add Device' or 'Pair Device' section. The app will search for nearby smartwatches.

5. **Select Your Smartwatch:** From the list of found devices, select 'Fire-Boltt Vintage' or 'BSW174'.

6. **Confirm Pairing:** A pairing request may appear on both your phone and smartwatch. Confirm the pairing on both devices.

7. **Grant Permissions:** Grant necessary permissions (e.g., notifications, location, contacts) to the app for full functionality.

Bluetooth Calling

QUICK ACCESS DIAL PAD | CALL HISTORY | SYNC CONTACTS

4. OPERATING THE SMARTWATCH

4.1. Basic Navigation

The Fire-Boltt Vintage Smartwatch features a 39.1mm (1.52 inch) TFT full-touch display and four physical buttons for navigation.

- **Touchscreen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Physical Buttons:** The four buttons provide quick access to various functions such as power on/off, menu, back, and specific modes. Refer to the watch's on-screen prompts for specific button assignments in different contexts.

4.2. Bluetooth Calling

Once paired with your smartphone, you can make and receive calls directly from your smartwatch.

- **Making Calls:** Access the dial pad or contact list on your watch to initiate a call.
- **Receiving Calls:** When a call comes in, the watch will display the caller ID. You can answer or reject the call from your wrist.
- **Call History:** View your recent call history directly on the smartwatch.

4.3. Health Monitoring

The smartwatch includes a comprehensive health suite to help you monitor your well-being.**Note: This device is not a medical device and should not be used for medical diagnosis or treatment.**

- **Heart Rate Monitoring:** Continuously or on-demand measure your heart rate.
- **SpO2 Monitoring:** Measure your blood oxygen saturation levels.
- **Sleep Tracking:** Monitor your sleep patterns, including deep sleep, light sleep, and wake times.
- **Activity Reminders:** Receive reminders to move if you've been sedentary for too long.
- **Hydration Reminders:** Set reminders to drink water throughout the day.

4.4. Multiple Sports Modes

Track your workouts with various built-in sports modes.

- Select your desired sport (e.g., running, walking) from the sports mode menu.

- The watch will record relevant data such as duration, calories burned, and steps.

Image: The smartwatch screen showing a list of sports modes, with options like 'Recommend', 'Run', and 'Walk' highlighted.

4.5. Smart Features

Enhance your daily routine with these convenient smart features:

- **Smart Notifications:** Receive alerts for calls, messages, and app notifications directly on your wrist.
- **Weather Updates:** Get current weather information.
- **Camera Control:** Remotely control your smartphone's camera.
- **Music Control:** Play, pause, skip tracks, and adjust volume for music playing on your phone.
- **Find My Phone:** Locate your misplaced smartphone by triggering an alarm from your watch.
- **Do Not Disturb (DND) Mode:** Silence notifications during specific times.
- **Dial Switching:** Customize your watch face from a variety of options.
