4. SETUP AND PREPARATION

To prepare your cleaning solution, follow these steps:

1. Fill a spray bottle with warm water.
2. Drop one Splash Spray Multi-Purpose Cleaning Tablet into the warm water.
3. Allow the tablet to fully dissolve. Warm water is crucial for proper dissolution and effectiveness; cold water may reduce the cleaning power.

6. MAINTENANCE

After each use, rinse the spray bottle and nozzle with clean water to prevent residue buildup and ensure optimal performance for future cleaning tasks.

7. TROUBLESHOOTING

- **Tablets not dissolving:** Ensure you are using warm water. Cold water can prevent the tablets from dissolving properly, which may reduce their cleaning effectiveness.
- **Sprayer not working or leaking:** Check the spray nozzle for any blockages or loose connections. Ensure the bottle is securely tightened. If issues persist, the sprayer mechanism may be faulty.
